City of Sheboygan

attn: Tim Bull City Forester

While I appreciate the opportunity to have
a tree in my front yard I am requesting
not to have it placed in my NORTH
facing house. I get limited sun in my
front window. I also since moving
back to Sheboygan 8 years ago - 5 pipes
broke in street - tearing up street and
sidewalk on my property. I see in
town what a tree does to sidewalk
here in many locations on the southside.
I also do not need any more leaves on
my property to clean up from neighborhood
trees in front of peoples houses.
Also backing out of my driveway is
dangerous enough with the curves on
both ends of Kansas Avenue 21st & 22nd St
Please take that tree and plant it
where someone really needs it - not a
NORTH facing house!

To Appeal tree planting
on my North facing property

I was born in this city 1952 - grad - South "D"
Lived here until 2001 - then Mayville, WI
Came back here in 2017 as family lives here
still - so I do know what goes on in this
city (nick Not to me I say sorry more) city
has many more areas to beautify
with out trees in my land that access North
Not much son! and my tax \$
