## **Section 2 – Specific Findings of Fact**

The Board of Aldermen must find as a specific finding of fact that the proposed use will comply with *all* of the following standards. Otherwise, the permit must be denied. In making their findings, the Board of Aldermen may impose conditions which, in its opinion, assure that the use in its proposed location will satisfy all of the following standards.

**Having heard all the evidence and arguments presented at the hearing, the Board of Aldermen hereby finds that the proposed use *will* comply with the following standards** [check all that apply]:

- That the use will not materially endanger the public health and safety.  
*The updated phasing plan will reclassify the walking path located behind garage 1 (See Attached Exhibit) from phase 5 to Phase 7. This phasing reclassification will not endanger public health and safety.*
- That the use will not substantially injure the value of adjoining or abutting property (or alternatively, that it be a public necessity).  
*The update to the phasing plan (See Attached Exhibit) should have no adverse effect on the value of adjoining or abutting properties. The planned site design and previously approved use noted in SUP # 21-52 will remain the same.*
- That the use will be in harmony with the area in which it is to be located.  
*The updated phasing plan will remain in harmony with the area it is located, the approved walking path will not be removed from SUP# 21-52 plan.*
- That the use will be in general conformity with the Land Use Plan, Thoroughfare Plan, or other plans officially adopted by the Board of Aldermen.  
*The phasing plan revision does not remove any design elements from the approved SUP #21-52 and will remain in general conformity with the Land Use Plan, Thoroughfare Plan, or other plans by the Board of Aldermen.*

- That the use will have adequate facilities to provide ingress and egress designed to minimize traffic congestion on public streets and also have adequate utilities, access roads, drainage, sanitation or other necessary infrastructure.

*The updated phasing plan will have adequate facilities; the approved design will not change. The phasing plan attached to the Special Use Permit application illustrates the standards are met.*

- That the use meets all required conditions and specifications established by the Board of Aldermen.

*The applicant attests that the previously approved use continues to meet all the required conditions and specifications established by the Board of Aldermen and will demonstrate by the site plan that the use is in keeping with the UDO and other established policies and procedures. The use approved by the Town Board previously with SUP #21-52 is unchanged. The focus for this SUP is to address the phasing of the walking path located behind Garage #1, a minor change that will not have an adverse effect on overall quality of life of residents.*

**The following special conditions are hereby imposed by the Board of Aldermen to ensure compliance with the conditional use standards:**

1. The conditions approved with the initial SUP remain in place; and
  2. An easement over the area public walking path be recorded prior to additional final approval of future phases; and
  3. The applicant indicates acceptance of these conditions.
- 

**Section 3 – Final Signature**

**Based on the evidence presented at the hearing and after careful consideration of the facts, a Special Use Permit is hereby:**

- Approved subject to the above conditions.
- Denied for failure to satisfy all of the special use standards as indicated above and further described herein:
