Dear Mr. Trueblood:

Your project manager prepared the following documents for your Safe Drinking Water Loan Program (SDWLP) loan closing:

1. SDWLP Loan Closing Schedule - Attachment 1
2. Financial Assistance Agreement Summary/Distribution Sheet - Attachment 2
3. Financial Assistance Agreement (FAA)

To close the loan on September 9, 2026, we need to follow the Loan Closing Schedule (Attachment 1).

The City of Sheboygan has three (3) working days upon receipt of wired SDWLP funds to do one or more of the following:

1. Pay the project invoices identified in the SDWLP disbursement request.
2. Reimburse an internal municipal account from which eligible project costs were paid. This reimbursement must adhere to current U.S. Treasury Regulations.
3. Disburse payments to the bank or financial institution for projects that are being refinanced.

Execution of the FAA creates a binding obligation in all respects. Any negotiation of terms and conditions or determinations must occur prior to adoption of the Municipal Obligation Resolution and execution of the enclosed FAA document.

The Project Manager Summary Page (Exhibit F of the FAA) further explains certain assumptions and decisions affecting preparation of your FAA.

Please contact your project manager, Sarah Bolitho, at 608-960-2927, for assistance with execution of the FAA, Request for Disbursement (Form 8700-215), or other SDWLP documents.

Thank you for your interest in the Safe Drinking Water Loan Program.

After consulting DNR, DOA may collect all amounts due by deducting those amounts from any state payments due the municipality or may add a special charge to the amount of taxes apportioned to and levied upon the county under s. 70.60. DOA collects amounts due, it shall remit those amounts to the fund to which they are due and notify DNR of that action.

(y) The Municipality acknowledges that the State reserves the right upon default by the Municipality hereunder to have a receiver appointed to collect Property Owner Loan repayments from the operation of the Municipality's Property Owner Loan Program.

ARTICLE III LOAN PROVISIONS

Section 3.01. Loan Clauses

(a) Subject to the conditions and in accordance with the terms of this FAA, the SDWLP hereby agrees to make the Loan and the Municipality agrees to accept the Loan. The SDWLP shall pay for the Municipal Obligations in lawful money of the United States, which shall be disbursed as provided in this FAA.

(b) Prior to disbursement, Loan proceeds shall be held by the SDWLP or by the Trustee for the account of the SDWLP. Earnings on undisbursed Loan proceeds shall be for the account of the SDWLP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.05 hereof.

(c) The Loan shall bear interest at the rate of zero and 250/1000ths percent (0.250%) per annum, and interest shall accrue and be payable only on Loan principal amounts actually disbursed on the Municipal Obligations from the date of disbursement until the date such amounts are repaid or forgiven.

(d) Disbursements of Financial Assistance shall generally be made: first in the form of Loan disbursements that include the applicable percentage of Principal Forgiveness up to \$2,679,600; and second, if the Principal Forgiveness cap has been reached, in the form of Loan disbursements on the Municipal Obligations. Principal Forgiveness will be applied at the time of Loan disbursement.

(e) The Department of Administration shall maintain a Loan Disbursement Table on its website <http://eif.doa.wi.gov/start.asp>. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the SDWLP and the Municipality agree that such entries shall be mutually binding.

(f) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Municipal Obligations.

(g) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the SDWLP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Property Owner Loan Program, including the Special Charges, and the Municipality shall agree that, if revenues from the Property Owner Loan Program are insufficient to meet annual debt service requirements, the Municipality shall, in recognition of and consideration for the public health benefit rendered to the Municipality by the Property Owner Loan Program by financing the elimination of lead from the public drinking water supply, pay the Property Owner Loan Program an amount sufficient to meet annual debt service requirements as provided in and subject to the conditions set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations, and any other debt obligations payable from the revenues of the Property Owner Loan Program then outstanding. The Municipal Obligations are also secured as provided in Section 3.07 hereof.

Section 3.03. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Municipal Obligations is disbursed and that the full amount of Principal Forgiveness available is applied to the Loan on September 9, 2026. It is understood that the actual amounts of the Municipality's Municipal Obligations payments shall be based on the actual dates and amounts of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than twelve (12) years from the date of this FAA and shall mature and be fully amortized not later than twelve (12) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.04. Sale and Redemption of Municipal Obligations

(a) Municipal Obligations may be prepaid with prior written consent of the SDWLP. The SDWLP has sole discretion to withhold such consent. Advance notice of prepayment requests must be submitted to doaeif@wisconsin.gov. Only electronic prepayments will be accepted and payments must occur on the published DNR and DOA disbursement dates.

(b) The Municipality shall pay all costs and expenses of the SDWLP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the SDWLP and any investment losses incurred or sustained by the SDWLP resulting directly or indirectly from any such prepayment.

(c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.

(d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.05. Disbursement of Financial Assistance

- (a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.

- (c) The SDWLP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
 - (1) If the Financial Assistance is not yet fully disbursed, and SDWLP funds were previously disbursed for costs not eligible for SDWLP funding or not eligible under this FAA, the SDWLP shall make necessary adjustments to future disbursements.
 - (2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for SDWLP funding or not eligible under this FAA, the Municipality agrees to repay to the SDWLP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The SDWLP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).
- (e) The SDWLP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.
- (f) Disbursement to the Municipality beyond ninety-five percent (95%) of the total Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:
 - (1) DNR is satisfied that the Project has been completed, and DNR has approved all change orders relating to the Project;
 - (2) the Municipality certifies to DNR its acceptance of the Project from its contractors, if applicable;
 - (3) the Municipality certifies in writing to DNR its compliance with applicable Federal requirements (certification must be as prescribed on Exhibit E);

- (2) is not complying with or is in violation of any provision set forth in this FAA; or
- (3) is not in compliance with the Statute or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

- (i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.
- (ii) Project work may be suspended.
- (iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.
- (iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the SDWLP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

- (1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the SDWLP under this FAA. Stats.
- (2) The SDWLP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the SDWLP's benefit of the Project and the Municipality's Property Owner Loan Program and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

Section 3.07. Security for the Municipal Obligations In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Property Owner Loan Program (which is a dedicated source of revenue); and

(b) other than as already pledged to the Parity Obligations, which the SDWLP consents to being payable on a parity basis with the Municipal Obligations, the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's Property Owner Loan Program or other revenues pledged under Section 3.07(a) above, to any person other than the SDWLP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality's Property Owner Loan Program revenue obligations.

Section 3.08. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date, and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.09 shall be deposited in the Equity Fund established pursuant to the Program Resolution.

ARTICLE IV

CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance When utilizing a municipally-bid contract the Municipality agrees to maintain property and liability insurance for the Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the SDWLP upon request at any time during the term of this FAA.

In the event the Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Loan or to repair or replace the Project.

Section 4.02. Construction of the Project

(a) The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application. The Municipality or the applicable private property owners shall proceed with the construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto.

(b) During construction of the Project, if a private Lead Service Line is replaced that results in creation of a partial Lead Service Line due to the public portion of the Service Line also containing lead, the SDWLP shall not provide funding for the private Lead Service Line replacement until the public side of the Service Line has also been replaced.

(c) Pitcher filters or point-of-use filtration that has been certified to NSF/ANSI 53 for the reduction of lead shall be provided from the start of replacement until at least six months following completion of the replacement. The Municipality shall attempt to replace a Service Line in its entirety within 45 days of the start of construction on the Lead Service Line. In no case shall the full replacement period exceed 180 days.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under any municipally-bid construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality or the applicable property owner shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. At or prior to completion of the Project, the Municipality shall cause to be prepared for the Project documentation which will include, for each replacement:

- (1) .property address,
- (2) .property type (residential, school, daycare, commercial, other),
- (3) .original Service Line material,
- (4) .new Service Line material; and
- (5) .Service Line ownership (public, private, both).

(c) As applicable, the Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project, the Municipality shall:

- (1) complete and deliver to DNR the documentation described in section 4.04(b) above;
- (2) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit E of this FAA; and

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the SDWLP may allocate additional financial assistance to the Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Statute and Regulations. The allocation of additional financial assistance shall depend upon availability of funds pursuant to the Statute and the Regulations.

(b) In the event this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs

as may be in excess of available Financial Assistance, and shall not be entitled to any reimbursement thereof from the SDWLP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the SDWLP pursuant to an amendment of this FAA or through a separate financial assistance agreement.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the SDWLP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, plans and specifications, or other documents, or the inspection of Project construction by DNR, does not relieve the Municipality of its responsibility to properly plan, design, and build the Project as required by laws, regulations, permits, and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, indemnity, or other contractual requirements from any party performing Project work.

Section 6.04. Amendments, Supplements, and Modifications This FAA may be amended, supplemented, or modified to provide for additional financial assistance for the Project by the SDWLP to the Municipality or for other purposes. All amendments, supplements, and modifications shall be in writing between the SDWLP by DNR and DOA acting under authority of the Statute and the Municipality.

Section 6.05. Execution in Counterparts This FAA may be executed in several counterparts, each of which shall be an original, and all of which shall constitute but one and the same instrument.

Section 6.06. Applicable Law This FAA shall be governed by and construed in accordance with the laws of the State, including the Statute.

Section 6.07. Benefit of Financial Assistance Agreement This FAA is executed, among other reasons, to induce the purchase of the Municipal Obligations. Section 6.08. Further Assurances The Municipality shall, at the request of DNR and DOA, authorize, execute, acknowledge, and deliver such further resolutions, conveyances, transfers, assurances, financing statements, and other instruments as may be necessary or desirable for: better assuring, conveying, awarding, assigning, and confirming the rights, security interests, and agreements awarded or intended to be awarded by this FAA and relating to the Municipal Obligations.

- (b) If the Municipality wishes to unilaterally terminate all or any part of the Project work for which Financial Assistance has been awarded, the Municipality shall promptly give written notice to DNR. If the SDWLP determines that there is a reasonable basis for the requested termination, the SDWLP may enter into a termination agreement, including provisions for FAA termination costs, effective with the date of cessation of the Project work by the Municipality. If the SDWLP determines that the Municipality has ceased work on the Project without reasonable basis, the SDWLP may unilaterally terminate Financial Assistance or rescind this FAA.

Section 6.12. Rescission The SDWLP may rescind this FAA prior to the first disbursement of any funds hereunder if it determines that:

- (a) there has been substantial non-performance of the Project work by the recipient without justification under the circumstances;
- (b) there is substantial evidence this FAA was obtained by fraud;
- (c) there is substantial evidence of gross abuse or corrupt practices in the administration of the Project;
- (d) the Municipality has failed to comply with the covenants contained in this FAA; or

The above certification is determined, after due and diligent investigation, to be true and accurate to the best of my knowledge.

EXHIBIT F
PROJECT MANAGER SUMMARY PAGE

CITY OF SHEBOYGAN
SDWLP Project No. 4901-16

1. Project Description: The Municipality has been a participant in DNR's private side Lead Service Line (LSL) replacement program since 2017. The Municipality passed an ordinance on December 5, 2025, which amended their LSL replacement ordinance and financial assistance program. In the City of Sheboygan, the property owner owns the entire length of the Service Line from the water main to the meter. This Project is utilizing a prequalified list of plumbers to replace approximately 406 private LSLs within designated census tract 8, 114, and 2.01. The property owner will contract with the plumber directly. The Municipality will fund 75% of the total costs in the form of a grant to the property owner. The property owner may pay the remaining 25% in full or in the form of a loan to be repaid over a 72-month period. Loan repayments will be included on the property owner's property tax bill and repaid in equal yearly installments. The Municipality currently offers an interest rate as low as 0% but may adjust the rate in the future to cover interest repayments and administrative costs.

Approximately 94 Lead Service Line replacements located within designated census tract 5 will be funded under project no. 4901-18, and approximately 50 Lead Service Line replacements located outside these designated census tracts will be funded under project no. 4901-17.

Eligible replacements under this FAA consist of the replacement of the customer-owned portion of the Lead Service Line from the corporation stop or the curb stop of a municipally-owned water main or Service Line (depending on ownership structure) to the meter, or other water utility service terminal on the served property.

All LSL replacements must result in complete removal of all lead components between the watermain and the connection point inside the building. Galvanized Service Lines, on the public or the private side, are considered lead for the purpose of determining whether a Lead Service Line has been completely replaced.

If a Lead Service Line, including both the public portion and the private portion of the line, cannot be replaced in its entirety at one time, resulting in a Service Line that is temporarily composed partially of lead, the water utility is required to provide the customer with point-of-use filtration during the time between replacements. Filters must be models that have been tested and certified to NSF/ANSI 53 for the reduction of lead. Filters must also be supplied for six months following full LSL replacement. Funding through this FAA shall not be disbursed for those lines until all lead components have been completely replaced, and such replacement is recommended to be completed within 45 days of the initial replacement of a portion of the Lead Service Line but should be replaced within 90 days, unless the public side of the Lead Service Line was replaced prior to participation in the LSL Replacement Program. Please refer to the LSL Replacement Best Practices document attached as Exhibit D.

2. Ineligible Costs: No ineligible costs were identified in the review of this Project. If the DNR identifies ineligible Project Costs as the Project progresses, the DNR will notify the Municipality.

In general, costs that are ineligible for inclusion under this FAA include:

- Private LSL replacements where the public side contains lead and has not been replaced (partial replacements);
- Premise plumbing, which includes anything downstream of the normal connection point inside the home;
- Any components of the utility-owned portion of the Service Line;
- Costs for engineering or administration.

3. Disadvantaged Business Enterprise (DBE) Good Faith Effort: The Municipality made a good faith effort by encouraging DBEs to prequalify in the request for qualifications. No DBEs are expected to be utilized on the Project.
4. Davis-Bacon Wage Rate Requirements: For projects where the homeowner contracts directly with a plumber or contractor from a prequalified list, Davis-Bacon and Related Acts requirements apply to all replacements unless:

- The plumber/contractor is a sole proprietor or a partnership where the owners perform all the work on the project (an owner must have at least 20% equity interest in the business and be actively involved in management); or
- the cost of the replacement is \$2,000 or less.

It is the municipality's responsibility to verify plumber/contractor employee status in order to determine if Davis-Bacon requirements apply.

5. Build America, Buy America: This Project is subject to the Build America, Buy America requirements of Title IX of the Infrastructure Investment and Jobs Act, Public Law No. 117-58, §§ 70901-52. If this Project is exempt from Build America, Buy America requirements under a project specific or general applicability waiver, the Project is still subject to use of American Iron and Steel requirements of Section 1452 of the Act.
6. Environmental Review: The SDWLP has determined through an environmental assessment that the Project will result in a categorical exclusion. A construction site storm water permit may be required if Project has one or more acres of total land disturbance. Some Project areas are within 300 feet of waterways, therefore, erosion mitigation measures should be utilized as circumstances dictate. If suitable habitat for the Rusty Patched Bumble Bee is present within the Project site, assume presence and follow recommended conservation measures.
7. Principal Forgiveness: This Project was awarded Principal Forgiveness for 75% of eligible Project Costs, up to a total of \$2,679,600. This Principal Forgiveness is solely for the purpose of reducing the cost borne by property owners for replacement of their Lead Service Line.
8. Federal Single Audit: This Project is being financed with federal funds and is subject to the Federal Single Audit requirements referenced in Section 5.23 of this FAA. If the Municipality receives more than \$1,000,000 of money that originates from any federal source in a calendar year, then it must commission a Federal Single Audit as part of its regular financial audit. The Catalog of Federal Domestic Assistance number is 66.468 for drinking water project disbursements funded with federal money.
9. Closeout Documentation: At Project Completion the Municipality must submit to DNR the documentation described in section 4.04(b) of this FAA, which will include reporting for each replaced Service Line:
 1. property address,
 2. property type (residential, school, daycare, commercial, other),
 3. original Service Line material,
 4. new Service Line material; and
 5. Service Line Ownership (public, private, both)
