Janet,

I was talking to Steve Sokolowski today we would like to have permission to use the empty lot next to Drift wood resteraunt on river front for a fishing tournament. Dates would be June 10 and 11th. They have held this fishing tournament for over 15 year in that area when Anglers Ave, was there. there is a dock right there that boat can drive up to, unload cololer and then get fish weight. there would be no sales of anything only a table with lap top to weigh fish both days. Any Questons please feel free to contact me AT 920-316-2197
