RE: Meadows Flood Mitigation FEMA BRIC Grant Assistance

Dear Jeff,

Please accept this scope letter and enclosed fee estimate for technical services to prepare a FEMA Building Resilient Infrastructure and Communities (BRIC) grant application on behalf of Sidney for the Meadows Flood Mitigation Project. The estimate includes effort to prepare content for the application in the format and supplemental documentation required by FEMA. This proposal assumes that the outline for the next round of Hazard Mitigation Grants will follow the same outline as years previous. Changes to the grant application might result in reevaluation of scope of services by Morrison-Maierle. The tasks include effort to complete the following application criteria sections:

- Subapplicant
- Contact
- Community
- Mitigation Plan
- Scope of Work
- Properties
- Schedule
- Cost Estimate
- Cost Share
- Cost Effectiveness
- Environmental/Historic Preservation
- Evaluation
- Assurances and Certificates
- Comments and Attachments
- Benefit Cost Analysis This analysis involves FEMA's benefit cost analysis calculator.
- Meetings and Correspondence (up to eight hours)

It is assumed that support and collaboration will be provided by City of Sidney during the application process. The proposed scope of work will be completed prior to the application deadline of January 2022 and will be completed on a lump sum basis not to exceed \$18,690. To assist with services outside this scope of work, additional services as needed can be provided on an hourly rate basis as requested.

Sincerely,

Morrison-Maierle, Inc.

GENERAL PROVISIONS OF STANDARD AGREEMENT

The following General Provisions of Standard Agreement are integrated into and form a part of this Agreement.

SECTION 1 - BASIC SERVICES OF CONSULTANT

- 1.1 CONSULTANT shall perform the services as set forth in the Scope of Services as described on page one of this Agreement, or as further described in Attachments hereto.
- 1.2 Execution of this Agreement by the CLIENT constitutes written authorization for the CONSULTANT to proceed.
- 1.3 CONSULTANT shall serve as the CLIENT'S prime professional consultant representative for the Project and perform services as set forth in the Agreement.
- 1.4 CONSULTANT shall advise CLIENT as to the necessity of the CLIENT providing or obtaining data from others or services required for the Project which are not part of the CONSULTANT'S Scope of Services. The CONSULTANT shall not be responsible for any damages or consequences resulting from the CLIENT's failure to provide or obtain the data or services identified. If CONSULTANT recommends any services that the CLIENT declines to authorize, the CLIENT hereby agrees, to the fullest extent permitted by law, to defend, indemnify and hold harmless CONSULTANT, its officers, directors, employees and subconsultants from any damages, liabilities or costs arising out of or in any way connected with CONSULTANT not providing these services.
- 1.5 If the project requires the CONSULTANT'S services during the construction phase of the project, the scope of services shall be as set forth on page one or as described on attachments hereto. CONSULTANT will determine, in general, if the work is proceeding in a fashion such that, once complete, the work will substantially conform to the design intent of the Contract Documents. CONSULTANT will not perform exhaustive or detailed review of the Contractor's work. If the CONSULTANT is retained as the commissioning authority, then the Consultant will perform the review of the Contractor's work expressly written in the commissioning authority's scope of services. CONSULTANT shall not be responsible for Contractor's construction means, methods, sequence, safety program, techniques or procedures necessary for performing the work.

CONSULTANT shall not be responsible for the acts or omissions of any Contractor or Subcontractor or any other persons at the site or otherwise performing any of the Contractor's work. However, nothing contained herein shall be construed to release CONSULTANT from its responsibilities to properly perform duties undertaken by the Consultant as set forth in this Agreement.

- 1.6 In providing services under this Agreement, CONSULTANT will endeavor to perform in a manner consistent with that degree of care and skill ordinarily used by members of CONSULTANT'S profession practicing under similar conditions at the same time and in the same locality on the same or similar projects ("Standard of Care"). If the CONSULTANT'S scope of services includes design, CONSULTANT will perform the design services in compliance with existing codes and regulations in place and applicable at the time the design is prepared. CLIENT understands that the CONSULTANT cannot anticipate changes in applicable statutes, codes, or regulations, or the project site or environmental conditions. CONSULTANT makes no warranties, express or implied, under this Agreement or otherwise, in connection with CONSULTANT's services. The CONSULTANT will be notified in writing of any alleged errors or omissions. Upon receipt of this notice, CONSULTANT will review the alleged error or omission. If CONSULTANT agrees its services have not met this standard, CONSULTANT will assist in determining corrective action.
- 1.7 The CLIENT, without invalidating this Agreement, may request a change in the scope of services and CONSULTANT shall issue to CLIENT a proposal setting forth an adjustment to the scope of services, budget, and schedule for the additional services provided by CONSULTANT. Any modification to this Agreement must be in the form of a written Amendment and executed by both CONSULTANT and CLIENT. If the CLIENT elects to reduce CONSULTANT'S scope of services, the CLIENT shall release, hold harmless, defend and indemnify CONSULTANT from any and all claims, damages, losses or costs associated with or arising out of such reduction in services.
- 1.8. If, during the term of this Agreement, circumstances or conditions that were not originally contemplated by or known to the CONSULTANT are revealed, to the extent that they affect the scope of services, compensation, schedule, allocation of

risks or other material terms of this Agreement, the CONSULTANT may call for renegotiation of appropriate portions of this Agreement. The CONSULTANT shall notify the CLIENT of the changed conditions necessitating renegotiation, and the CONSULTANT and the CLIENT shall promptly and in good faith enter into renegotiation of this Agreement to address the changed conditions. If terms cannot be agreed to, the parties agree that either party has the absolute right to terminate this Agreement in accordance with Article 4.9.

- 1.9 If CONSULTANT'S scope of services includes review of submittals or other similar items, CONSULTANT shall review and accept or take other appropriate action on the Contractor submittals, such as shop drawings, product data, samples and other data, which the Contractor is required to submit, but only for the limited purpose of checking for conformance with the design concept and the information shown in the Construction Documents. This review shall not include review of the accuracy or completeness of details, such as quantities, dimensions, weights or gauges, fabrication processes, construction means or methods, coordination of the work with other trades or construction safety precautions, all of which are the sole responsibility of the Contractor. The CONSULTANT'S review shall be conducted with reasonable promptness while allowing sufficient time in the CONSULTANT'S judgment to permit adequate review. Review of a specific item shall not indicate that the CONSULTANT has reviewed the entire assembly of which the item is a component. The CONSULTANT shall not be responsible for any deviations from the Construction Documents not brought to the attention of the CONSULTANT in writing by the Contractor. The CONSULTANT shall not be required to review partial submissions or those for which submissions of correlated items have not been received.
- 1.10 The Americans with Disabilities Act, the Fair Housing Amendments Act, and related federal and state "accessibility" laws and regulations (collectively "Acts") are not detailed building codes. The requirements of the Acts are general in nature and open to differing interpretations. The CONSULTANT will provide services in a manner consistent with the intent of the Acts and shall comply with the Standard of Care in responding to the requirements of the Acts, but does not warrant or guarantee that the project will satisfy all possible interpretations or applications of the Acts.

SECTION 2 - CLIENT'S RESPONSIBILITIES

- 2.1 CLIENT shall provide all previous documents relating to the Project, all criteria and full information as to CLIENT's requirements for the Project and shall designate a person with the authority to act on CLIENT's behalf on all aspects of the Project. CLIENT shall give prompt written notice to CONSULTANT whenever CLIENT observes or otherwise becomes aware of any defect in the work or any error or omission in the services provided by CONSULTANT.
- 2.2 CLIENT shall also be responsible for the following and pay all costs incident thereto:
 - 1. Provide such legal, accounting and other counseling services as may be required for the project.
 - 2. Obtain and pay all costs incidental to obtaining permits from governmental authorities having jurisdiction over the Project.
 - 3. Obtain and furnish approvals from governmental authorities having jurisdiction over the Project.
 - 4. Pay all costs incident to obtaining bids or proposals from Contractor(s).
 - 5. Pay all permit, review and filing fees required by governmental agencies.
 - 6. In the event that the regulations pertinent to this contract are modified by any governing entity that result in changes to the scope of services, CONSULTANT reserves the right to renegotiate the fee of this agreement.
- 2.3 The CLIENT and CONSULTANT acknowledge that changes in design and/or construction of the Project may be required for a variety of reasons during the design, permitting and construction phases of the Project. As a result, unforeseen changes may cause the final costs of the Project to exceed the initial Project cost estimates for construction, commissioning, engineering, permitting, planning, and surveying. The CLIENT agrees to set aside sufficient funds as a contingency reserve to be used, as required, to cover any such increased Project Costs. The CLIENT also understands and acknowledges that although the CONSULTANT'S design documents shall be prepared within the Standard of Care, the Contractor may require additional information from the CONSULTANT to clarify, correct, supplement, and coordinate the design intent shown in the Construction Documents that result in increases in the Project Costs, Construction Costs, or Operational Costs, and that these costs may increase even if the CONSULTANT has complied with the Standard of Care.
- 2.4 CLIENT agrees to provide to CONSULTANT all available information necessary to perform CONSULTANT'S services under this Agreement. The CLIENT shall furnish, at CLIENT'S expense, all information, requirements, reports, data, surveys, and instructions required. CONSULTANT is entitled to rely on the accuracy and completeness of all such

information provided.

2.5 CLIENT shall furnish right-of-way entry onto the project site for CONSULTANT to perform necessary field measurements, studies or other activities as required to provide the CONSULTANT'S services.

SECTION 3 - PAYMENT TO CONSULTANT

- 3.1 The CONSULTANT will submit monthly statements requesting payment which shall be based on the amount of services provided and expenses incurred by CONSULTANT during the billing period. Payment is due CONSULTANT upon receipt of statement by CLIENT.
- 3.2 If CLIENT fails to make any payment due CONSULTANT for services and expenses within thirty (30) days after receipt of CONSULTANT'S statement therefore, the amounts due CONSULTANT shall include an additional charge at the maximum legal rate allowed by law plus reasonable attorney fees, court costs and actual expenses incurred in connection with collection of any past due amount. CONSULTANT may suspend performance of services upon ten (10) calendar days' notice to the CLIENT for failure to make payments when due, or for any other breach of this Agreement. CONSULTANT shall not have any liability whatsoever to the CLIENT for any costs or damages as a result of such suspension. If CONSULTANT resumes services after payment by CLIENT, the time schedule and compensation shall be equitably adjusted to compensate for the period of suspension plus any other reasonable time and expense necessary for CONSULTANT to resume performance. If an invoice remains unpaid for more than 90 days, CONSULTANT shall have the right, but not the obligation, to initiate collection procedures. If the CLIENT fails to make payment when due and CONSULTANT incurs any costs in order to collect sums from the CLIENT, the CLIENT agrees that all such collection costs incurred shall immediately become due and payable to CONSULTANT. This obligation of CLIENT to pay CONSULTANT'S collection costs shall survive the term of this Agreement or any termination by either party.
- 3.3 The type of fee will be specified on page one of this Agreement and shall conform to one of the following methods of payment:
- Method 1 HOURLY RATES. CLIENT shall pay CONSULTANT at the hourly rates specified on page one of this Agreement or in attachments hereto, for all services rendered by commissioning authorities, engineers, planners, principals, scientists, surveyors, and employees engaged on the project, plus an amount equal to CONSULTANT'S actual reimbursable costs related to the project times a factor to be specified on page one of this Agreement. The Standard Hourly Rates and Reimbursable Expenses Schedule will be adjusted annually to reflect equitable changes in the compensation payable to the CONSULTANT.
- Method 2 LUMP SUM. CLIENT shall pay CONSULTANT a lump sum fee for all services furnished by commissioning authorities, engineers, planners, principals, scientists, surveyors, and employees engaged on this project as necessary to complete the basic services described herein. Statements will be submitted based on CONSULTANT'S estimate of work completed during each billing period.
- Method 3 OTHER METHOD. A method to be agreed upon by CLIENT and CONSULTANT and which shall be specified on page one or in attachments to this Agreement.
- 3.4 Reimbursable expenses mean the actual expenses incurred by CONSULTANT or CONSULTANT'S associates or consultants in connection with the Project such as expenses for: transportation, subsistence (including items subject to deduction limitations), telephone calls, postage, and reproduction of documents, computer charges, equipment charges and similar project-related items.
- 3.5 If the CLIENT fails to make payment to CONSULTANT in accordance with this Agreement, this failure shall constitute a material breach of this Agreement and shall be cause for termination of this Agreement by CONSULTANT
- 3.6 Payment of invoices shall not be subject to any discounts or set-offs by the CLIENT unless agreed to in writing by CONSULTANT. Payment to CONSULTANT for services rendered and expenses incurred shall be due and payable regardless of any subsequent suspension or termination of this Agreement by either party.

SECTION 4 – OTHER TERMS AND CONDITIONS

4.1 All documents including reports, drawings, specifications and other deliverables, whether in printed or electronic media format, prepared or furnished by CONSULTANT pursuant to this Agreement are instruments of service of CONSULTANT and CONSULTANT shall be deemed the owner and author of such instruments of service. CONSULTANT shall retain all common law, statutory law and other rights, including, without limitation, all copyrights, in the instruments of service whether or not the Project is completed and regardless of whether the information is provided in paper or electronic format. CLIENT may make and retain copies for information and reference in connection with the use and occupancy of the project by CLIENT and others; however, such documents are not intended or represented to be suitable for reuse by CLIENT or others on extensions of the Project or on any other project.

The CLIENT shall not reuse or make any modification to the documents, drawings, data, or electronic files without the prior written consent of CONSULTANT. In the event the CLIENT, or the CLIENT's Contractors, subcontractors, or anyone else for whom the CLIENT is legally responsible, makes any changes to the information provided by CONSULTANT without CONSULTANT'S prior written consent, the CLIENT shall assume full responsibility for the results of such changes and agrees to waive any claim against CONSULTANT and release CONSULTANT from any liability arising directly or indirectly from such changes. In addition, the CLIENT agrees, to the fullest extent permitted by law, to defend, indemnify and hold CONSULTANT harmless from any claim, cause of action, damage, liability or cost, including reasonable attorney's fees and costs of defense, arising from any changes made by anyone other than CONSULTANT or from any reuse of the drawings, data and electronic files without the prior written consent of CONSULTANT.

The CLIENT is aware that differences may exist between the electronic files delivered and any printed hard-copy documents. In the event of a conflict between any signed hard-copy documents by CONSULTANT and electronic files, the signed or sealed hard-copy documents shall govern. CONSULTANT makes no representation as to the compatibility of electronic files with any hardware, software, or system used by the CLIENT or any other party. The CLIENT assumes all risk and cost associated with the use of these files on the CLIENT'S system. Client assumes sole and exclusive responsibility for determining if any conflict exists. Nothing in the electronic files alters the requirements of the Contract Documents, including, and without limitation, the need to check, confirm and coordinate all dimensions and details, take field measurements, verify field conditions, and coordinate the recipient's work with that of other contractors or subcontractors for the various projects

Delivery of the electronic files shall not be deemed a sale by the CONSULTANT, and the CONSULTANT makes no warranties, either express or implied, of merchantability and fitness for any particular purpose.

- 4.2 Because CONSULTANT has no control over the cost of or availability of labor, materials, equipment or services furnished by others, or over the Contractor(s) methods of determining prices, or over competitive bidding or market conditions, CONSULTANT'S opinions of probable costs including Project costs, construction costs ("Construction Costs"), or fuel, energy, or power costs ("Energy Costs") are made on the basis of CONSULTANT'S experience and qualifications and represent CONSULTANT'S judgment as an experienced and qualified professional CONSULTANT familiar with the construction industry. CONSULTANT cannot and does not warrant or guarantee that proposals, bids or actual costs including Project Costs, Construction Costs or Energy Costs will not vary from opinions of probable cost prepared by CONSULTANT.
- 4.3 In recognition of the relative risks and benefits of the Project to both the CLIENT and the CONSULTANT, the risks have been allocated such that the CLIENT agrees, to the fullest extent permitted by law, to limit the liability of the CONSULTANT to the CLIENT, and anyone claiming by or through the CLIENT, for any and all claims, losses, costs, damages of any nature whatsoever, and claims expenses from any cause or causes(including attorneys' fees and costs and expert witness fees and costs), including those resulting from negligence, breach of contract, breach of statutory duty or otherwise (collectively "Claims") so that their total aggregate liability for and in connection with the entire Project, regardless of how limited in scope the services under this Agreement may be, shall not exceed an amount equal to the CONSULTANT'S total compensation under this Agreement or the total amount of \$18,690, whichever is greater. The CLIENT further agrees that the officers, principals, directors and employees of the CONSULTANT and its agents will not be individually liable in respect of any Claims, holds such individuals harmless from all Claims and covenants not to bring any Claims against such individuals. Claims by, through or under the CLIENT shall specifically include any claims by purchasers of the Project (both first purchasers and subsequent purchasers), subsequent purchasers of the entire Project (during or after completion), lenders of the CLIENT and their assignees, any assignee of the CLIENT, and any invitee of the CLIENT. The parties agree that

specific consideration has been given by the CONSULTANT for this limitation and that it is deemed adequate. The CLIENT acknowledges that it could obtain a higher liability limit from the CONSULTANT in return for increasing the CONSULTANT's fee, but has elected not to do so.

- 4.4 Changed or Unforeseen Conditions. The CLIENT recognizes that in the course of completing the services under this Agreement, the CONSULTANT may encounter changed or unforeseen conditions which are beyond the control of the CONSULTANT and thus creating potential for claims and additional costs to the CONSULTANT which are not covered in fees charged and/or earned for services provided. Should any such changed or unforeseen condition occur during the performance of this contract, the CLIENT hereby waives any claim against the CONSULTANT and agrees to defend, indemnify and hold the CONSULTANT harmless from any claim or liability for injury or loss allegedly arising from the CONSULTANT'S encountering of changed or unforeseen conditions other than claims or liability arising from the sole negligence or willful misconduct of the CONSULTANT. The CLIENT agrees to compensate the CONSULTANT for any time spent and expenses incurred by the CONSULTANT in defense of any such claim involving changed or unforeseen conditions with such compensation based upon the CONSULTANT'S prevailing fee schedule and expense reimbursement policy.
- 4.5 In the event that a dispute should arise relating to the performance of the services to be provided under this Agreement, the CLIENT and CONSULTANT agree that they shall first attempt to resolve the dispute through direct discussion by principals or representatives with full authority to reach a compromise. If the dispute is not resolved through direct discussion, the parties will then submit the matter to mediation by a mutually agreed upon mediator. The mediation shall be held in the city where the project is located, unless the parties mutually agree to hold the mediation in another location. CLIENT and CONSULTANT further agree to include a similar mediation agreement with all Contractors, subcontractors, subconsultants, suppliers and fabricators, thereby providing for mediation as the primary method for dispute resolution between all parties. The Mediator's fee shall be shared equally by the parties. If the dispute is not resolved by mediation, the matter may then be considered by other methods of dispute resolution.
- 4.6 If CONSULTANT has reason to believe that the total cost of services to the CLIENT for work under this Agreement shall exceed the budgeted amount, CONSULTANT shall inform CLIENT in writing of such and submit a revised estimated project cost for approval. CLIENT shall not be obligated to reimburse CONSULTANT for costs incurred in excess of the estimated cost set forth in this Agreement and CONSULTANT shall not be obligated to continue performance under the Agreement or to incur costs in excess of the estimated cost set forth in this Agreement unless and until CLIENT has notified CONSULTANT in writing that the amount has been amended and shall have specified in such notice a revised estimated cost which shall thereupon constitute the estimated cost of services under this Agreement.
- 4.7 Any litigation or other dispute arising out or of or relating to this Agreement shall be governed by the law of the state in which the project is located regardless of conflict of law principles or any other choice of law provision. Unless otherwise precluded by the law of the state in which the project is located, venue and jurisdiction for any dispute shall either be in the state in which the project is located or, at Morrison-Maierle, Inc.'s sole option and discretion, may be in the First Judicial District Court, Lewis and Clark County, Montana.
- 4.8 The CONSULTANT shall not be required to execute any document that would result in its certifying, guaranteeing or warranting the existence of conditions whose existence the CONSULTANT cannot ascertain.
- 4.9 Either party may terminate this Agreement for cause upon 10 calendar days' written notice for the following reasons:
 - 1. Substantial failure by either party to perform in accordance with this Agreement;
 - 2. Assignment of this Agreement without the written consent of the other party;
 - 3. Suspension of the project or CONSULTANT'S services for more than 60 calendar days, consecutive or aggregate;
 - 4. Material changes in the conditions under which this Agreement was executed, the Scope of Services, the nature of the project, or the failure of the parties to reach an agreement on compensation and/or schedule adjustments necessitated by such changes.

In the event of a termination not the fault of CONSULTANT, the CLIENT shall pay CONSULTANT, in addition to payment for services rendered and reimbursable expenses incurred, all expenses incurred by CONSULTANT in connection with the orderly termination of this Agreement, including, but not limited to, demobilization, reassignment of personnel, associated

overhead costs, and all other expenses resulting from the termination.

- 4.10 CLIENT and CONSULTANT each binds itself and its partners, successors, executors, administrators, assigns, and legal representatives to the other party of this Agreement and to the partners, successors, executors, administrators, assigns and legal representatives of such other party, in respect to all covenants, agreements and obligations of this Agreement. Nothing herein shall be construed to give any rights or benefits hereunder to anyone other than CLIENT and CONSULTANT. There are no intended third-party beneficiaries of this Agreement.
- 4.11 In accordance with the terms of this contract, the CONSULTANT will provide labor and materials for the improvement of the CLIENT's property or property for which the CLIENT acts as agent. The terms of this contract also provide for specific payment terms to the CONSULTANT for services rendered. Should the CLIENT not comply with these payment terms, the CLIENT's property or the agent-represented property may be subject to a lien against said property for all services and materials furnished for the project. The right to claim a lien is in compliance with the lien laws of the State under jurisdiction.
- 4.12 CONSULTANT and CLIENT agree that, without prior consent of the other party, neither will offer employment to or discuss employment with any of the other party's associates or employees until one year after this Agreement is terminated.
- 4.13 If CONSULTANT mistakenly leaves out of the Construction Documents any component or item required for the Project, CONSULTANT shall not be responsible for the cost or expense of constructing or adding the component or item to the extent such item or component would have been required and included in the original construction documents. In no event will the CONSULTANT be responsible for any cost or expense that provides betterment, upgrades or enhances the value of the Project.
- 4.14 CONSULTANT and CLIENT do not intend for this Agreement to benefit any third-party. No third-party may claim to be a third-party beneficiary of this Agreement.
- 4.15 During the term of this Agreement and following its expiration or termination for any reason, neither the CLIENT nor the CONSULTANT shall transfer, assign, convey or sublet any right, claims (including any causes of action or claims alleging breach, loss or damages arising out of this Agreement), duty or obligation under it, nor any other interest therein without the prior written consent of the other party. However, CONSULTANT may, where CONSULTANT deems necessary, hire subconsultants to provide services covered by this Agreement.
- 4.16 Neither the professional activities of CONSULTANT, nor the presence of CONSULTANT at the construction/project site, shall relieve the general Contractor and all subcontractors of any of their responsibilities and duties to perform the work in accordance with the contract documents and to comply with any health or safety precautions required by any regulatory agencies. CONSULTANT does not have authority to control any Contractor or its employees in connection with their work or any health or safety programs or procedures. The CLIENT agrees that the Contractor and subcontractors are solely responsible for job site safety. Accordingly, the CLIENT shall require the Contractor and all subcontractors to indemnify, and hold harmless the CONSULTANT from any and all claims, losses, suits, damages, and liabilities, including attorneys' fees and costs, arising in any way from such contractors' or subcontractors' services or work product, except to the extent caused by the sole negligence of the CONSULTANT.
- 4.17 CONSULTANT shall assist the CLIENT in applying for permits and approvals where required by law. In cases where the scope of services requires CONSULTANT to submit, on behalf of the CLIENT, a permit application and/or approval by a third party to this contract, CONSULTANT does not make any warranties, guarantees, or representations as to the success of CONSULTANT'S effort on behalf of the CLIENT. Payment for services rendered by CONSULTANT is not contingent upon the successful acquisition of these permits.
- 4.18 Notwithstanding any other provision in this Agreement, neither the CLIENT nor CONSULTANT, their respective officers, directors, shareholders, partners, employees, agents, members, subconsultants, or employees shall be liable to the other or shall make any claim for any incidental, indirect, or consequential damages arising out of or in any way connected to the project or this Agreement. This mutual waiver of consequential damages shall include, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation, or any other consequential damages that either party may have incurred from any cause of action.
- 4.19 This Agreement is the entire agreement between CONSULTANT and CLIENT. It supersedes all prior communications,

understandings, and agreements, whether oral or written. Any Amendment or modification to this Agreement must be written and executed by both CONSULTANT and CLIENT.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.
