

Electrical Work Proposal – Library Board (7/17/2024)

First proposal – Install quad receptacles and data cables to the East and West side of main floor column. The column would be used as a backstop for self-checkout units or catalog computers. Cost **\$2200**

Second proposal – Add poke thru floor box and cut in wall receptacle to predetermined third floor locations. Cost **\$3,000**

Funding for both projects would be charged back to building maintenance account.
