Statutes:  
Municipal Code: N/A

---

#### BACKGROUND / ANALYSIS:

In 2020 the Department of Public Works hired Foth Infrastructure and Environment, LLC to analyze the existing 1936 sanitary interceptor sewer located along the south side Lake Michigan shoreline. The analysis and all needed repairs have been identified. The next step is to complete the final stage of design which will then allow the City to commence the bidding of the project.

#### STAFF COMMENTS:

The Department of Public Works has been working with Foth Infrastructure and Environment LLC since 2020 on the analysis of the 1936 sanitary interceptor sewer located along the south side Lake Michigan shoreline. Based on the consultants qualifications and experience City staff felt that Foth Infrastructure and Environment, LLC. is the most qualified for this next design phase.

#### ACTION REQUESTED:

Motion to recommend the Common Council adopt Res. No. 28-22-23 authorizing the appropriate City officials to enter into an Addendum dated April 18, 2022 to the contract with Foth Infrastructure and Environment, LLC for design services related to the South Side Interceptor System (SIS) Rehab/Access Road/Shoreline Protection Program.
