BACKGROUND / ANALYSIS: In 2024, the intersection of Taylor Drive and Wilgus Avenue is scheduled to be upgraded. The upgrading of this intersection will consist of reconfiguring/reconstructing the intersection and upgrading the traffic signal hardware. With the upgrades, it is necessary to complete the engineering design in 2023. This resolution will give approval to the Department of Public Works to hire JT Engineering, Inc. which specializes in the analysis and design of intersections such as Taylor Drive and Wilgus Avenue.

STAFF COMMENTS: Based on the consultant's qualifications and experience, City staff feel JT Engineering, Inc. is the most qualified consultant for this design phase.

ACTION REQUESTED: Motion to recommend the Common Council adopt Res. No. 132-22-23 authorizing the appropriate City officials to enter into a contract with JT Engineering, Inc. for design services related to the Taylor Drive and Wilgus Avenue Intersection.
