### **Description of Proposed Project**

The project will include construction of a new 110,000-square-foot state-of-the-art manufacturing facility at the company's corporate campus at 1236 N. 18th Street and represents one of the largest capital investments in Vollrath's 150-year history.

The new facility will deepen Vollrath's metal-forming expertise that has long been a hallmark of the company's Sheboygan operations.

### **Description of Existing Design and Materials**

The existing building(s) that currently support Vollrath's Production- Manufacturing have been demolished.

### **Description of the Proposed Exterior Design and Materials**

Attached to this application are renderings of the new Addition. The Addition will primarily be constructed using Architectural Precast Wall Panels and Aluminum Windows and Doors. A portion of the West Wall will be constructed using IMP (Insulated Metal Panels).
