MEMORANDUM

To: City Council
From: Emily Arteche, Community Development Director
Date: March 25, 2024
Subject: Comprehensive Plan – Economic Development Element Policy Review

Introduction

The Washington Growth Management Act (GMA) requires King County and cities within King County to update their comprehensive plans on or before December 31, 2024. The Economic Development chapter (sometimes referred to as an “element”) is an optional Comprehensive Plan Element; WAC 365-196-400 establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life.

Snoqualmie has had an Economic Development Element in the Comprehensive Plan. It is a primary work component of the Economic Development Commission, SMC 2.22. Economic Development is supported under GMA as a Statewide Goal; RCW36.70A.020 to encourage economic development throughout the state.

To facilitate the review and approval of the draft Element a roundtable discussion will be held on the recommended draft goals and policies, (see Attachment 1: EDC Recommendation dated September 27, 2024. A presentation on October 16, 2024, summarizing the work of Planning Commission was presented on January 3, 2024, to the Council Community Development Committee, (see Attachment 2: Economic Development Element PC Recommendation Presentation). The Council Committee had no further edits. The roundtable will be followed by a City Council meeting with a motion on the Element at an upcoming Council meeting.

Background

The Economic Development Element draft goals and policies were discussed at a series of meetings with the public, Planning Commission, and the Parks and Public Works Council Committee on the following dates:

Legislative/Public Meeting Dates:

- ✓ On March 22, 2023, a business roundtable was held extensive with Staff and the business community.

- ✓ On April 6, 2023, City Staff and consultants held a Comprehensive Plan Open House and received input from the public on the Element.
- ✓ On May 17, 2023, City Staff and consultants introduced the Economic Development Element, and presented draft policies on policies related to Business Retention and Recruitment and Business Climate for review and discussion.
- ✓ On June 21, 2023, City Staff presented draft policies on Planning and Investment and Enhancing and Leveraging Community Assets for review and discussion.
- ✓ On July 19, 2023, City Staff presented revised draft goals and policies on for review and discussion.
- ✓ On August 16, 2023, Economic Development Commission completed work on the draft Economic Development Element and the Chair of the Economic Development signed a draft recommended Economic Development for Planning Commission consideration.
- ✓ On August 21, 2023, the Draft Recommended Element Goals and Policies were presented to the Planning Commission. The Planning Commission requested that the Economic Development Commission consider an additional policy to address support for the Woodman restaurant as a key draw/anchor to the City's downtown tourism.
- ✓ On September 20, 2023, City Staff presented the Planning Commission's request to the Economic Development Commission for review and discussion.
- ✓ On September 27, 2023, the Economic Development Commission Chair signed a draft recommended Economic Development Planning Commission for consideration.
- ✓ On October 2, 2023, the Planning Commission reconsidered the revised draft recommended Economic Development Element.
- ✓ On October 16, 2023, the Community Development Council reviewed and discussed the draft recommended Economic Development Element, dated September 27, 2023.
- ✓ On October 18, 2023, City Staff and consultants held a Comprehensive Plan Open House and received input from the public on the Element.
- ✓ On November 6, 2023, the Community Development Council reviewed and discussed the draft recommended Economic Development Element, dated September 27, 2023.

- ✓ On November 20, 2023, the Community Development Council completed review the draft recommended Economic Development Element, dated September 27, 2023.

Draft goals and polices were solicited or early review at the state and regional level for GMA and Puget Sound Regional Council, (PSRC) Vision 2050 consistency. Although no review comments were received This recommendation does address new PSRC legislation on:

PSRC New Legislation Overview
1. Retention and Recruitment <ul style="list-style-type: none"> ❖ Local, women, and minority-owned small businesses
2. Access to Opportunity
3. Commercial Displacement
4. Environmental and Socially Responsible Business Practices
5. Culturally and Ethnically Diverse communities

Analysis

The below technical documentation was considered in preparation of this Element and is further referenced in the Comprehensive Plan. (Please see Attachment 3, 2044 Snoqualmie Comprehensive Plan Outline).

Technical Documentation Overview:

- ✓ [Economic Development Element Guide](#)
 - ❖ A summary of the local economy such as population employment, payroll, sectors, businesses, sales and other information as appropriate,
 - ❖ A summary of the strengths and weaknesses of the local economy,
 - ❖ Existing policies and programs to foster local economic growth and development.
- ✓ A Strengths and Weaknesses and Opportunities summary of the local economy, SWOT,
- ✓ Snoqualmie Census Data.

Approximately 46 bills related to the Comprehensive Plan were passed during the time span, (see Attachment 4, GMA-amendments-1995-2023). This Element required changes to be consistent with several new bills, including HB1220, planning for and accommodating, rather than just encourage the availability of, affordable housing for the economic segments.

The Economic Development Evolution Spreadsheet, (see Attachment 5) demonstrates the evolution of goals and policies, i.e., when policies were combined, moved, updated to support new requirements, modified to address public comment, eliminated to reflect current conditions and/or adapted to fit the PSRC Vision 2050. This Element is rewritten and will fit into a reorganized Plan. The updated Element is

intended to improve clarity, remove duplicative language, update terminology, reflect the values of the community and meet recent changes to the Growth Management Act and other laws.

The Economic Development Element recommendation was developed with information from the Tribe and reflects numerous public comments received during the planning process. Tribal coordination began in the Fall of 2022 and included early review before the completion of the legislative process. Additional, extensive outreach was conducted with the business community. A business roundtable was held on March 22, 2023, with a cross section of Snoqualmie business owners and City staff. Additionally, two public open house events, with dozens of attendees were held on April 6 and October 16, 2023. A “Take the Comp Plan Update Survey” provides an active -ongoing way for the public to share thoughts on our community.

Combined public outreach efforts generated 66 public comments related to this Element since the launch of the Plan update in January 2023, (see Attachment 6: Economic Development Element Public Comment Table). Many of the comments received emphasize tourism, especially around getting workers to the City or creating affordable housing for the workforce.

Public Comment Overview	
1. Tourism	<ul style="list-style-type: none"> ❖ “Tourism Oriented Businesses”, ❖ “increase tourism tax revenue”, ❖ “retail tax dollars are being lost to Issaquah”, ❖ “lack of family friendly and reliable hotel space”, ❖ “Why so many medical/dental/vision/ and other health style clinics and stores?”, ❖ “Build tourism amenities: wineries, trails, lake activities, etc”. ❖ “tourist loop on SVT?”
2. Transportation	<ul style="list-style-type: none"> ❖ “lack of rideshare may deter people visiting from nearby areas”, ❖ “get workers here from other places without any transit?”. ❖ “... workers are coming from SR 18 - going to be crazy when it's closed”.

Next Steps

Discuss the draft Economic Development Element as recommended by the EDC.

Vision: Snoqualmie aspires to be a vibrant small city offering essential goods and services for residents and visitors, a beacon for employers, and a generator of sustainable tax revenue, all while preserving its distinctive character and continuously improving quality of life.

1) Recruit businesses that meet the retail needs of residents, offer diverse employment opportunities, generate revenue to support city services, and enrich the City's unique character, while supporting the continued success of existing local businesses.

- a) Encourage a diverse range of smaller-scale, locally-based, and independently-owned businesses to locate in the downtown historic district, including grocery stores, pharmacies, and restaurants.
- b) Recruit businesses that will capture a greater share of residents' spending on retail goods and service without compromising the City's small-town look and feel.
- c) Capitalize on emerging local economic sectors, including wine tourism, weddings, film production, and outdoor recreation and events as well as regional sectors such as aerospace, information and communication technology, and life sciences.
- d) Prioritize the recruitment of businesses that follow environmental and socially responsible business practices.
- e) Prioritize the recruitment of businesses that create jobs with higher-than-average wages that are accessible to a wide range of potential employees.
- f) Strategically recruit businesses based on the features of individual vacant commercial and industrial spaces.
- g) Identify specific industries to recruit to Snoqualmie based on sectors that are well-represented in the City such as water and ice sports, health care, and telecommunications.
- h) Prioritize the recruitment of businesses that match local workforce skills to create more opportunities for residents to live and work in Snoqualmie.
- i) Support the preservation and occupancy of key historic landmarks downtown including full- service restaurants.

2) The City fosters a business climate that facilitates economic development through expedient and equitable regulations, permit review processes, and enforcement actions, while effectively preserving and protecting the area's environmental and cultural resources.

- a) Cultivate a policy and regulatory environment that helps to achieve the City's economic development goals.
- b) Consider risk of physical, economic, environmental, and cultural resource disruption or displacement on local business when creating or updating policies, regulations, investments, or programs.
- c) Explore partnerships with a Community Business Connector (CBC), Snoqualmie Valley Economic Alliance, and Snoqualmie Valley Chamber of Commerce to address challenges such as racism, language barriers, cultural differences, geographical disparities, and financial obstacles faced by small businesses to promote economic development opportunities.
- d) Strive to provide opportunities for business owners to share challenges and opportunities of the local business environment.
- e) Ensure business owners have accurate and timely information on permit applications and other review processes related to business operations.
- f) Apply and enforce rules consistently across all business types and locations.

- g) Encourage local businesses to utilize evolving technologies that lead to increased competitiveness, innovation, efficiency, productivity, and job opportunities.
- h) Foster a business environment that promotes local entrepreneurship.

3) The City advances its economic development goals and maintains its competitiveness through land use regulations, long-range and strategic planning, and capital investments.

- a) Ensure City investments, plans, and regulations promote economic growth and facilitate the expansion of the City's retail base equitably across all City commercial areas, business types, and communities.
- b) Advocate for Snoqualmie's economic interests at the county, regional, state, and federal levels.
- c) Consider creating a Meadowbrook Retail District that promotes retail and service options that enhances the future Riverwalk Trail for residents and visitors.
- d) Collaborate with intergovernmental partners to improve transit service to, from, and within Snoqualmie, aiming for increased frequency and accessibility.
- e) Attract businesses with the potential to create a high number of jobs and offer commercial spaces of varying sizes to accommodate businesses of different scales and provide space for small businesses to grow.
- f) Encourage the development of housing options that are affordable for the full range of employment opportunities in the City.
- g) Ensure that economic growth and development is balanced with environmental and cultural resource protection.
- h) Encourage the creation of public gathering spaces near commercial areas in a manner that promotes commerce.
- i) Preserve the Master Planned Business Park land use designation, focused on office, research and development, and light manufacturing/industrial uses, within the City's potential annexation area (PAA).
- j) Ensure land use regulations support and promote the development of suitable forms of overnight lodging, with a particular focus on the downtown historic district.
- k) Ensure that Snoqualmie's infrastructure supports electric vehicle charging and other emerging climate-friendly technologies adequately.

4) The City promotes desired economic development while sustaining the natural and built features that give Snoqualmie its unique sense of place that residents most value.

- a) Protect and promote the City's distinct mix of natural beauty, historic buildings, rich cultural heritage, and unique neighborhoods - including Snoqualmie Ridge, Historic Downtown, the Mill Site, and Meadowbrook, to foster desired economic development.
- b) Create wayfinding signage where Meadowbrook Way and Snoqualmie Parkway intersect with Railroad Avenue SE directing visitors to the historic downtown.
- c) Leverage Snoqualmie's distinctive sense of place and unique assets such as Meadowbrook Farm, Snoqualmie Point Park, and other large park and open spaces to attract visitors through historic and cultural events and activities.
- d) Support and celebrate the contributions of the city's existing culturally and ethnically diverse businesses, institutions, and the Snoqualmie Tribe.
- e) Maximize the Snoqualmie Riverwalk as a tourism asset that connects to the Centennial Trail and the regional Snoqualmie Valley and Preston-Snoqualmie trails while protecting downtown riverfront properties from flooding.

- f) In collaboration with the Snoqualmie Valley Chamber of Commerce, support non-profit merchant organizations in Historic Downtown Snoqualmie, Kimball Creek, and Snoqualmie Ridge to strengthen economic vitality, design, organization, and promotion.
- g) Maintain and expand a wayfinding system that effectively directs visitors to Snoqualmie's commercial and retail districts and communicates information about parking, parks, and other attractions, with a particular focus on community-friendly assets.
- h) Preserve the economic viability of Snoqualmie's historic sites, buildings, districts, landscape features and neighborhoods by identifying and preserving their character and history through collaboration with the King County Historic Preservation Program and engaging informational plaques and signs.
- i) Enrich the cultural lives of residents and visitors by placing permanent and temporary art installations in public spaces in a manner that enhances Snoqualmie's unique sense of place.
- j) Promote public art by hosting events such as Plein Air Paint Out.
- k) Encourage the creation of public murals throughout the City that are representative of the history, culture, and heritage of the Snoqualmie Valley.
- l) Protect and promote institutional, cultural, natural, and other unique resources such as the Northwest Railway Museum, Pacific West Rail Model Train Museum, Meadowbrook Farm, and the Snoqualmie Riverwalk.

Growth Management Act Amendments 1995-2023

The Washington State Growth Management Act (GMA) has been amended numerous times since originally enacted in 1990. To help local governments with evaluating whether their adopted comprehensive plans and development regulations comply with the GMA, Department of Commerce, Growth Management Services, has developed a list of annual amendments to the GMA. This list summarizes amendments to Chapter 36.70A RCW (“The Growth Management Act” or “GMA”), as well as other related statutory amendments, enacted by the Washington State Legislature from 1995 to 2023.

Each amendment is listed below, by RCW citation and original bill number, according to the year of adoption, and it includes a brief description of the legislation and identification of the local jurisdictions affected.

***Please note:** This list has been prepared to briefly summarize legislative amendments to the GMA and to assist local governments with their periodic update process under RCW 36.70A.130 and for general research. This summary is not intended to provide a complete interpretation of all GMA amendments. Other related statutes may also help implement the GMA, and this summary is not a definitive legal guide for all planning requirements.*

<p>RCW 36.70A.060 <i>SB 5374 – Relating to the adoption of county critical area ordinances by small cities</i></p> <p>Brief Description:</p> <p>The bill allows cities under 25,000 to adopt the county’s critical area ordinance by reference as long as the CAO is not under appeal. Once adopted by reference, the city is not required to take further action during future GMA periodic updates. Counties are entitled to a portion of the city’s grant funding that otherwise would have been used to update their CAOs.</p>	Counties and cities
<p>RCW 36.70A.130 <i>SB 5457 – Relating to implementing growth management task force legislative recommendations regarding small cities</i></p> <p>Brief Description:</p> <p>The bill allows cities and towns to opt out of the full comprehensive plan update process, but still must update critical areas regulations and the capital facilities and transportation elements, if the following are met:</p> <ul style="list-style-type: none"> • Has a population fewer than 500 • Is not located within 10 miles of a city with a population over 100,000 • Experienced a population growth rate of fewer than 10 percent in the preceding 10 years 	Cities and towns

<ul style="list-style-type: none"> • Adds a greenhouse gas emissions reduction sub-element that would be mandatory for 11 of the largest counties and their cities. The sub-element and implementing development regulations must identify actions the jurisdiction will take that will: <ul style="list-style-type: none"> ○ Result in reductions in overall GHG emissions generated by the transportation and land use systems within the jurisdiction but without increasing emissions elsewhere. ○ Result in reductions in vehicle miles traveled within the jurisdictions but without increasing emissions elsewhere. ○ Prioritize reductions that would benefit overburdened communities in order to maximize the co-benefits of reduced air pollution and environmental justice. • Adds a resiliency sub-element that would be mandatory for all jurisdictions planning under RCW 36.70A.040. This requirement can be satisfied by adopting by reference a FEMA natural hazard mitigation plan that is in substantial conformance with this sub-element. • The land use, capital facilities, park and recreation, utilities, and transportation elements must be updated to include certain climate change related topics, including a prohibition for denying a development permit because a project may cause the transportation level of service to fall below the minimum standard where multimodal mitigation is possible. • Requires consideration of environmental justice in order to avoid worsening environmental health disparities. • Creates a new grant program for community-based organizations to advance participation of vulnerable populations in the planning process. • Requires the Department of Ecology to update its Shoreline Master Program (SMP) guidelines to require that SMPs address the impact of sea level rise and increased storm severity. • Requires the Department of Transportation to maintain a summary of the per capita vehicle miles traveled for cities and unincorporated portions of counties; adds multimodal concurrency.

<p>Brief description:</p> <p>Federal agencies and tribes with a reservation or ceded lands within a county are required to be invited to participate in the countywide planning process. A federally recognized Indian tribe may voluntarily choose to participate in the county or regional planning process and coordinate with the counties and cities required to plan under the GMA. Once a local government receives notice from a tribe whose reservations or ceded land are in the county that the tribe has or will have a parallel planning process, the local government must enter into good faith negotiations with the tribe to attempt to reach a mutually acceptable memorandum of agreement regarding collaboration and participation in the planning process, including coordinating planning for urban growth. If such agreement cannot be reached, the local government and tribe must enter mediation. A tribe may also request that Commerce provide facilitation services to resolve issues that it has with a local government’s comprehensive planning. Delay of adoption of a local government’s comprehensive plan or development regulations due to this dispute resolution are not subject to GMHB appeal regarding the delay.</p> <p>Countywide planning policies must include policies that address the protection of tribal cultural resources in collaboration with tribes that choose to participate in the planning process. <p>RCW 36.70A SHB 1135: AN ACT Relating to aquifer conservation zones in qualifying island cities without access to potable water sources outside their jurisdiction; and adding a new section to chapter 36.70A RCW.</p> <p>Brief Description: Allows any qualifying island city to designate one or more aquifer conservation zone to conserve and protect potable water sources.</p> <p>Specifies that conservation zones may not be considered critical areas except to the extent that specific areas located within zones qualify for critical area designation and have been designated as such. Allows a city declaring one or more conservation zone to consider whether an area is within a zone when determining the residential density of that area.</p> <p>Specifies that residential densities within conservation zones, in combination with other densities of the city, must be sufficient to accommodate projected population growth.</p>	Any qualifying island city that meets specified criteria.
<p>RCW 36.70A Amending RCW 76.09.240 SHB 1409: AN ACT Relating to the transfer of jurisdiction over conversion-related forest practices to local governments.</p> <p>Brief Description: The process for transferring authority to approve or disapprove forest practices applications is repealed. A new mechanism with new dates is established. Some counties and cities are required to adopt forest practices approval ordinances by the end of 2008, while the other counties and cities retain the discretion to not assume the responsibility for approving forest practices. The requirements on local governments vary depending on whether a county plans under the Growth Management Act (GMA), although the path for transferring jurisdiction remains constant across all counties.</p> <p>The trigger for determining if a county or city is required to adopt these ordinances is the number of forest practices applications that have been submitted within the county for the</p>	Counties and cities meeting qualifying criteria.

They must also adopt ordinances for the approval of all four class types of forest practices when those applications are submitted for land located within an urban growth area.</p> <p>The only land over which the GMA-planning counties and cities are not required to assume jurisdiction are ownerships of 20 contiguous acres or more.</p> <p>A county or city may not assume the jurisdiction for forest practices approvals without bringing their critical areas and development regulations in compliance with the current requirements and notifying both the DNR and the DOE at least 60 days before adoption of the necessary ordinances.</p>	
<p>RCW 36.70A SSB 5248: Preserving the viability of agricultural lands.</p> <p>Brief Description: Counties and cities may not amend or adopt critical areas ordinances (CAOs) as they specifically apply to agricultural activities until July 1, 2010. This does not limit obligations of a county or city to comply with requirements pertaining to critical areas not associated with agricultural activities nor limit the ability of a county or city to adopt or employ voluntary measures or programs to protect or enhance critical areas associated with agricultural activities.</p> <p>Counties and cities subject to deferral requirements should implement voluntary programs to enhance public resources and the viability of agriculture, and must include measures to evaluate their success. By December 1, 2011, counties and cities subject to deferral are to review and revise CAOs to comply with the requirements of this chapter.</p> <p>Subject to the availability of funds, the Ruckelshaus Center is directed to commence, by July 1, 2007, a two-phase examination of the conflicts between agricultural activities and CAOs.</p> <p>The Center is to issue two reports of its fact-finding efforts and stakeholder discussions to the Governor and the appropriate legislative committees by December 1, 2007, and December 1, 2008. A report on the second phase including findings and legislative recommendations is to be issued to the Governor and to the Legislature by September, 1, 2009.</p> <p>The Center is to work to achieve agreement among participating stakeholders and to develop a coalition that can be used to support agreed upon changes or new approaches to protecting critical areas during the 2010 Legislative Session.</p>	<p>All cities and counties, if proposing critical areas ordinance amendments.</p>

<p>RCW 36.70A SB 6014: Authorizing industrial development on reclaimed surface coal mine sites.</p> <p>Brief Description: Certain qualified counties planning under the GMA may designate a master planned location for major industrial activity outside UGAs on lands formerly used or designated for surface coal mining and supporting uses. Counties authorized to designate major industrial development on former surface coal mining uses must have had a surface coal mining operation in excess of 3,000 acres that ceased operation after July 1, 2006, and that is located within 15 miles of the I-5 corridor.</p> <p>Designation of a master planned location for major industrial activities is an amendment to the comprehensive plan of the county. The master planned location must be located on land formerly used or designated for surface coal mining and supporting uses, that consist of an aggregation of land of at least 1,000 acres, and that is suitable for manufacturing, industrial, or commercial business. The master planned location must include criteria for the provision of new infrastructure and an environmental review must be done at the programmatic level.</p> <p>Approval of a specific major industrial activity is conducted through a local master plan process and does not require comprehensive plan amendment. The development regulations adopted must provide that the site consist of 100 or more acres of land formerly used or designated for surface coal mining; must prevent urban growth in the adjacent nonurban areas; and limit commercial development.</p>	<p>Lewis County</p>
<p>36.70A.367 SHB 1965: Authorizing major industrial development within industrial land banks.</p> <p>Brief Description: The requirements for designating master planned locations for major industrial developments outside Urban Growth Areas are revised. A master planned location for major industrial developments may be approved through a two-step process: designation of a land bank area in the applicable comprehensive plan; and subsequent approval of specific major industrial developments through a local master plan process.</p> <p>The applicable comprehensive plan must identify locations suited to major industrial development because of proximity to transportation or resource assets. The comprehensive plan must identify the maximum size of the land bank area and any limitations on major industrial developments based on local factors, but the plan need not specify particular parcels or identify any specific use or user.</p> <p>In selecting locations for the land bank area, priority must be given to locations that are adjacent or in close proximity to a UGA. The environmental review for amendment of the comprehensive plan must be at the programmatic level and, in addition to a threshold determination, must include:</p> <ul style="list-style-type: none"> ➤ a county-conducted inventory of developable land indicating that land suitable to site qualifying industrial development is unavailable within the UGA; and ➤ an analysis of the availability of alternative sites within UGAs and the long-term annexation feasibility of sites outside UGAs. <p>Final approval of a land bank area must be by amendment to the comprehensive plan, but the amendment may be considered at any time. <p>development within the land bank area requires no further amendment of the comprehensive plan.</p> <p>Development Regulations Amendments In concert with the designation of a land bank area, a county must also adopt development regulations for review and approval of specific major industrial developments through a master plan process. The regulations governing the master plan process must ensure, at a minimum, that specific criteria, including the following, are met:</p> <ul style="list-style-type: none"> ➤ urban growth will not occur in adjacent nonurban areas; ➤ development is consistent with development regulations adopted for protection of critical areas; ➤ required infrastructure is identified and provided concurrent with development. <p>Such infrastructure, however, may be phased in with development; and an open record public hearing is held before either the planning commission or hearing examiner with notice published at least 30 days before the hearing date and mailed to all property owners within one mile of the site.</p> <p>Termination and Eligibility Provisions Separate eligibility criteria pertaining to population, unemployment, and geographic requirements for counties choosing to identify and approve locations for major industrial development in land banks are specified. Termination provisions with dates certain are deleted and replaced with provisions requiring, in part, that a county choosing to identify and approve locations for land banks must take action to designate one or more of these banks and adopt regulations meeting certain requirements on or before the last date to complete the county's next periodic comprehensive plan and development regulations review that occurs before December 31, 2014. The authority of a county to designate a land bank area in its comprehensive plan expires if not acted upon within these time limitations.</p> <p>Once a land bank area has been identified in a county's comprehensive plan, the authority of the county to process a master plan or site projects within an approved master plan does not expire.</p> <p>Public Notification and Determination Requirements New notification and written determination requirements are specified. Counties seeking to designate an industrial land bank must:</p> <ul style="list-style-type: none"> ➤ Provide countywide notice, in conformity with specific public participation and notification provisions of the GMA, of the intent to designate an industrial land bank. These notices must be published in one or more newspapers of general circulation that are reasonably likely to reach subscribers throughout the applicable county at least 30 days before the county legislative body begins the consideration process for siting a land bank; and ➤ Make written determinations of the criteria and rationale used by the county legislative body for siting a land bank.

Legislative Session 2004

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
<p>RCW 36.70A ESSB 6401: Protecting military installations from encroachment of incompatible land uses</p> <p>Brief Description: Legislative findings in the amendments recognize the importance of the United States military as a vital component of the Washington State economy, and it is identified as a priority of the state to protect the land surrounding military installations from incompatible development.</p> <p>Comprehensive plans, development regulations, and amendments to either should not allow development in the vicinity of a military installation that is incompatible with the installation's ability to carry out its mission requirements. A consultation procedure is established whereby counties and cities must notify base commanders during the process of adopting or amending comprehensive plans or development regulations that will affect lands adjacent to the installations.</p>	Counties and cities with land adjacent to military installations.
<p>RCW 35.61.160 SB 6593: Prohibiting Discrimination Against Consumers' Choices in Housing</p> <p>Brief Description: Cities, code cities, and counties generally are required to regulate manufactured homes in the same manner as all other homes. They may require new manufactured homes to meet requirements such as the following: (1) the foundation must meet the manufacturer's design standard, (2) the placement of concrete or a concrete product between the base of the home and the ground, and (3) thermal standards must be consistent with the standards for manufactured homes.</p>	All counties and cities.
<p>RCW 36.70A.170 SB 6488: Ordering a study of the designation of agricultural lands in four counties</p> <p>Brief Description: By December 1, 2004, CTED will prepare a report on designation of agricultural resource land in King, Lewis, Chelan, and Yakima counties. The report will cover how much land is designated, how much is in production, changes in these amounts since 1990, comparison with other uses, effects on tax revenue, threats to the agriculture land base, and measures to better maintain the base and the agriculture industry.</p>	King, Lewis, Chelan, and Yakima counties are studied.
<p>RCW 36.70A .070 ESHB 2905: Modifying provisions for type 1 limited areas of more intensive rural development</p> <p>Brief Description:</p>	Counties that have designated Type 1 LAMIRDs.

Growth Management Act Amendments 1995-2023

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
<p>Any development or redevelopment within one category of existing LAMIRDs must be principally designed to serve the existing and projected rural population. Building size, scale, use, or intensity of the LAMIRD development or redevelopment must be consistent with the character of the existing areas.</p> <p>Development or redevelopment may include changes in use from vacant land or a previously existing use if the new development conforms to certain requirements.</p>	
<p>RCW 36.70A.106 SHB 2781: Changing provisions relating to expedited state agency review of development regulations</p> <p>Brief Description: Proposed changes to development regulations by jurisdictions that plan under the GMA can receive expedited review by CTED and be adopted immediately thereafter, if timely comments regarding GMA compliance or other matters of state interest can be provided.</p>	<p>All counties and cities (optional).</p>
<p>RCW 36.70A.110 SSB 6367: Protecting the integrity of national historical reserves in the UGA planning process</p> <p>Brief Description: The existing requirement that cities and counties must include areas and densities sufficient to permit the urban growth projected for the succeeding 20-year period does not apply to those UGAs contained totally within a national historical reserve. When a UGA is contained totally within a national historical reserve, a city may restrict densities, intensities, and forms of urban growth as it determines necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve</p>	<p>Cities that are totally within a national historic reserve.</p>
<p>RCW 36.70A.177 SB 6237: Providing nonagricultural commercial and retail uses that support and sustain agricultural operations on designated agricultural lands of long-term significance</p> <p>Brief Description: Agricultural zoning can allow accessory uses that support, promote, or sustain agricultural operations and production, including compatible commercial and retail uses that involve agriculture or agricultural products or provide supplemental farm income.</p>	<p>Counties. (optional)</p>
<p>RCW 36.70A.367 SSB 6534: Designating processes and siting of industrial land banks</p> <p>Brief Description: The requirements for including master planned locations within industrial land banks and for siting specific development projects are separated so that designation of master planned locations may occur during the comprehensive planning process before a specific development project has been proposed.</p> <p>Some of the current criteria for designating a master planned location within an industrial land bank may be delayed until the process for siting specific development projects within a land bank occurs.</p> <p>Designating master planned locations within an industrial land bank is considered an adopted amendment to a comprehensive plan, and approval of a specific development project does not require any further amendment to a comprehensive plan.</p>	<p>Counties meeting qualifying criteria.</p>

Growth Management Act Amendments 1995-2023

RCW, Bill Number, Brief Description for Legislative Session 2004	Cities/Counties Affected
<p>RCW 36.70B.080 HB 2811: Modifying local government permit processing provisions</p> <p>Brief Description: Existing requirements for timely and predictable procedures for processing permit applications by local governments are clarified. For the buildable lands jurisdictions, performance-reporting requirements are reinstated and changed to an annual basis. A report on the projected costs of this reporting with recommendations for state funding must be provided to the Governor and the Legislature by January 1, 2005.</p>	Buildable Lands Counties: Clark, King, Kitsap, Pierce, Snohomish, Thurston and their cities with population > 20,000.
<p>RCW 36.70 SB 6476: Designating manufactured housing communities as nonconforming uses</p> <p>Brief Description: Elimination of existing manufactured housing communities on the basis of their status as a nonconforming use is prohibited.</p>	Cities and counties.
<p>SSCR 8418: Creating a joint select legislative task force to evaluate permitting processes</p> <p>Brief Description: A joint select legislative task force is established to make recommendations regarding permitting processes by January 1, 2006, after evaluating local development regulations of selected jurisdictions among the “buildable lands” counties and their cities over 50,000.</p> <p>The task force is composed of the chairs and ranking minority members of the Senate Committee on Land Use and Planning and the House Local Government Committee. The Governor will be invited to participate and form a Five Corners Task Force.</p> <p>An advisory committee is also established to assist the task force and is composed of CTED, the Department of Ecology, the Office of Regulatory Assistance, a county, a city, the business community, the environmental community, agriculture, labor, the property rights community, the construction industry, ports, and federally recognized Indian tribes.</p>	None.

Legislative Session 2003

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
<p>RCW 36.70A SSB 5602: Concerning the accommodation of housing and employment growth under local comprehensive plans</p> <p>Brief Description: Counties and cities subject to the GMA are required to ensure that, taken collectively, actions to adopt or amend their comprehensive plans or development regulations provide sufficient capacity of land suitable for development within their jurisdictions.</p> <p>The requirement for sufficient capacity refers to accommodating a jurisdiction’s allocated housing and employment growth as adopted in the applicable county-wide planning policies and consistent with the 20-year population forecast from the Office of Financial Management.</p>	Counties and cities fully planning under the Growth Management Act.

Growth Management Act Amendments 1995-2023

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
<p>RCW 36.70A.070 SSB 5786: Clarifying the scope of industrial uses allowed in rural areas under the GMA</p> <p>Brief Description: Industrial uses are permitted under the GMA in both industrial and mixed-use areas in certain types of LAMIRDs. Industrial uses within specified LAMIRDs are not required to be principally designed to serve the existing and projected rural population in order to be lawfully zoned</p>	Counties with qualifying LAMIRDs.
<p>RCW 36.70A.110 S HB 1755: Creating alternative means for annexation of unincorporated islands of territory</p> <p>Brief Description: The amendments create an alternative method of annexation allowing jurisdictions subject to the buildable lands review and evaluation program of the GMA to enter into interlocal agreements to annex qualifying territory meeting specific contiguity requirements. It creates an alternative method of annexation allowing GMA buildable lands counties to enter into interlocal agreements with multiple municipalities to conduct annexation elections for qualifying territory contiguous to more than one city or town.</p>	Snohomish, King, Pierce, Kitsap, Thurston, and Clark Counties and their cities.
<p>RCW 36.70A.280 SB 5507: Clarifying who has standing regarding growth management hearings board hearings</p> <p>Brief Description: The requirement under the GMA for participation standing before a growth management hearings board is that a petitioner must have participated orally or in writing before the local government. An additional requirement to obtain participation standing is added and provides that only issues “reasonably relate” to issues that the aggrieved person previously raised at the local level can be considered by the board</p>	Counties and cities fully planning under the Growth Management Act.
<p>RCW 36.70A.367 SB 5651: Authorizing land banks in certain counties with low population densities</p> <p>Brief Description: The industrial land bank program under the GMA is amended to provide that counties meeting certain geographic requirements are eligible for the program based on population density criteria, rather than unemployment criteria. The amendments clarify that Jefferson and Clallam counties are eligible for the program under this provision.</p>	Counties meeting qualifying criteria.
<p>RCW 36.70A.450 HB 1170: Limiting restrictions on residential day-care facilities</p> <p>Brief Description: A county cannot zone against or otherwise prohibit the use of a residential dwelling as a family day-care facility in a residential or commercial zone. The county can require the family day-care facility to comply with safety and licensing regulations and zoning conditions that are imposed on other dwellings in the same zone.</p>	Counties, cities and towns.
<p>RCW 36.70A.480 ESHB 1933: Integrating Shoreline Management Act and Growth Management Act provisions</p>	Counties and cities subject to the

Growth Management Act Amendments 1995-2023

RCW, Bill Number, Brief Description for Legislative Session 2003	Cities/Counties Affected
<p>Brief Description: The goals of the GMA, including the goals and policies of the Shoreline Management Act (SMA), continue to be listed without priority. Shorelines of statewide significance may include critical areas as designated by the GMA, but shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance. Within shoreline jurisdiction, the Shoreline Master Program (SMP) will protect critical areas and regulations will be reviewed for compliance with the SMA. However, SMP regulations must provide a level of protection of critical areas at least equal to that provided by the county or city’s adopted or thereafter amended critical areas ordinances.</p>	Shoreline Management Act.
<p>RCW 90.58.080 SSB 6012: Establishing limits on the adoption of state shoreline guidance and setting a schedule for local adoption</p> <p>Brief Description: The Washington State Department of Ecology (Ecology) may adopt amendments to the shorelines guidelines no more than once per year and the amendments must be related to technical, procedural, or compliance issues. A staggered statutory schedule for the update of shoreline master programs, running from 2005 to 2014 and every seven years after the initial deadline, is established. Limits on grants from Ecology to local governments for master program reviews are removed and new requirements for the receipt of such grants are created</p>	None.

Legislative Session 2002

RCW 36.70A.011: Findings – Rural lands

The amendment adds a new section containing legislative finds to support the amendment to the Rural Element requirements in RCW 36.70A.070.

RCW 36.70A.020: Planning goals

The amendments change the economic development goal to add the underlined words: Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state’s natural resources, public services, and public facilities.

The open space goal is amended to read as follows: Retain open space, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

RCW 36.70A.070: Comprehensive plans – Mandatory elements

The amendments:

Change the requirements for the Rural Element of comprehensive plans to (1) authorize limited expansion of small-scale businesses in the rural area, and (2) authorize new businesses in the rural area to use sites previously occupied by rural businesses.

Change the Housing Element to require the inventory of housing needs to include the number of housing units necessary to manage projected population growth.

Change the Capital Facilities Element to require the inclusion of parks and recreation facilities.

Require comprehensive plans to include an Economic Development Element and a Parks and Recreation Facilities Element if money to implement these requirements is appropriated by the Legislature.

Growth Management Act Amendments 1995-2023

RCW 36.70A.103: State agencies required to comply with comprehensive plans

The law is amended to cross-reference new provisions for siting secure community transition facilities for sex offenders.

RCW 36.70A.130: Comprehensive plans – Review amendments

The amendments change the deadlines for reviewing and updating comprehensive plans and development regulations adopted under the GMA and clarify the requirements relating to the reviews and updates.

RCW 36.70A.200: Siting of essential public facilities – Limitation on liability

The amendments clarify that the deadline for adopting a process for siting secure community transition facilities for sex offenders must be adopted by September 1, 2002, even though deadlines for GMA reviews and updates were changed in amendments to RCW 36.70A.130. It exempts noncompliance with the September 1, 2002, deadline from challenge before the growth management hearings boards and from economic sanctions under the GMA's enforcement provisions.

RCW 36.70A.367: Major industrial developments – Master planned locations

The amendment establishes a pilot program authorizing the designation of industrial land banks outside urban growth areas if specified requirements are satisfied.

Legislative Session 2001

RCW 36.70A.103: State agencies required to comply with comprehensive plans

The amendment authorizes the Department of Social and Health Services (DSHS) to site and operate a Special Commitment Center and a secure community transition facility to house persons conditionally released to a less restrictive alternative on McNeil Island. The state's authority to site an essential public facility under RCW 36.70A.200, in conformance with comprehensive plans and development regulations, is not affected, and with the exception of these two facilities, state agencies must comply with those plans and regulations.

RCW 36.70A.200: Siting of essential public facilities

The amendments add secure community transition facilities, as defined in RCW 71.09.020, to the list of essential public facilities typically difficult to site. Each city and county planning under RCW 36.70A.040 is required to establish a process, or amend its existing process, for identifying and siting essential public facilities, and to adopt and amend its development regulations as necessary to provide for the siting of secure community transition facilities. Local governments are required to complete this no later than the deadline set in RCW 36.70A.130. Any city or county not planning under RCW 36.70A.040 is required to establish a process for siting secure community transition facilities and amend or adopt development regulations necessary to provide the siting of these facilities.

RCW 36.70A.367: Major industrial developments – Master planned locations

The amendment extends the deadline for counties eligible to use the industrial land bank authority. Currently, Grant County and Lewis County satisfy all three criteria. Until December 2002 eligible counties may establish a process for designating a bank of no more than two master planned locations for major industrial activity outside a UGA. Eligible counties must meet statutory criteria initially specified for the authority terminating on December 1999.

Legislative Session 2000

RCW 36.70A.520: National historic towns

The amendment allows counties planning under RCW 36.70A.040 to authorize and designate national historic towns that may constitute urban growth outside UGAs, if specified conditions are satisfied. A GMA county may allocate a portion of its 20-year population projection to the national historic town to correspond to the projected number of permanent town residents.

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

Growth Management Act Amendments 1995-2023

The amendment adds language stating that for the purposes of being required to conform to the requirements of the GMA, no county is required to include in its population count those persons confined in a correctional facility under the jurisdiction of the state Department of Corrections that is located in the county.

Legislative Session 1999

RCW 36.70A.035: Public participation – Notice provisions

The amendment adds school districts to list of entities and affected individuals to be provided with notice of comprehensive plan and development regulation amendment.

Legislative Session 1998

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

The amendment adds the requirement for cities or counties to amend the Transportation Element to be in compliance with Chapter 47.80 RCW no later than December 31, 2000.

RCW 36.70A.060: Natural resource lands and critical areas – Development regulations

The requirement for notice on plats and permits issued for development activities near designated resource lands is expanded to activities within 500 feet, instead of 300 feet, of the resource lands. The notice for mineral lands is required to include information that an application might be made for mining-relating activities. Land Use Study Commission recommendation

RCW 36.70A.070: Comprehensive plans – Mandatory elements

The amendment requires cities or counties to include level of service standards for state highways in local comprehensive plans in order to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and WSDOT six-year investment program. Inventories of transportation are required to include state-owned transportation facilities.

RCW 36.70A.131: Mineral resource lands – Review of related designations and development regulations

A county or city is required to take into consideration new information available since the adoption of its designations and development regulations, including new or modified model development regulations for mineral resource lands prepared by the Washington State Department of Natural Resources, CTED, or the Washington Association of Counties.

RCW 36.70A.200: Siting of essential public facilities

State or regional facilities and services of statewide significance as defined in Chapter 47.06 RCW are added to the list of essential public facilities under the GMA. Included in the definition, among others, are high speed rail, inter-city high speed ground transportation, and the Columbia/Snake navigable river system.

RCW 36.70A.210 County-wide planning policies

Transportation facilities of state-wide significance are added to the minimums that county-wide planning policies are to address.

RCW 36.70A.360: Master planned resorts

Master planned resorts are expressly authorized to use capital facilities, utilities, and services (including sewer, water, stormwater, security, fire suppression, and emergency medical) from outside service providers. Any capital facilities, utilities, and services provided on-site are limited to those meeting the needs of master planned resorts. Master planned resorts are required to bear the full costs related to service extensions and capacity increases directly attributable to the resorts.

RCW 36.70A.367: Major industrial developments

Additional counties (Lewis, Grant, and Clallam) are authorized to establish industrial land banks for two master planned locations by December 31, 1999. Sunset dates are extended for Clark and Whatcom counties to December 31, 1999.

Growth Management Act Amendments 1995-2023

RCW 36.70A.395: Environmental planning pilot projects

Technical corrections are made to eliminate references concerning reports to the Legislature that are no longer necessary or have expired.

RCW 36.70A.460: Watershed restoration projects – Permit processing – Fish habitat enhancement project

A fish habitat enhancement project meeting the criteria of this law is not subject to local government permits, inspections, or fees. Such projects, when approved and a hydraulic permit has been issued, are not required to complete a substantial development permit under the SMA. Fish habitat enhancement projects that meet the criteria of this act are considered to be consistent with local shoreline master programs.

Legislative Session 1997

RCW 36.70A.030: Definitions

The definition of urban growth is amended to expand the listed incompatible primary uses of land to include the following: rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. Additionally, the following is added: A pattern of more intense rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth.

The following terms “rural character,” “rural development,” and “rural governmental services” are defined.

The following: or “urban services” is added to the definition of “urban governmental services.” (ESB 6094 amendments)

RCW 36.70A.035: Public participation – Notice provisions

Requirements for GMA counties and cities to adopt procedures for notifying property owners and other affected or interested parties of proposed amendments to comprehensive plans and development regulations are added. The procedures generally follow the notice requirements currently in the State Environmental Policy Act (SEPA). (ESB 6094 amendments)

The requirement is added that a county or city considering an amendment to a comprehensive plan or a development regulation needs to allow for public comment on the proposed change before adoption. (ESB 6094 amendments)

RCW 36.70A.070: Comprehensive plans – Mandatory elements

Provisions that are to apply to the Rural Element are specified. (ESB 6094 amendments.)

RCW 36.70A.110: Comprehensive plans – Urban growth areas

“Urban growth areas” is deleted from subsection (2) and the following is added: “and each city within the county” so it now reads: based on OFM projections, “...the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected...” (ESB 6094 amendments)

RCW 36.70A.130: Comprehensive plans – Review – Amendments

Language related to the 2002 review requirement is added to the GMA: No later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. (ESB 6094 amendments)

An amendment to the Capital Facilities Element of the comprehensive plan is allowed if it occurs concurrent with the adoption or amendment of a county or city budget.

RCW 36.70A.165: Property designated as greenbelt or open space – Not subject to adverse possession

Adverse possession is prohibited on property designated as open space to a public agency or homeowner’s association. (ESB 6094 amendments)

Growth Management Act Amendments 1995-2023

RCW 36.70A.177: Agricultural lands – Innovative zoning techniques

The amendment allows a variety of innovative zoning techniques in designated agriculture lands of long-term commercial significance. (ESB 6094 amendments)

RCW 36.70A.215: Review and evaluation program

The Buildable Lands Program is created. Six Western Washington counties and the cities located within their boundaries are to establish a monitoring and evaluation program to determine if the actual growth and development is consistent with what was planned for in the county-wide planning policies and comprehensive plans. Measures, other than expanding UGAs, must be taken to correct any inconsistencies. (ESB 6094 amendments)

RCW 36.70A.270: Growth management hearings boards – Conduct, procedure, and compensation

It amends the boards' procedures for distribution of rules and decisions to follow the Administrative Procedures Act, Chapter 34.05 RCW, specifically including the provisions of RCW 34.05.455 governing ex parte communications. (ESB 6094 amendments)

RCW 36.70A.290: Petitions to the growth management hearings boards – Evidence

The board is to render written decisions articulating the basis for its holdings. The board is not to issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order. (ESB 6094 amendments)

RCW 36.70A.295: Direct judicial review

The superior court is allowed to directly review a petition for review if all parties to a case before a board agreed to direct review in the superior court. (ESB 6094 amendments)

RCW 36.70A.300: Growth management hearings boards – Final orders

The boards may extend the time for issuing a decision beyond the 180-day period to allow settlement negotiations to proceed if the parties agree to the extension. The boards may: (1) allow up to 90-day extensions that may be renewed; (2) establish a compliance schedule that goes beyond 180 days for a plan or development regulation that does not comply with the GMA if the complexity of the case justifies it; and (3) require periodic updates on progress towards compliance as part of the compliance order. (ESB 6094 amendments)

RCW 36.70A.302: Determination of invalidity – Vesting of development permits – Interim controls

A clarification is made on which permits invalidity orders apply to. (ESB 6094 amendments)

RCW 36.70A.320: Presumption of validity – Burden of proof – Plans and regulations

The burden is shifted to the petitioner to demonstrate that any action by a respondent is not in compliance with the requirements of the GMA. The board is required to find compliance unless it determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of the GMA. (ESB 6094 amendments)

RCW 36.70A.3201: Intent – Finding

Local comprehensive plans and development regulations require counties and cities to balance priorities and consider local circumstances. The ultimate responsibility for planning and implementing a county's or city's future rests with that community. The boards are to apply a more deferential standard of review to actions of counties and cities than the previous "preponderance of the evidence" standard. (ESB 6094 amendments)

RCW 36.70A.330: Noncompliance

The board is enabled to modify a compliance order and allow additional time for compliance in the appropriate circumstances. The board is directed to take into account a county's or city's progress toward compliance in making its decision as to whether to recommend the imposition of sanctions by the Governor. (ESB 6094 amendments)

RCW 36.70A.335: Order of invalidity issued before July 27, 1997

A county or city subject to an order of invalidity issued prior to the effective date of the act may request the board to review its order in light of the changes to the invalidity provisions. If requested, the board is required to rescind or modify an order to make it consistent with the act's changes. (ESB 6094 amendments)

RCW 36.70A.362: Master planned resorts – Existing resort may be included

Growth Management Act Amendments 1995-2023

Counties planning under the GMA may include some existing resorts as master planned resorts under a GMA provision that allows counties to permit master planned resorts as urban growth outside of UGAs. An existing resort is defined as a resort that was in existence on July 1, 1990, and developed as a significantly self-contained and integrated development that includes various types of accommodations and facilities.

RCW 36.70A.367: Major industrial developments – Master planned locations

Whatcom County is authorized, in consultation with its cities, to establish a process for designating land to be in an industrial land bank, according to certain conditions.

RCW 36.70A.500: Growth management planning and environmental review fund – Awarding of grants – Procedures

CTED is directed to encourage participation in the Planning and Environmental Review Fund (PERF) by other public agencies through the provision of grant funds. CTED is required to develop the grant criteria, monitor the grant program, and select grant recipients in consultation with state agencies participating in the grant program. Grants from PERF are to be provided for proposals designed to improve the project review process and which encourage the use of GMA plans to meet the requirements of other state programs. (ESB 6094 amendments)

Legislative Session 1996

RCW 36.70A.070: Comprehensive plans – Mandatory elements

General aviation airports are added to subsection (6)(i) relating to required subelements of a Transportation Element as defined by this section.

RCW 36.70A.270: Growth management hearings boards – Conduct, procedure, and compensation

The boards are required to publish their decisions and arrange for reasonable distribution of them. The Administrative Procedures Act (APA) is to be used for the boards' procedures, unless it conflicts with RCW 36.70A. The APA also is to be used to determine whether a board member or hearing examiner will be disqualified.

RCW 36.70A.280: Matters subject to board review

A clarification is made on who may file petitions with the boards (i.e., standing).

RCW 36.70A.305: Expedited review

Courts are to expedite reviews on invalidity determinations made by the boards. Hearings on the issues are to be scheduled within 60 days of the date set for submitting the board's record.

RCW 36.70A.367: Major industrial developments – Master planned locations

The GMA is amended to allow a pilot project to designate an urban industrial bank outside UGAs. A county is allowed to establish the pilot project if it has a population of more than 250,000 and if it is part of a metropolitan area that includes a city in another state with a population of more than 250,000 (Clark County). The urban industrial land banks are to consist of no more than two master planned locations. Priority is to be given to locations that are adjacent to or in close proximity to a UGA. The same criteria are to be met that are required under the existing major industrial development process in the GMA, except that specific businesses to locate on the site(s) need not be identified ahead of the designation. The pilot project terminates on December 31, 1998.

RCW 36.70A.510: General aviation airports

General aviation airports are added to the list of items that all local governments must include in the land use elements of their comprehensive plans. General aviation airports include all airports in the state (i.e., public use facilities).

Legislative Session 1995

RCW 36.70A.030: Definitions

A definition of "wetlands" is added to the Shoreline Management Act that is identical to the definition under the GMA. Excluded from the wetlands definitions under both acts are wetlands created after July 1, 1990, that were unintentionally created as the result of road construction.

Growth Management Act Amendments 1995-2023

RCW 36.70A.040: Who must plan – Summary of requirements – Development regulations must implement comprehensive plans

The percentage of population increase required to trigger planning under the GMA is changed from 10 percent to 17 percent for a ten-year period for counties with a population of 50,000 or more.

RCW 36.70A.070: Comprehensive Plans – Mandatory elements

The following underlined text is added in subsection (5): The Rural Element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses and may also provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate rural uses not characterized by urban growth.

The word “recognizing” is changed to “ensuring” for what the Housing Element must do as noted in the act so it now reads: “...ensuring the vitality and character of established residential neighborhoods.” “Mandatory provisions” and “single-family residences” are added to the following: “...include a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences.

RCW 36.70A.110: Comprehensive Plans – Urban growth areas

Counties are allowed to designate UGAs outside of cities. A UGA determination may include a reasonable land market supply factor and is to permit a range of urban densities. The term “in general” was added to the GMA statement that indicates urban services are to be provided by cities.

RCW 36.70A.130: Comprehensive plans – Review

Cities and counties are to broadly disseminate to the public, a public participation program.

The provision is added that amendments may be considered more than once a year under the following circumstances: (1) emergency compliance with a growth management hearings board order, (2) the initial adoption of a subarea plan, and (3) the adoption or amendment of a Shoreline Master Program according to chapter 90.58 RCW.

The requirement of public participation is added to the emergency amendment process already permitted by the GMA and the resolution of a growth management hearings board or court order as an amendment permitted outside of the comprehensive plan amendment cycle. (ESHB 1724 amendments)

RCW 36.70A.140: Comprehensive Plans – Ensure public participation

The requirement of a public participation program that identifies procedures is added. Local governments must also provide public participation that is effective when responding to a board order of invalidity. (ESHB 1724 amendments)

RCW 36.70A.172: Critical areas – Designation and protection – Best available science to be used

The state’s goals and policies for protecting critical areas functions and values are clarified. Local governments are required to include the “best available science” in developing policies and development regulations to protect the functions and values of critical areas as defined in the GMA and must give special consideration to preserving or enhancing anadromous fisheries.

RCW 36.70A.175: Wetlands to be delineated in accordance with manual

Ecology is directed to adopt by a rule a manual for the delineation of wetlands regulated under the SMA and GMA. The manual is based on the 1987 U.S. Army Corps of Engineers and the U.S. Environmental Protection Agency manual as amended through January 1, 1995.

RCW 36.70A.280: Matters subject to board review

Shoreline master programs or amendments adopted under Chapter 90.58 RCW are added as subjects for growth management hearings board review. (ESHB 1724 amendments)

RCW 36.70A.290: Petitions to growth management hearings boards – Evidence

Growth Management Act Amendments 1995-2023

The publication date for a Shoreline Master Program or amendment is established to be the date when the Shoreline Master Program or amendment is approved or disapproved by Ecology.

RCW 36.70A.300: Growth management hearings boards – Final orders
The Shoreline Master Program and amendments are added to final order procedures.

A finding of noncompliance is not to affect the validity of comprehensive plans or development regulations. The parameters of an invalidity determination by the boards, including vesting issues, are established.

RCW 36.70A.320: Presumption of validity
The Shoreline Element of a comprehensive plan and applicable development regulations adopted by a city or county are governed by Chapter 90.58 RCW and are not presumed valid upon adoption in the same manner as comprehensive plan and development regulations in general. (ESHB 1724 amendments)

RCW 36.70A.330: Noncompliance
Invalidity text is added. The board is allowed to reconsider its final order and decide: (a) if a determination of invalidity has been made, whether to rescind or modify its determination as provided by RCW 36.70A.300(2), or (b) if no invalidity determination has been made, whether to issue a determination as provided by RCW 36.70A.300(2).

Language is added that a person with standing may participate in a hearing of compliance or noncompliance. (ESHB 1724 amendments)

RCW 36.70A.365: Major industrial developments
Counties planning under the GMA are allowed to establish, in consultation with cities, a process for authorizing the siting of major industrial developments outside UGAs. Such a development may be approved if certain criteria are met.

RCW 36.70A.385: Environmental planning pilot projects
References for the “Department of Community Development” to changed to “department.”

RCW 36.70A.450: Family day-care provider’s home facility – City may not prohibit in residential or commercial area
The agency responsible for certifying that a family day-care provider’s facility provides a safe passenger loading area is changed from the Washington State Department of Licensing to the Office of Child Care Policy of DSHS.

RCW 36.70A.460: Watershed restoration projects – Permit processing – Fish habitat enhancement project
The Washington Conservation Commission is directed to develop a single application process by which all permits for watershed restoration projects may be obtained by a sponsoring agency for its project, to be completed by January 1, 1996. Each agency is required to name an office or official as a designated recipient of project applications and inform the commission of the designation. All agencies of state and local government are required to accept the single application developed by the commission.

RCW 36.70A.470: Project review – Amendment suggestion procedure – Definitions - GMA integrated project and environmental review is to be conducted under the newly created provisions of Chapter 36.70B RCW.

RCW 36.70A.480: Shorelines of the state
Under the GMA, (1) the goals and policies of the SMA become one of the goals of the GMA under RCW 36.70A.020, and (2) the goals and policies of a Shoreline Master Program for a county or city are required to become an element of the jurisdiction’s comprehensive plan. All other portions of the Shoreline Master Program including regulations are required to become part of the county’s or city’s development regulations. Additionally, shoreline master programs are to continue to be amended or adopted under the procedures of the SMA (Chapter 90.58 RCW).

RCW 36.70A.481: Construction
Nothing in RCW 36.70A.480 (shorelines of the state) is to be construed to authorize a county or city to adopt regulations applicable to shorelands as defined in RCW 90.58.030 that are inconsistent with the provisions of Chapter 90.58 RCW. (ESHB 1724 amendments)

Growth Management Act Amendments 1995-2023

RCW 36.70A.490: Growth Management Planning and Environmental Review Fund – Established
Moneys in the fund are required to be used to make grants to local governments for the purposes set forth in RCW 43.21C.031. (ESHB 1724 amendments)

RCW 36.70A.500: Growth Management Planning and Environmental Review Fund – Awarding of grants –
Procedures
Procedures are established for dispersing funds. (ESHB 1724 amendments)

Chapter 36.70B RCW: Regulatory reform - Regulatory reform amendments are made to streamline permitting
procedures in the state. (ESHB 1724 amendments)

4/6/2023	Open House	Add more commerce / big box stores (right now people go to Issaquah to buy and spend tax \$)	Economic Development
4/6/2023	Open House	Build tourism amenities: wineries, trails, lake activities, etc	Economic Development
4/6/2023	Open House	prioritize people over business - current comp plan talks about livability when attracting employers; focus on those jobs that will be filled by City residents (there is currently a huge reverse commute of people who work at low paid retail jobs in Snoqualmie, but can't afford to live here)	Economic Development
4/8/2023	Online Survey	The "pool" project needs to be put to a vote of the citizens. The survey you conducted 5 years ago is no longer relevant. It was before the pandemic and the massive inflation we have seen. With all of the talk in the city about our fiscal condition, we should not be spending \$15-30 MILLION on a renovation for the YMCA. This is absurd and you know the voters will not approve this. IF(!) a pool is absolutely needed in this town, work with Si View on their pool project. We can likely get one extremely nice facility vs. two janke ones. The entrance to our downtown area from the Parkway is pathetic. At that intersection, tourists are greeted with what looks like a train junkyard. I get that it's historic and likely means a lot to a train buff, but it looks like a run down junkyard. Please make that intersection better. The model train museum that is considering moving here at that location will help a lot. Please give them incentives to do this. Wine tourism is good for the city!	Economic Development
4/9/2023	Online Survey	The City needs to find a way to sustain more tourist oriented businesses on Falls Ave between King and River St. That would really create a critical mass for keeping tourists here longer and therefore spending more.	Economic Development
4/9/2023	Online Survey	The City is going to have a fiscal reality check if we do not increase tourism tax revenue. If the Council agrees, then that point needs to be made more often and with greater clarity to the voters as most do not seem to get it.	Economic Development

4/10/2023	Online Survey	the mill site plan might bring in a lot of people and workers and sounds good but not sure it will work out unless we can get people who want to work here in the city of Snoqualmie. Nobody except local people want to work here since they think we are too far away. it might not be a planning thing but what is the city doing to get workers here from other places without any transit? If they can't afford to live here, how can they afford to commute here?	Economic Development
4/11/2023	Online Survey	We need some attractive commercial center	Economic Development
4/11/2023	Online Survey	Huge retail tax dollars are being lost to Issaquah because we don't have restaurants and businesses here in Snoqualmie	Economic Development
4/11/2023	Online Survey	Would like more focus on developing a comprehensive strategy for our Snoqualmie retail footprint, in particular on the Ridge. The empty store fronts and lack of variety in retailers is disappointing. Why so many medical/dental/vision/ and other health style clinics and stores? Why not more restaurants, shopping, clubs, etc. I leave this community and my money constantly because you offer nothing in this area. Because we have no retail footprint to collect sales taxes, my property taxes continue to rise, so take a look at building out some kind retail that attracts and maintains money to this community.	Economic Development
4/14/2023	Online Survey	One of the biggest limitations to growing local tourism is lack of family friendly and reliable hotel space. We have a casino, tons of outdoor activities, the trains, the waterfall, downtown shopping areas, festivals, and more. But nowhere for people to stay to make a weekend of it. The ideal place for a really great family hotel would be by the Casino (with shuttle service to other areas) or as part of the North Bend Outlet Mall footprint. But even having the hotel we have in Snoqualmie be more affordable and reliable would be good. (Reviews range from terrible to fantastic. Almost equally. That's not good.) A good competitor would drive higher quality standards and lower prices. Which would drive more weekend trips rather than day trips. Which would drive tourist dollars, the development of new events, and the growth of existing festivals and events. At least, that's what I observe with the limited information I have available to me. Also, Dollar Tree is not good for Snoqualmie.	Economic Development
4/26/2023	Online Survey	Need more restaurants	Economic Development
5/2/2023	In-Person Meeting	Laurie Hay (Director of Sales & Marketing at Snoqualmie Inn) · Seek more corporate business · They are very popular because of their shuttle; other non-SOV travel options very limited (including to/from airport) · They draw on lots of outdoor opportunities (Rattlesnake, skiing, dirtfish) · Draw on lots of farm-based weddings · Staffing an issue - everyone who works here doesn't live here. Not a huge draw for the 18-25 crowd. · Trail guides are very useful for guests. · Like to have tangible things to distribute with information about the Valley	Economic Development
5/9/2023	Online Survey	We need more commercial or penalize the vacant development on the ridge.	Economic Development
5/11/2023	Online Survey	I'd like to see mixed use housing and upgrades downtown for increased economic development	Economic Development
6/5/2023	Business Roundtable	Transportation remains an issue – lack of rideshare may deter people visiting from nearby areas.	Economic Development
6/5/2023	Business Roundtable	Would like to see more signage directing people to Venture Plaza; there are small businesses there but they are difficult to see from the Parkway	Economic Development
6/5/2023	Business Roundtable	Hard time hiring at \$24/hr. not sure why people don't want to come to Snoqualmie.	Economic Development
6/5/2023	Business Roundtable	Not enough public trash can cleaning on Center Blvd between Mayrand and Kinsey.	Economic Development
6/5/2023	Business Roundtable	Most people's employees don't live in Snoqualmie.	Economic Development
6/5/2023	Business Roundtable	Could potentially advertise up in Monroe due to SVT service? .	Economic Development
6/5/2023	Business Roundtable	For big events like the Boeing Classic, visitors are bussed in from large parking lots elsewhere so there is a lost opportunity for foot traffic.	Economic Development
6/5/2023	Business Roundtable	Amphitheater at the bottom of Center street would be great	Economic Development

6/5/2023	Business Roundtable	some business may move out because there is no room for expansion.	Economic Development

6/3/2023	Online Survey	The current housing landscape seems appropriate enough to deliver a modern suburban feeling as well as retain the small town charm. I feel further expansion of housing must be slowed down. We need to create a theme for our community similar to Leavenworth (Bavarian). We must capitalize on the mystery theme that our town had since twin peaks. Maybe introduce some fun outdoor events like lumberjack games etc.	Economic Development
10/18/2023	Open House	Can we encourage more small-biz growth downtown? Would love to see if fully walkable like downtown North Bend	Economic Development

4/7/2023	Online Survey	I would LOVE if the William's addition can be put on city sewer!	
5/24/2023	Online Survey	Would like to see some infill density added to downtown and across the River in the Mill district.	
7/12/2023	Online Survey	We are very happy with our choice to move out of the city of Seattle and live in Snoqualmie. We are looking forward to being lifelong residents and active members of the community.	Nice Comment
7/13/2023	Online Survey	The hotel is already starting to show signs of decline and the adjacent unfinished building is a detracton from the quality of the area.	Economic Development
10/18/2023	Open House	Can we keep the open space at Center Blvd intersection for concerts and community events? The location is great for attracting passing traffic/peds.	Economic Development
10/18/2023	Open House	The ROA from the Ridge turned our tax dollars over to the City of Snoqualmie!! Our Landscape Commission group perhaps needs to move to the city to help with our areas beautiful needs.	Out of Scope
10/18/2023	Open House	Is there a way to cross-promote downtown and ridge events and businesses? Some perople would love to know more even when they only stay in one section of town	Economic Development
