### BACKGROUND/DISCUSSION

This resolution seeks the approval of a construction contract with LaLonde Contractors, Inc. for the completion of the Erie Avenue Street Improvements. Funding for these repairs was included in the 2026-2030 Capital Improvement Plan.

This project proposes roadway and sewer repairs on Erie Avenue between North Taylor Drive and North 19<sup>th</sup> Street. Repairs include replacing damaged and failing concrete pavement, new ADA-compliant sidewalk ramps, and storm and sanitary sewer repairs, and new asphalt pavement.

Improvements will also include a crosswalk at the bus stop near Edenbrook and the US Army Reserve Center. The sidewalk on the southside of Erie Avenue will also be extended to the new crosswalk. The new crosswalk will provide safer pedestrian access from the residential neighborhood to the Taylor Heights Shopping Center.

Construction is expected to begin in June and will be completed this summer.

Three Bids were received for the project. A summary of the bids is below.
