RE: South 13th Street and Kentucky Avenue Right of Way Encroachment Request
Sheboygan Self Storage, LLC
1234 Kentucky Avenue
Sheboygan, WI 53081

Pursuant to the request of the owner, we are formally petitioning the City of Sheboygan to consider the defined **557 square foot encroachment** within South 13th Street and Kentucky Avenue. The petition is being made to address three key components as defined below.

EXISTING BUILDING STRUCTURE

As defined within the boundary survey generated by Cedar Creek Surveying as part of the proposed redevelopment of the property, it was determined that the existing building currently encroaches within the South 13th Street Right of Way and the Kentucky Avenue Right of Way. A portion of the proposed Encroachment petition would address the current building being within the both Right of Way.

PROPOSED EMERGENCY EGRESS

The existing (4) story building will be broken into multiple uses. The topography of the site defines Kentucky Avenue as being one story higher than the City of Sheboygan alleyway on the north side of the building. The grade transition occurs along the east and west sides of the building. The first floor, which is below the existing Kentucky Avenue grade line, will be self-storage which only requires access from the existing loading dock area at the northeast corner of the building. The second and fourth floors are designated for office space use and the third floor is designated for additional self-storage. Two internal stair towers have been constructed, one on the east side of the building and one on the west. The east stair tower allows for access 'at grade' through an existing man-door at the southeast corner of the building (Kentucky Avenue). Due to the grade transition along South 13th Street, the existing grade outside of the west second floor stair toward is approximately 3-feet lower. The encroachment petition includes a 5-foot x 5-foot poured concrete landing and stairs directed south down to existing grade.

PROPOSED SUN SHADE

As part of the proposed exterior architectural finishes to upgrade/enhance the overall appearance of the building, a four foot wide sun shade feature is being added. The proposed sun shade would be located at the southwest corner of the building, extending 34-foot east along Kentucky Avenue and 44-foot north along South 13th Street. It is to be constructed at the approximate third floor. That would translate to being approximately 13-feet above the existing Kentucky Avenue sidewalk

If any additional information is required, please feel free to contact our office to discuss.

Sincerely,

Joseph Bronoski
