BACKGROUND / ANALYSIS: The City of Sheboygan currently has three, Sheboygan Common Council approved State Municipal Agreements (CMAQ) with the Wisconsin Department of Transportation. These three State Municipal Agreements are providing 80% of the funding for the upgrading of the equipment of three existing signalized road corridors in the City of Sheboygan. The three signalized road corridors are Kohler Memorial Drive, 14th Street and Taylor Drive.

This resolution authorizes the City of Sheboygan to purchase the new traffic control equipment directly from two vendors through an existing State of Wisconsin contract. By the city of Sheboygan purchasing this equipment directly there will be an approximate cost savings of 25%.

STAFF COMMENTS: The Department of Public Works recommends purchasing directly from TAPCO and CUBIC ITS the new traffic control equipment for the three projects listed above.

ACTION REQUESTED: Motion to recommend the Common Council adopt Res. 174-21-22 authorizing the appropriate City officials to enter into a contract with TAPCO of Madison, Wisconsin and CUBIC ITS, of Knoxville, Tennessee, for the purposes of supplying Traffic Control Equipment for the updating of several road corridors which have signalized intersections in the City of Sheboygan and which are the subject of federal funded projects with municipal matching funds.
