Budget Summary:	N/A
Budgeted Expenditure:	N/A
Budgeted Revenue:	N/A

STATUTORY REFERENCE:

Wisconsin	N/A
Statutes:	
Municipal Code:	N/A

BACKGROUND / ANALYSIS:

Today, the Plan Commission will be reviewing the Van Horn Kia General Development Plan (GDP) for property located at parcels 59281215827 and 59281215833. A General Development Plan has already been reviewed and approved by the Plan Commission for this property, however, there has been a change to the proposed project.

The applicant states the following about the Van Horn Kia project:

- Land use on the site will match that of the existing site of car dealership and repair center with vehicle display. The building will now be on the west lot with the parking primarily on the east lot.
- A second dumpster enclosure is proposed to abut the west side of the proposed garage for the storage of scrap material. The operations of Van Horn Relating to the scrap enclosure pertain to any materials or equipment discarded from a vehicle maintenance perspective. This will be used for waste generated via vehicle maintenance not allowed to go into the municipal trash. No vehicles will be scrapped for parts or discarded at the site relating to a junkyard or salvage yard facility as described in the definition provided by City of Sheboygan.
- A PUD will best help to meet the needs of the site due to the constraints of existing unique circumstances such as the existing Town of Sheboygan utility lines and easements, building location, and site access. Deviations requested from code help provide public benefit and reduce existing conditions.

- For the total existing site ratios the building area is 13.2% and impervious area is 83.4%. Proposed total ratios for the building area is 15.3% and impervious area is 79.7%.
- The existing pond on the north side of the site is being relocated to the northeast corner of the site. Existing grades and landscaping around the perimeter of the site to remain.
- The site is on the north side of Wilgus Ave., approximately at the intersection of Wilgus Ave. and N. 36th Street. The two existing parcels have three total driveway accesses to Wilgus Ave. A fourth driveway access is proposed to Wilgus Ave.
- From the City of Sheboygan Comprehensive Plan Map 2-1 Future Land Use dated 12/5/2011 it shows both parcels zoned as Community Mixed Use. These uses similarly match the existing zoning of the city parcel as Suburban Commercial.

STAFF COMMENTS:

The surrounding neighborhood zoning is:

- The properties to the east are zoned Suburban Commercial (SC).
- The properties to the north are zoned Urban Commercial (UC) and Suburban Commercial (SC).
- The properties to the south are zoned Suburban Commercial.
- The properties to the west are Town of Sheboygan.

If the Common Council approves the rezone, the applicant needs to be aware that a Precise Implementation Plan will need to be reviewed by the City of Sheboygan Plan Commission prior to construction of the new Van Horn Kia facility.

ACTION REQUESTED:

Motion to recommend the Common Council approve the proposed General Development Plan subject to the following conditions:

1. Prior to building permit issuance, the applicant shall obtain all licenses/permits as well as meet all required codes including but not limited to building, plumbing, electrical, HVAC, fire, water, sewer, storm drainage, health, etc. (Applicant shall be in contact with building inspection, fire, police, etc.). An occupancy permit will be granted only at such time as the applicant has met all requirements.
2. Submittal and approval of a proposed storm drainage plan prior to building permit issuance.
3. Dumpster enclosure shall be completed prior to issuance of an occupancy permit for the first apartment building to be occupied.
4. Outdoor storage of materials, products or equipment shall be prohibited.
5. All ground level and rooftop mechanicals shall be screened and/or enclosed and constructed of like materials and colors of the facility (HVAC equipment, etc.).
6. Applicant shall work with staff with regards to appropriate signage. Applicant will be required to submit the final package in order to be incorporated into the approved PIP.

Only at such time as the sign package has been reviewed and approved may the applicant obtain sign permits to install the proposed signage. If staff has any concerns with proposed signage design, the matter may be brought back to the Plan Commission for their consideration.

7. All areas used for parking/maneuvering of vehicles shall be paved.
8. All areas that are not required to be paved shall be landscaped with grass and/or approved landscaping.
9. Any new ingress/egress driveway openings and any drives to be closed or modified shall be improved to standard City specifications.
10. Any work within City of Sheboygan Public rights-of-way shall be discussed with the City Engineering Department and constructed to standard City specifications (including, but not limited to, new and old ingress/egress driveway openings, curb, gutter, sidewalk, pavement, utilities, street trees, etc.).
11. Applicant will provide adequate public access along all streets and sidewalks and will take all appropriate actions to minimize the time period that adjacent properties and streets/sidewalks are impacted by the development (utilities, streets, etc.).
12. Applicant shall immediately clean any and all sediments, materials, tracking, etc. that may be spilled off-site on private or public lands and streets.
13. Streets and infrastructure damaged and/or disturbed during construction of all private and/or public improvements shall be promptly repaired by the applicant.
14. Absolutely no portion of the new building and/or site improvements shall cross the property lines including but not limited to buildings, balconies, decks, foundations, walls, gutters, eaves, roof, parking, fencing/retaining walls, signs, landscaping, art, etc.
15. Applicant is responsible for working with all private and public utilities in order to adequately service this development (applicant will need to provide the necessary easements and/or relocate utilities as necessary).
16. City Development staff will issue a building permit only if the applicant has adequately satisfied all concerns related to the Sheboygan Fire Department, including but not limited to fire lane access at the site, sprinkler systems, hydrants, water pressures, etc.
17. Prior to building permit issuance, the City of Sheboygan Architectural Review Board shall review/approve the Van Horn facility.
18. Any changes to the landscape plan will need City Staff approval prior to installation.
19. Plantings located around all ingress/egress of the site shall be maintained to not interfere with vehicular/pedestrian traffic.
20. Plantings located around the Fire Department Connection must be maintained to make sure that it is accessible at all times.
21. Plantings located by light poles should be maintained to keep areas well lite.
22. All plantings will need to be maintained per Section 105-894(b) Maintenance.
23. The Department of Planning & Development must inspect the landscaping. Failure to comply with any of the above conditions may require the removal and replanting of plants. Please call Janet M Duellman for an onsite inspection at 920/459-3380.
24. If there are any amendments to the approved SIP (including but not limited to site plan, architectural design, etc.) the applicant will have to submit an amended SIP for review that accurately reflects any and all proposed changes.
