Staff is requesting to move forward with purchasing new in-car and body camera system. (Axon)

BACKGROUND/PURPOSE OF REQUEST:

Currently our system is having complications. It is a system that was purchased approximately 10 years ago and we can longer get replacement parts or system upgrades. There have been previous discussions with Town Manager last budget cycle concerning the system and it was decided to place in the upcoming budget year 2026/2027. It has become apparent that our current system will not hold up until the new budget cycle. Police Officers will not have reliable camera recording systems if not replaced. We have contacted the vender Axon, who has agreed to a payment plan. The plan is as follows:

January 2026 3466.09

August 2026 65,855.61

August 2027 69,321.70

August 2028 69,321.70

August 2029 69,321.70

August 2030 69,321.70

Total System Cost – 346,608.50

This will not impact this fiscal year, however, it will need to be placed in future budgets until 2030 unless paid in full.
