Permission: I hereby give the City permission to enter and inspect the property at reasonable times, to evaluate this notice and application, and to determine compliance with any resulting permit coverage.			
Name of Owner/Authorized Representative (please print) BRENDAN R. GROH	Title MR.	Phone Number (920) 912-0579	
Signature of Applicant <i>Brendan R. Groh</i>		Date Signed 02-12-2025	

Complete application is to be filed with the Building Inspection Department, 828 Center Avenue, Suite 208. Variances to zoning ordinances are considered by the City of Sheboygan Zoning Board of Appeals monthly on the third Wednesday at 3 p.m. at a public hearing. To be placed on the agenda of Zoning Board of Appeals, application must be received no later than 4:30 p.m. on the third Wednesday of the month prior to the scheduled public hearing. Applications will not be processed if all required attachments and filing fee of \$250 (payable to the City of Sheboygan) are not submitted along with a complete and legible application. Application filing fee is non-refundable.

Members of the Board,

I am requesting a variance at the property of 3836 S 11th St. in Sheboygan, WI. The request which I am asking for is about a parking slab that would be located on the south side of the garage and extend to the property line to the south. This parking slab would run the length of the garage, west to east, and angle into the existing driveway on the south portion of the driveway. I intend to store a utility trailer on this parking slab to comply with the city of Sheboygan's rule that anything being stored or parked, such as a camper, boat or trailer, must be parked on a concrete slab. Currently, a 3' set back from the property line is set within the code. Due to the width of the lot, from the garage to the lot line, and the width of the utility trailer I own, I would be unable to comply with the 3' set back and would need the full width of the yard from the garage to lot line. Also, due to the location of the house to the lot line on the north side of the property, being far too narrow to use for this application, I believe the south side of the garage is the most practical place in which a parking slab could be placed. The garage at this property is used to store both vehicles my wife and I own. If I were to put a trailer in the garage it prevents space for the vehicles. This would cause a safety concern for my wife and myself not being able to park in the garage to unload groceries or safely enter the house from that garage with the overhead door shut. (As a Merchant Marine I spend several months away from home, thus my wife is alone for several months as well.) I feel that there would be no harm to the public if this variance were to be granted.

Thank you,

A handwritten signature in black ink, appearing to read "Brendan R. Groh". The signature is fluid and cursive, with a large initial "B" and "G".

Brendan R. Groh

Proposed parking slab at 3836 S 11th St. Sheboygan, WI

- Parking slab will be poured on top of compacted crushed stone.
- Parking slab will be reinforced with wire mesh rebar through out the slab.
- Parking slab will be poured at least 4" thick with Portland Cement.

Parking slab will meet all current building code for the City of Sheboygan.

View looking west on S 11th St. of the front of proposed parking slab location.

Garage and driveway located to the right in this view, lot line to the left.

Sidewalk and tree easement area along with S 11th St. seen at the bottom.

Proposed parking slab indicated in orange; Lot line indicated in Pink.

View looking west from the front of proposed parking slab location at curb.

Garage and driveway located to the right in this view, lot line to the left.

Sidewalk located in the bottom of this view, along with tree easement area.

Proposed parking slab indicated in orange; Lot line indicated in Pink.

View looking easting from the back of proposed parking slab location.

Garage located to the left in this view, lot line to the right.

Proposed parking slab indicated in orange; Lot line indicated in Pink.
