COMPOSTING

INSTEAD OF DISPOSING OF YARD TRIMMINGS AND KITCHEN SCRAPS, YOU CAN COMPOST THEM IN YOUR OWN BACKYARD. COMPOSTING IS AN EASY, FASCINATING, AND NATURAL WAY TO RECYCLE.

JUST A FEW ITEMS YOU CAN COMPOST.

- LEAVES, TRIMMINGS, CLIPPINGS TWIGS
- VEGETABLE & FRUIT TRIMMINGS AND PEELS
- SAW DUST
- PAPER BAGS, NAPKINS, & PAPER EGG CARTONS
- STALE HERBS & SPICES
- DRYER LINT

AS THE HOLIDAY SEASON IS IN THE REAR VIEW, WE ARE DREAMING OF WARM SPRING DAYS WHEN WE CAN SPEND MORE TIME IN THE GARDEN. TAKE ADVANTAGE OF JANUARY TO PLAN AND PREPARE FOR YOUR GARDENING SEASON.

JUST A REMINDER: PLEASE BE MINDFUL OF THE COMMON AREAS, KEEPING THEM TIDY AND NEAT AND RESPECTFUL OF EACH GARDENERS SPACE. I LOOK FORWARD TO SEEING WHAT YOU ALL HAVE PLANNED FOR YOUR GARDEN BOXES THIS YEAR. -SHEILA
