ATTN: Mayor Ryan Sorenson, City Clerk Meredith DeBruin, and other interested individuals.

To whom it may concern,

I am writing to express my interest in serving as Alder for District 4 in Sheboygan. Although this would be my first formal role in local government, I have a deep appreciation for our community and a strong desire to be part of shaping its future.

As a resident of Sheboygan for the past 34 years, I've seen the city grow in many ways. With the past collective decisions bringing us some notable improvements such as our south pier area, my goal would be to continue listening and learning to not only my district but every concerned citizen of the city that has a voice. Presently there are plenty of things that are continuing the proud Sheboygan tradition of prosperity that I'm glad to see happening. The boat races we have annually now, and even some simpler things like the food trucks at Vollrath Park. I would love to be a part in the future improvements of Sheboygan and have a voice that would echo the constituents of my district.

Professionally, I've been a carpenter for a little over 26 years. Currently a construction business owner as of April 2025. I feel that being self employed I will have the flexibility to take on the responsibilities of Alderman properly and effectively. I believe can help bring a practical perspective to the council with my almost three decades of construction experience. I have a very good working relationship with both building inspectors and am well respected.

I would be honored to contribute to the city's continued progress and to learn from those who have served before me. Thank you for considering my interest in the Alderman position. I welcome the opportunity to discuss how I can best serve our community.

Sincerely,

Kris Johnson
