Clay Hutchinson, representing Carousel Smiles, presented a proposal for a community mural on the north side of the 502 Church building. He described the project as a community-driven public art effort intended to enhance the building façade. Hutchinson noted the application was denied administratively due to concerns it was too closely tied to the building's use and raised questions about distinguishing public art from signage.

Mr. Welker reported that the draft RFP and templates for the Streetlamp Banner Program were submitted on May 5, 2026, and are now posted on the City of Sandpoint website alongside the Basketball Court Mural RFP. Both application periods close May 28, 2026, with artist selections anticipated at the Commission’s next meeting.

6. Cedar Street Public Art Planning Update

Staff reported that a draft RFP for the Cedar Street public art project has been prepared and is ready for staff review.

7. Big Belly Monster Wraps Update

Chairwoman Susnis reported that City Council approved the Big Belly art recommendations on the May 6 consent calendar. Susnis is proceeding to digitize the selected designs. Commissioners discussed the potential addition of interpretive plaques or short story descriptions to accompany the installations for public engagement, particularly for children.

A vinyl production quote has been received and approved, and the project remains under budget with approximately \$122 remaining after artist stipends, installation, and printing costs. Susnis will follow up regarding payment schedule for artist stipends.

8. City Beach Basketball Court Mural Update

Director Welker reported that painting of the City Beach basketball courts will begin Thursday, followed by a brief weekend closure and completion expected next week. The project will use a simplified color scheme of two blues and white to reduce cost and time, and the new hoops are already installed and in use.

9. Northern SURA District Potential Art Projects Discussion

Director Welker and commissioners discussed potential SURA North District sites for future public art installations, including two right-of-way locations near the fairgrounds and Milltown corridor. Considerations included visibility, traffic, and site conditions such as wetlands. Director Welker will verify site eligibility and coordinate with partners as needed.

10. Historic Walking Tour Brochure Update

Ms. Susnis reported progress on obtaining vendor quotes for the historic walking tour brochure. Two quotes have been received, and a third quote from Minuteman is pending, with follow-up required due to lack of response. Commissioners discussed attendance for the Commission Assistance and Mentoring Program (CAMP) training scheduled for next Friday in Coeur d'Alene. The training is free and open to commissioners, with additional attendees encouraged to sign up.

It was noted that with expected attendance, no quorum concerns were anticipated.

12. Commercial A Historic Preservation Update

City Planner, Bill Dean, provided an update on the draft ordinance. The ordinance, currently being finalized for delivery to City Council and Planning Commission, emphasizes procedural review standards based on the Secretary of the Interior's guidelines and establishes a formal review process for exterior changes within the historic district.

Examples were discussed to illustrate potential commission review scenarios. Mr. Dean emphasized the shift toward a more structured design review process that may require commission approval for changes that previously did not require permits.
