I Elena Cortez agent/owner of Mi Ranchito located at 1235 Indiana Ave ask for a extension on my liquor license. It's been ~~three~~ month now that the building was condemn due to some walls In the back need to be done that left me with no job during that time. Fernando Peña owner of the building did talk to me about getting the work done to it and have contractors and permits to work on it due to the fact is a big project and the weather is bad It will take longer than we thought and this is why I ask for time if for any reason he decides to give up I will request to stop and give up that place as well I just really hope we can get that extension that place really means a lot to us and to alot of Sheboygan people. I will love to run my restaurant back.

Thanks

For your Time

Sincerely

Elena Cortez
