WHEREAS, the laboratory cabinetry, countertops, sink, and fume hood at the Wastewater Treatment Facility are original to the building and in need of replacement; and

WHEREAS, the Wastewater Treatment Plant included funding in its 2025 budget for upgrades to the laboratory including replacement of the cabinetry, countertops, sinks and fume hood with products designed specifically for use in laboratory settings; and

WHEREAS, the City of Sheboygan Purchasing Ordinance allows for the City to join with other units of government through cooperative purchasing to access contract price discounts of contracts which have been established through competitive bidding; and
