

**ORIGINAL
STATE/MUNICIPAL FINANCIAL
AGREEMENT FOR A STATE- LET
HIGHWAY PROJECT**

Date: March 21, 2024
I.D.: 4640-07-00_70/71
Road Name: STH 28
Title: Washington/Business DR, C Sheboygan
Limits: CTH TA – Wilson Ave
County: Sheboygan
Roadway Length: 1.45 Miles

The signatory **City of Sheboygan**, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility - Describe and give reason for request: This facility is a connecting highway. The proposed improvement is located on STH 28 within the City of Sheboygan from the east side of CTH TA intersection to 0.13 miles north of Wilson Avenue intersection. STH 28 consists of 4 lane urban cross section with curb, gutter, and intermittent sidewalk sections.

Proposed Improvement - Nature of work: The project is a perpetuation improvement project, anticipating a resurfacing level treatment which includes milling existing asphalt pavement, concrete repair/replacement, spot curb and gutter repair, storm sewer repair, replacing non-compliant curb ramps, and asphalt overlay. It's anticipated that the entire roadway width from CTH TA to CTH OK will be resurfaced. Only the eastbound lanes of STH 28 from CTH OK to Wilson Ave will be resurfaced.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: Any items added to the construction projects per the request of the municipality will be the financial responsibility of the municipality including any utility adjustment/work (sanitary or water). Non-Participating work will be determined as this project continues through the scoping and design process.

TABLE 1: SUMMARY OF COSTS

Phase	Total Est. Cost	Federal/State Funds	%	Municipal Funds	%
Preliminary Engineering: ID 4640-07-00 Plan Development	\$274,800	\$206,100	75%	\$68,700	25%
¹ Construction: ID 4640-07-70 CTH TA - CTH OK Category 010 - Roadway	\$1,760,000	\$1,760,000	100%	\$0	0%
<i>ID 4640-07-70 Construction Subtotal</i>	\$1,760,000				
¹ Construction: ID 4640-07-71 CTH OK - Wilson Avenue Category 010 - Roadway	\$785,900	\$ 785,900	100%	\$0	0%
<i>ID 4640-07-70 Construction Subtotal</i>	\$785,900				
Total Cost Distribution	\$ 2,820,700	\$ 2,752,000		\$ 68,700	

1. Estimates includes construction engineering.

This request shall constitute agreement between the Municipality and the State; is subject to the terms and conditions that follow (pages [2] – [4]); is made by the undersigned under proper authority to make such request for the designated Municipality, upon signature by the State, and delivery to the Municipality. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

- The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality’s foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.

2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:
 - (a) Design engineering and state review services.
 - (b) Real Estate necessitated for the improvement.
 - (c) Compensable utility adjustment and railroad force work necessitated for the project.
 - (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.
 - (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.
 - (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.
 - (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.
 - (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.
 - (i) Replacement of existing driveways, in kind, necessitated by the project.
 - (j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.
3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:
 - (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.
 - (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.
 - (c) Roadway and bridge width in excess of standards.
 - (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.
 - (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.
 - (f) Parking lane costs.
 - (g) Coordinate, clean up, and fund any hazardous materials encountered during construction. All hazardous material cleanup work shall be performed in accordance to state and federal regulations.
 - (h) Damages to abutting property due to change in street or sidewalk widths, grades, or drainage.
 - (i) Conditioning, if required, and maintenance of detour routes.
 - (j) Repair of damages to roads or streets caused by reason of their use in hauling materials incidental to the improvement.

4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs.
5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State in behalf of the project.
6. The work will be administered by the State and may include items not eligible for federal/state participation.
7. The Municipality shall assume general responsibility for all public information and public relations for the project and to make a fitting announcement to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the projects.
8. Basis for local participation:
 - (a) Design Engineering (ID 4640-07-00): The Municipality will be responsible for 25% of the design for the anticipated resurfacing improvement project. The design amount shown on the table above will be further defined as the project continues through the scoping and design process.
 - (b) Construction Engineering (ID 4640-07-70 and 4640-07-71): Non-participating construction costs and cost share will be further defined as this project continues through the scoping and design process. Any additional work per the request of the Municipality will be funded by the Municipality.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.
