

AGENDA ITEM MEMORANDUM

DATE: 10/22/2025

TO: Public Works Committee

FROM: Kevin Jump, PE – City Engineer

SUBJECT: General Ordinance 23-25-26 – An Ordinance placing stop signs related to the relocation of North Commerce Street.

ISSUE

Should the Public Works Committee recommend approving the placement of stop signs related to the relocation of North Commerce Street?

STAFF RECOMMENDATION

Staff recommends approval.

BACKGROUND/DISCUSSION

General Ordinance 23-25-26 proposes the addition of stop signs related to the relocation of North Commerce Street.

- **North Commerce Street.** Northbound traffic on North Commerce Street shall stop before entering Wisconsin Avenue.
- **North 13th Street.** Northbound traffic on North 13th Street shall stop before entering Wisconsin Avenue.
- **New York Avenue.** Eastbound traffic on New York Avenue shall stop before entering North Commerce Street
- **Center Avenue.** Eastbound traffic on Center Avenue shall stop before entering North Commerce Street

As part of the development and relocation of North Commerce Street, stop signs are needed at the locations identified above. These stops help establish clear right-of-way control at the newly configured intersections and improve vehicle and pedestrian safety along the corridor. This is especially important given the corridor's proximity to mixed-use areas and anticipated increases in activity following the completion of adjacent development.

FUNDING IMPACT

There will be no funding impact.

IF APPROVED, NEXT STEPS:

Department of Public Works staff will install the stop signs before North Commerce Street reopens to traffic.
