TERMS AND CONDITIONS FOR ALL CONTRACTS FUNDED WITH  
FEDERAL GRANTS SUBJECT TO THE UNIFORM GUIDANCE

In the event of a conflict between the below terms and conditions and the terms of the main body of the Contract or any exhibit or appendix, these federally required contract terms shall govern.

1. Amendment Permitted. This list of Federally Required Contract terms may be amended by CITY in the event that the applicable federal grant providing funding for this Contract contains additional required terms.
2. Debarment and Suspension. Contractor represents and warrants that, as of the execution of this Contract, neither Contractor nor any subcontractor or sub-consultant performing work under this Contract (at any tier) is included on the federally debarred bidder's list listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." If at any point during Contract's term Contractor or any subcontractor or sub-consultant performing work at any tier is included on the federally debarred bidder's list, Contractor shall notify CITY immediately. Contractor's completed Vendor Debarment Certification is attached hereto and incorporated herein.
3. Record Retention. Contractor certifies that it will comply with the record retention requirements detailed in 2 CFR 5 200.333. Contractor further certifies that it will retain all records as required by 2 CFR 5 200.333 for a period of five (5) years after it receives CITY notice that CITY has submitted final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed. Unless Contractor is functioning as a sub-recipient of grant funding, rather than as a contractor, this requirement is in addition to, and not in place of, CITY's public records retention requirements set forth elsewhere herein. In the event of conflict between local and federal retention periods, the longer retention requirement shall control.
4. Procurement of Recovered Materials (Applies Only if the Work Involves the use of Materials). Pursuant to 2 CFR 5200.323, Contractor represents and warrants that in its performance under the Contract, Contractor shall comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

5. Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C.

1251-1387), as Amended. If this is a contract or sub-grant in excess of \$150,000, Contractor must comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations must be reported to the CITY and understands and agrees that the CITY will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

6. Energy Efficiency. Contractor certifies that it will comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

7. Anti-Lobbying Restrictions (31 U.S.C. 1352). Contractor certifies that:

7.1. No federal appropriated funds have been paid or will be paid, by or on behalf of Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal Loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of and Federal contract, grant, loan, or cooperative agreement.

7.2. If any funds other than federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, Contractor shall request from CITY and provide, completed, to CITY the "Disclosure Form to Report Lobbying," in accordance with its instructions as amended by "Government wide Guidance for New Restrictions on Lobbying," 61 Fed. Reg. 1413 (1/19/96).

7.3. Contractor shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

7.4. Contractor's completed Anti-Lobbying Certification is attached hereto and incorporated herein.

8. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (Applies Only to Funding Over \$100,000, When Laborers or Mechanics are Used). Contractor must comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Contractor must compute the wages of every mechanic and laborer on the basis of a standard work

week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

9. Right to Inventions Made Under a Contract or Agreement. Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any applicable implementing regulations.

10. Federal Government is Not a Party. The Federal Government is not a party to this Contract and is not subject to any obligations or liabilities to CITY, Contractor, or any other party pertaining to any matter resulting from the Contract.

11. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). If this is a "prime construction contract," in its performance under the Contract, Contractor shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Contractor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, Contractor is required to pay wages not less than once a week.

12. Copeland "Anti-Kickback" Act (40 U.S.C. 3145). If this is a "prime construction contract" in excess of \$2,000, Contractor shall, in its performance of the contract, comply with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that Contractor is prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

13. Equal Employment Opportunity. Contractor shall comply with Executive Order 11246, "Equal Employment Opportunity," as amended by EO 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and as supplemented by regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

If Contractor

is terminated for convenience by CITY, Contractor will be paid for services actually performed or commodity actually provided.

15. Termination for Cause. If this Contract is for an amount in excess of \$10,000 and it lacks a termination for cause clause, the following applies: If Contractor shall fail to fulfill in timely and proper manner any of its obligations or violate any of the provisions of this Contract; CITY shall have the right to terminate this Contract. CITY shall notify Contractor of its intent to terminate, by giving Contractor prior written notice at least five (5) business days before the effective date of the termination, identifying the alleged deficiencies in Contractor's performance, and shall give Contractor thirty (30) days to cure such deficiencies prior to termination. In such event, all deliverables completed by Contractor as of the date of termination shall, at the option of CITY, become property of CITY. Notwithstanding the above, Contractor shall not be relieved of liability to CITY for damages sustained by CITY by virtue of any breach of the Contract, and CITY shall retain its remedies under law.

16. Executive Order 13202- Preservation of Open Competition and Government Neutrality Towards Contractors' Labor Relations on Federal and Federally Funded Construction Contracts. These requirements apply to recipients and sub-recipients of awards and cooperative agreements and to any manager of a construction project acting on their behalf. These individuals or employees of one of these organizations must ensure that the bid specifications, project agreements, and other controlling documents do not: (a) require or prohibit bidders, offerors, contractors, or subcontractors to enter into or adhere to agreements with one or more labor organizations, on the same or other related construction project(s); or (b) otherwise discriminate against bidders, offerors, contractors, or subcontractors for becoming or refusing to become or remain signatories, or otherwise to adhere to agreements with one or more labor organizations, on the same or other related construction project(s). 23. Local, Small, Minority-Owned and/or Women-Owned Businesses. The federal regulations require that every effort is made to assure that minority firms, women's business enterprises and labor surplus area firms are used when possible (24 CFR 85.36(e)). Affirming steps include:

- A. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- B. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- C. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
- D. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises; (v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
- E. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps to select such firms.

24. Section 3. The federal regulations required that economic opportunities generated by federally assisted projects, be to the greatest extent possible, to low-and very low-income persons, particularly those who are recipients of government assistance for housing (24 CFR 570.607(b)).

25. Build America, Buy America (BABA) Act Requirements. The Build America, Buy America (BABA) Act, 41 USC § 8301 note, was enacted in the Infrastructure Investment and Jobs Act on November 15, 2021. The BABA Act requires that products purchased in connection with infrastructure projects funded by Federal financial assistance (FFA) programs must be produced in the United States (U.S.). This

requirement is known as the “Buy America Preference (BAP)” (or “domestic procurement requirement”). The purpose of the BABA Act is to stimulate private sector investments in American manufacturing, bolster critical American supply chains, and support the creation of jobs so that America’s workers and firms can compete and lead globally.

The prime contractor and all subcontractors (all tiers) must comply with the requirements of the BABA Act, 41 USC 8301 note, and all applicable rules and notices, as may be amended, as applicable to the Community Development Block Grant (CDBG) infrastructure project. Pursuant to the U.S. Department of Housing and Urban Development’s (HUD’s) notice, “Public Interest Phased Implementation Waiver for FY2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance” ([88 FR 17001](#)), any funds obligated by HUD on or after the applicable listed effective dates, are subject to BABA requirements, unless excepted by a waiver.

All iron and steel materials purchased for a CDBG infrastructure project must be produced in the U.S. unless the project or purchase qualifies for a waiver or exemption. The contractor must maintain records that verify compliance with the BAP requirement for iron and steel materials and provide them to the CDBG Grantee/unit of general local government (UGLG), State of Wisconsin Department of Administration Division of Energy, Housing and Community Resources (DOA-DEHCR), HUD, and/or other regulating entities upon request. Infrastructure projects awarded CDBG funds from DOA-DEHCR in or after 2023 are subject to the BAP requirements for iron and steel. General waivers and project-specific waiver categories are specified in [88 FR 17001](#). A contractor seeking a project-specific waiver must demonstrate the criteria for one or more of the project-specific waiver categories are met and must contact the CDBG Grantee/UGLG for further guidance. The Grantee/UGLG is to consult with DEHCR. A waiver requires approval by DEHCR and HUD.
