59 A "condition affecting the Property or transaction" is defined as follows: [page 2 of 5, WB-13]
60 (a) planned or commenced public improvements which may result in special assessments or otherwise materially affect the Property

or the present use of the Property;

62 (b) completed or pending reassessment of the Property for property tax purposes;

63 (c) government agency or court order requiring repair, alteration or correction of any existing condition;

- 64 (d) any land division involving the subject Property, for which required state or local approvals had not been obtained;
- 65 (e) any portion of the Property being in a 100 year floodplain, a wetland or a shoreland zoning area under local, state or federal laws;

66 (f) conditions constituting a significant health or safety hazard for occupants of Property;

67 (g) underground or aboveground storage tanks on the Property for storage of flammable or combustible liquids including but not limited to gasoline and heating oil which are currently or which were previously located on the Property; NOTE: Wis. Adm. Code, Chapter Comm 10 contains registration and operation rules for such underground and aboveground storage tanks.

70 (h) material violations of environmental laws or other laws or agreements regulating the use of the Property;

- high voltage electric (100 KV or greater) or steel natural gas transmission lines located on but not directly serving the Property; any portion of the Property being subject to, or in violation of, a Farmland Preservation Agreement under a County Farmland Preservation Plan or enrolled in, or in violation of, a Forest Crop, Woodland Tax, Managed Forest, Conservation Reserve or comparable program;
- 74 (k) boundary disputes or material violation of fence laws (Wis. Stats. Chapter 90) which require the erection and maintenance of legal fences between adjoining properties where one or both of the properties is used and occupied for farming or grazing purposes;

76 (I) wells on the Property required to be abandoned under state regulations (Wis. Adm. Code NR 112.26) but which are not abandoned;

77 (m) cisterns or septic tanks on the Property which are currently not servicing the Property;

subsoil conditions which would significantly increase the cost of the development proposed at lines 271-272, if any, including, but not limited to, subsurface foundations, organic or non-organic fill, dumpsites or containers on Property which contained or currently contain toxic or hazardous materials, high groundwater, soil conditions (e.g. low load bearing capacity) or excessive rocks or rock formations on the Property; a lack of legal vehicular access to the Property from public roads;

82 (p) prior reimbursement for corrective action costs under the Agricultural Chemical Cleanup Program; (Wis. Stats. §94.73.)

- 83 (q) other conditions or occurrences which would significantly increase the cost of the development proposed at lines 271 to 272 or reduce the value of the Property to a reasonable person with knowledge of the nature and scope of the condition or occurrence.

 85 PROPERTY DIMENSIONS AND SURVEYS: Buyer acknowledges that any land dimensions, total square footage/acreage figures, or allocation of acreage information, provided to Buyer by Seller or by a broker, may be approximate because of rounding or other reasons, unless verified by survey or other means. CAUTION: Buyer should verify land dimensions, total square footage/acreage figures or allocation of acreage information if material to Buyer's decision to purchase.
- ISSUES RELATED TO PROPERTY DEVELOPMENT: WARNING: If Buyer contemplates developing Property or a use other than the current use, there are a variety of issues which should be addressed to ensure the development or new use is feasible. Municipal and zoning ordinances, recorded building and use restrictions, covenants and easements may prohibit certain improvements or uses and therefore should be reviewed. Building permits, zoning variances, Architectural Control Committee approvals, estimates for utility hook-up expenses, special assessments, charges for installation of roads or utilities, environmental audits, subsoil tests, or other development related fees may need to be obtained or verified in order to determine the feasibility of development of, or a particular use for, a property. Optional contingencies which allow Buyer to investigate certain of these issues can be found at lines 271 314 and Buyer may add contingencies as needed in addenda (see line 188). Buyer should review any plans for development or use changes to determine what issues should be addressed in these contingencies.
- 98 <u>INSPECTIONS</u>: Seller agrees to allow Buyer's inspectors reasonable access to the Property upon reasonable notice if the inspections 99 are reasonably necessary to satisfy the contingencies in this Offer. Buyer agrees to promptly provide copies of all such inspection 100 reports to Seller, and to listing broker if Property is listed. Furthermore, Buyer agrees to promptly restore the Property to its original 101 condition after Buyer's inspections are completed, unless otherwise agreed in this Offer. An "inspection" is defined as an observation 102 of the Property which does not include testing of the Property, other than testing for leaking LP gas or natural gas used as a fuel source, 103 which are hereby authorized.
- TESTING: Except as otherwise provided, Seller's authorization for inspections does not authorize Buyer to conduct testing of the Property.

 105 A "test" is defined as: the taking of samples of materials such as soils, water, air or building materials from the Property and the laboratory.

 106 or other analysis of these materials: If Buyer requires testing, testing contingencies must be specifically provided for at lines 179 187 or 107 in an addendum per line 188. Note: Any contingency authorizing testing should specify the areas of the Property to be tested, the purpose 108 of the test, (e.g., to determine if environmental contamination is present), any limitations on Buyer's testing and any other material terms of 109 the contingency (e.g., Buyer's obligation to return the Property to its original condition). Seller acknowledges that certain inspections or tests 110 may detect environmental pollution which may be required to be reported to the Wisconsin Department of Natural Resources.

111 PRE-CLOSING INSPECTION: At a reasonable time, pre-approved by Seller or Seller's agent, within 3 days before closing, Buyer shall 112 have the right to inspect the Property to determine that there has been no significant change in the condition of the Property, except for

113 changes approved by Buyer.

114 PROPERTY DAMAGE BETWEEN ACCEPTANCE AND CLOSING: Soller shall maintain the Property until the earlier of closing or 115 occupancy of Buyer in materially the same condition as of the date of acceptance of this Offer, except for ordinary wear and tear. If, prior 116 to closing, the Property is damaged in an amount of not more than five per cent (5%) of the selling price, Seller shall be obligated to repair 117 the Property and restore it to the same condition that it was on the day of this Offer. If the damage shall exceed such sum, Seller shall 118 promptly notify Buyer in writing of the damage and this Offer may be canceled at option of Buyer. Should Buyer elect to carry out this 119 Offer despite such damage, Buyer shall be entitled to the insurance proceeds relating to the damage to the Property, plus a credit towards 120 the purchase price equal to the amount of Seller's deductible on such policy. However, if this sale is financed by a land contract or a 121 mortgage to Seller, the insurance proceeds shall be held in trust for the sole purpose of restoring the Property.

FENCES Wisconsin Statutes section 90.03 requires the owners of adjoining properties to keep and maintain legal fences in equal shares where one or both of the properties is used and occupied for farming or grazing purposes. CAUTION: Consider an agreement addressing responsibility for fences if Property or adjoining land is used and occupied for farming or grazing purposes.

DELIVERY/RECEIPT Unless otherwise stated in this Offer, any signed document transmitted by facsimile machine (fax) shall be treated in all manner and respects as an original document and the signature of any Party upon a document transmitted by fax shall be considered an original signature. Personal delivery to, or actual receipt by, any named Buyer or Seller constitutes personal delivery to, or actual receipt by Buyer or Seller. Once received, a notice cannot be withdrawn by the Party delivering the notice without the consent of the Party receiving the notice. A Party may not unilaterally reinstate a contingency after a notice of a contingency waiver has been received by the other Party. The delivery provisions in this Offer may be modified when appropriate (e.g., when mail delivery is not desirable (see lines 25 - 36). Buyer and Seller authorize the agents of Buyer and Seller to distribute copies of the Offer to Buyer's lender, appraisers, title insurance companies and any other settlement service providers for the transaction as defined by the Real Estate Settlement Procedures Act (RESPA).

In the event that Seller is unable to remove said objections, Buyer 210 shall have 5 days from receipt of notice thereof, to deliver written notice waiving the objections, and the time for closing shall be extended 211 accordingly. If Buyer does not waive the objections, this Offer shall be null and void. Providing title evidence acceptable for closing does 212 not extinguish Seller's obligations to give merchantable title to Buyer.
- 213 SPECIAL ASSESSMENTS: Special assessments, if any, for work actually commenced or levied prior to date of this Offer shall be 214 paid by Seller no later than closing.
