Complete application is to be filed with the Building Inspection Department, 828 Center Avenue, Suite 208. Variances to zoning ordinances are considered by the City of Sheboygan Zoning Board of Appeals monthly on the third Wednesday at 3 p.m. at a public hearing. To be placed on the agenda of Zoning Board of Appeals, application must be received no later than 4:30 p.m. on the third Wednesday of the month prior to the scheduled public hearing. Applications will not be processed if all required attachments and filing fee of \$250 (payable to the City of Sheboygan) are not submitted along with a complete and legible application. Application filing fee is non-refundable.

Good Afternoon,

We are requesting a variance for the fencing code requiring fences on corner houses to have 4ft 50% openings. We would like to have a 6ft privacy fence. We live in a cul de sac and I work from home. We do have a lot of people speeding through our area as we are off of LS and the speed out there is significantly higher. We don't have sidewalks for the kids to walk on so when the kids play in the yard it's easier for them to run into the road which is a safety risk.

I also work from home. It is hard to be in the yard when our 5yo wants to be on the swingset which is located on the other side of the house with no visibility from the living quarters. I do understand the crime rate is low but it's never zero. It is sad having to tell my daughter she can't go play because I have work calls and employees to attend to.

We also have a small dog that would get out of the 50% open recommended fence. If we would put up that fence we still would not be able to let him out in his own yard.

We live on a hill with drainage ditches, so putting a 4 ft fence at the bottom of the hill would not offer any privacy or protection.

We have asked surrounding neighbors and they are in favor of us getting a fence as well. Which poses no harm to public interest.

Our fence on the garage side would need to extend past the sidewalk on the pathway as there is existing cement and landscape that prevent fence from sitting flush with house/structure.

We are also going to be doing an egress window in the near future. Although required for safety in the lower level, it also creates another entrance into our home. Some home owners are able to purchase guns as protection and peace of mind. My dad committed suicide, I had to take him off of life support due to a gun shot injury so that is not an option for me. I am just asking to feel safe in my home.

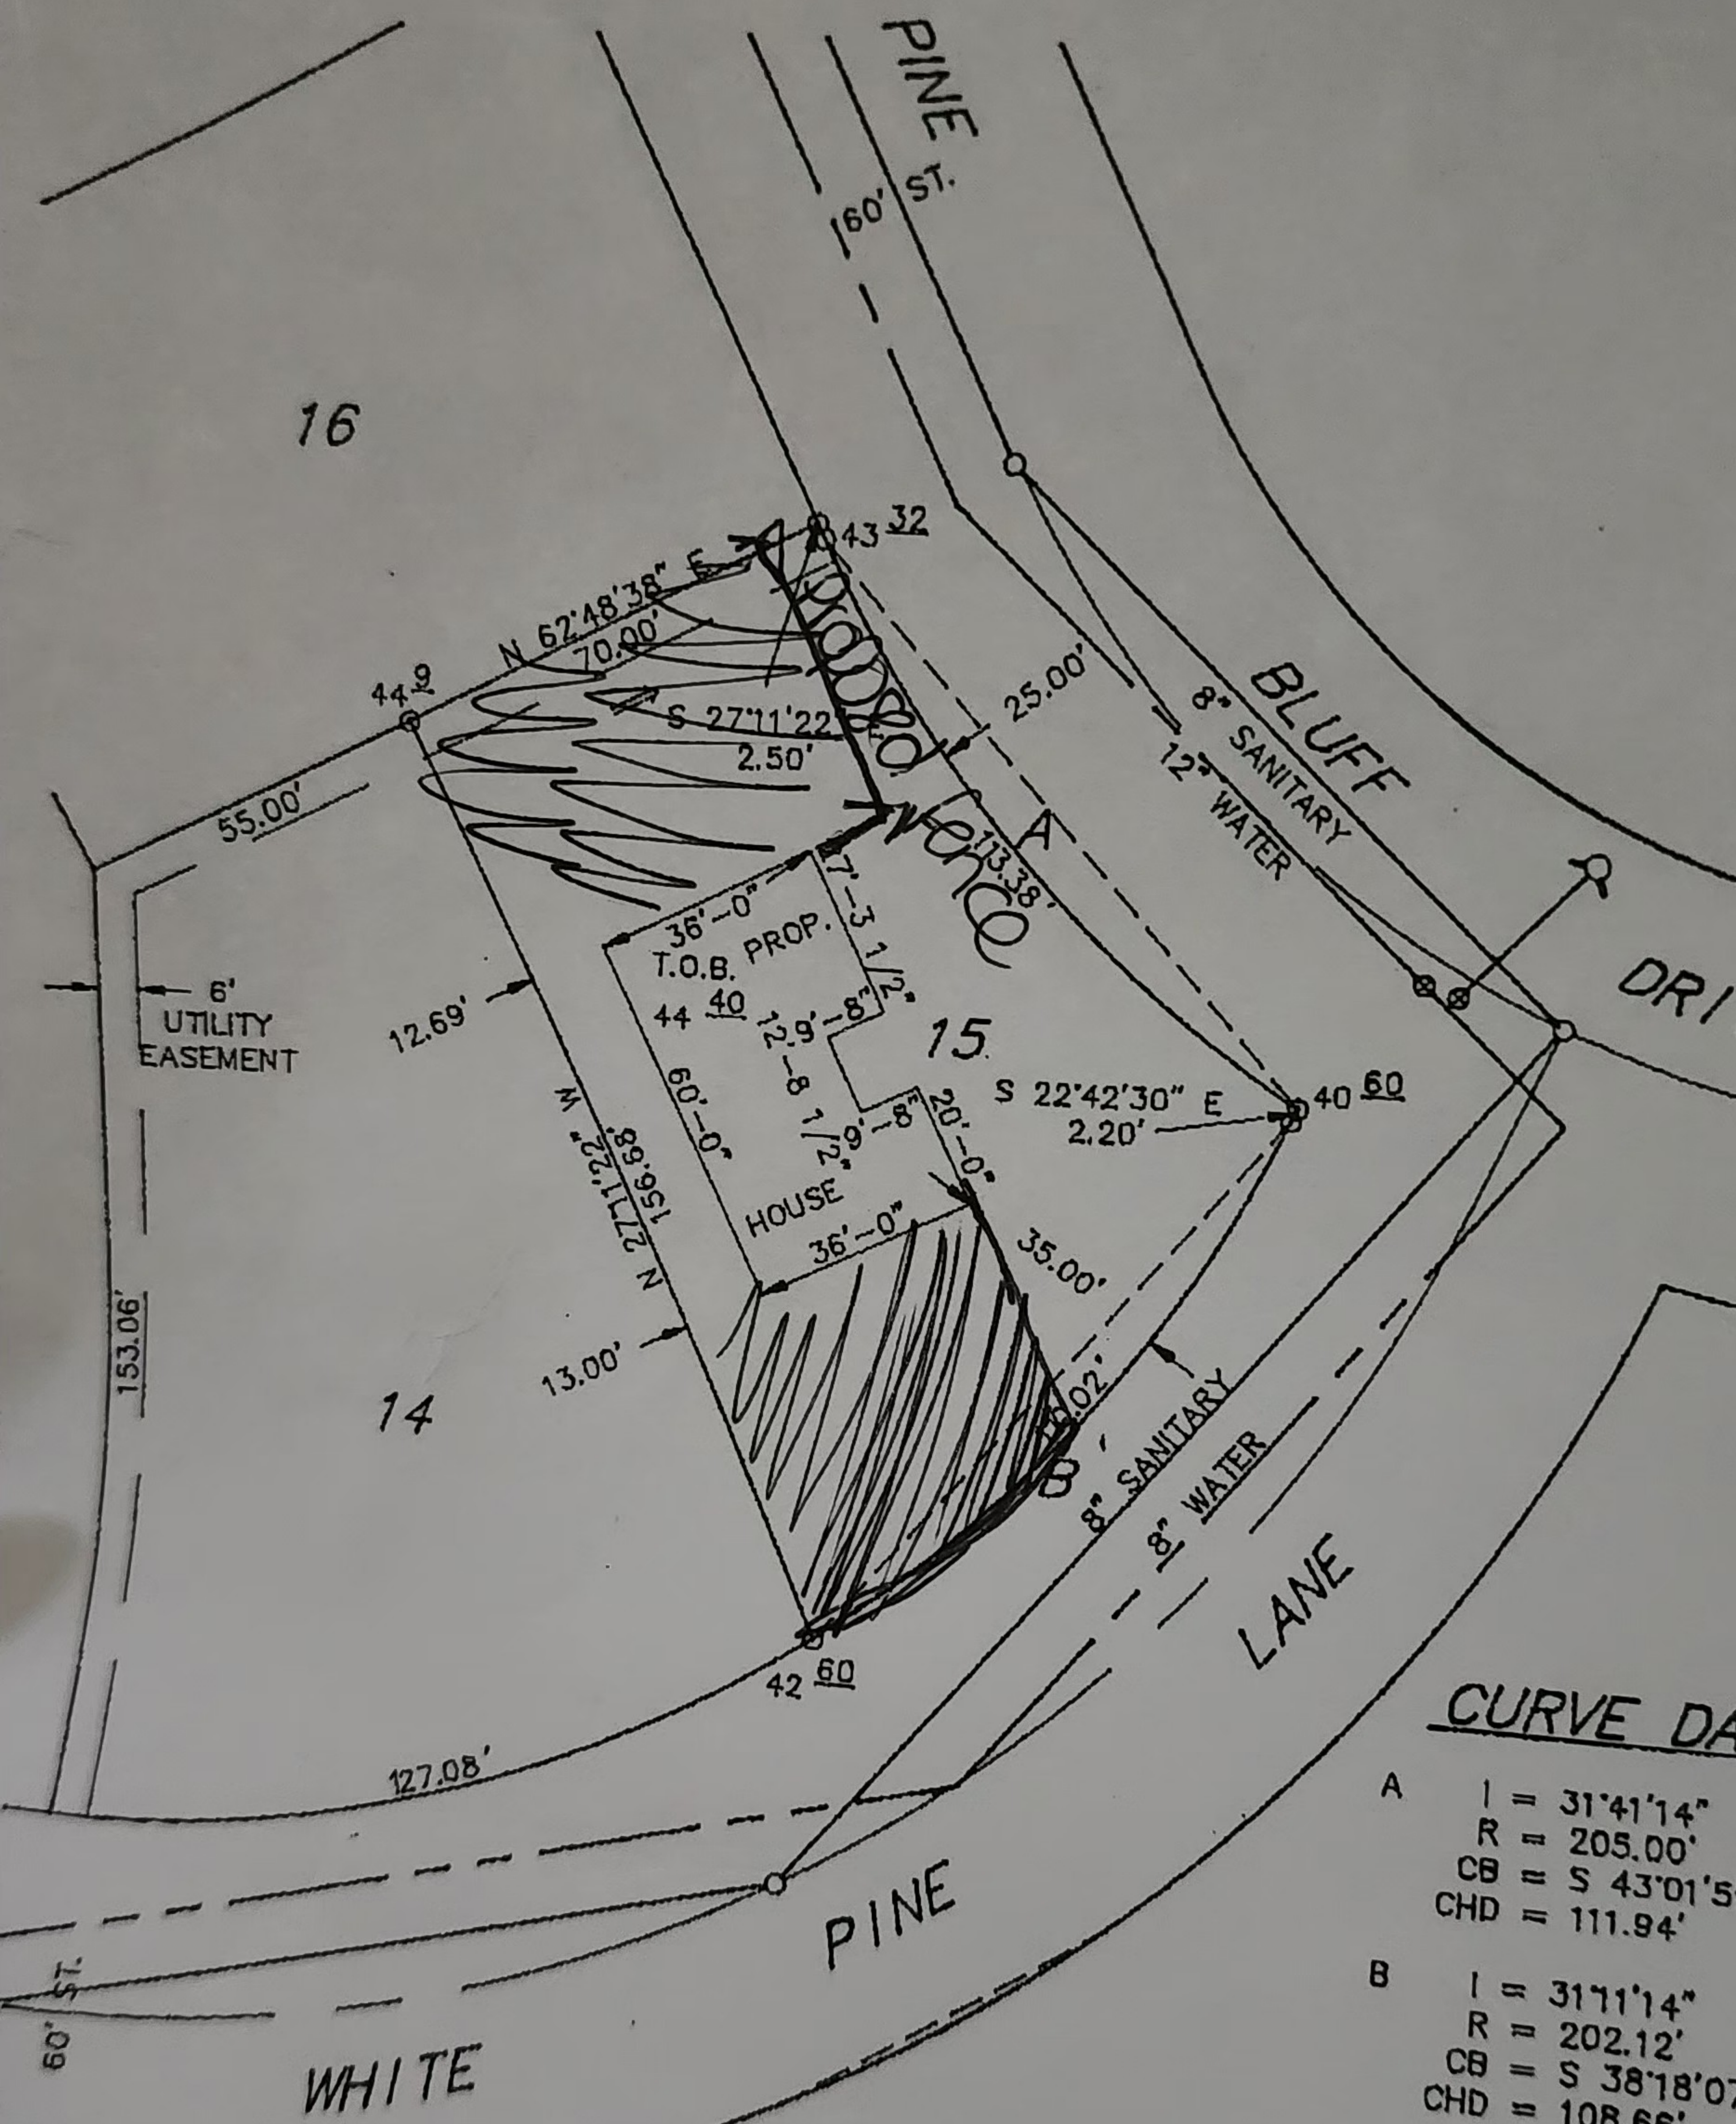

The 3 reasons we want a fence are Safety, privacy, and containment. None of which can be accomplished with a 4ft 50% open fence.

We are requesting the use of a 6ft wooden privacy fence. We live in a wooded area off of pigeon river. Our house is cedar with a brown roof and all of our neighbors have wooden fences. A recommended vinyl fence would not be able to be joined to meet the neighbor fences. It would also look like it doesn't belong. I understand the "step above the dog ear fence" and that's ok. Even the lattice at the top or the horizontal fence is fine. I will include imagery of both.
