As vehicle technologies increase, the costs of repairs escalate as well. With this comes a ten-fold increase in administrative duties required to process your claim. When adding even modest inflation it is inevitable at times that the hourly cost of labor must increase. Insurance "allowances" can lag behind these inevitable increases. At those times we will ask that you co-pay any differences. Most often this is not a large amount but allows us to properly train, retain, and compensate our staff for their efforts. Thus, providing you with a professional repair by a professional staff.

****FOLLOW THIS LINK FOR A CO-PAY EXPLAINER VIDEO****

<https://www.youtube.com/watch?v=jzfZCtmMRfo>

**NOTICE TO INSURERS:

Dean's Auto Body, Inc. does not negotiate labor rates. Parts & Procedures are open to justification while giving consideration to OEM guidelines. PLEASE refer to the above video link for a detailed explanation of that policy.

BLEND VS. REFINISH ADJACENT PANEL:

With all repairs the shop will invest time and talent in tinting to negate adjacent panel "blending" However, when required, that procedure will be billed as "adjacent panel refinishing." Not a blend allowance. The basis for this change is exceptionally well validated in the attached blend study report.

As a family owned business, OUR MISSION, is to be your #1 collision repair facility. To provide you with outstanding customer care as we honestly and ethically repair your vehicle using environmentally friendly materials, the latest techniques, and up-to-date procedures. We will strive to grow our company with integrity to keep your business for life.

** All supplements must be addressed before the vehicle leaves. Any supplements left open will result in the vehicle not being delivered until the supplement is agreed upon with a copy in hand.

Per Wisconsin Statue 628.46 - any claim not paid within 30 days is subject to a 7.5% interest charge.

TOTAL LOSS ESTIMATES:

Charges for a total loss estimate, with pictures and documentation to support estimate, will be charged at a minimum of 4 hours and a cost of \$90 an hour. (Costs could go up depending on what is needed to complete the written evaluation for a total loss.)

*Disassembly to gain access to document damage will be added on accordingly at the proper shop rate.

*Scanning and measuring for diagnosing complete damage, will be billed out for each job accordingly at the proper shop rate.

*Any OEM repair procedures needing a subscription to gather information for the repairs will also be added per vehicle according.

STORAGE CHARGES are \$75 per day

MOTOR VEHICLE REPAIR PRACTICES ARE REGULATED BY CHAPTER ATCP 132, WIS. ADM. CODE, ADMINISTERED BY THE BUREAU OF CONSUMER PROTECTION, WISCONSIN DEPT. OF AGRICULTURE, TRADE AND CONSUMER PROTECTION, P.O. BOX 8911, MADISON, WISCONSIN 53708-8911.

Rav4 Estimates

Hi Teresa,

Unfortunately we cannot guarantee how long the repairs will take however I would plan on about 2 weeks to be safe - once we are finished repairing we will have to take the vehicle in for recalibration of the sensors which could add more than a day depending on the vendor's schedule.

Once the vehicle is disassembled it would be inspected to confirm no additional damages and/or parts are needed. If any parts need to be ordered that could delay the completion time as well.

Let me know if this doesn't make sense.

Thanks!

Leah

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide ARM8451, CCC Data Date 03/15/2024, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles.
