

BUDGET HEARING NOTIFICATION

Idaho Code requires each taxing district to notify their respective county clerks of the date, time and location of their public budget hearings. Failure to so notify the county clerk provides severe penalties that can be found in §63-802A; §63-802(1)(a) or (e); and §63-802A(3) that will affect the dollar amount of levy certification the taxing district will be allowed. There may be other code sections that also apply should a taxing district fail to comply with the requirements. *It is strongly suggested that you contact the attorney for your district and your independent auditors should you have any questions understanding the ramifications of not complying.*

THIS FORM SHOULD BE COMPLETED AND RETURNED BY EVERY TAXING DISTRICT IRRESPECTIVE OF WHETHER YOU LEVY TAX DOLLARS OR NOT.
