### REGULAR BUSINESS

- **Dog Park Discussion:** Commissioner Vermeulen inquired about a pop-up dog park in the Ridge, specifically on/near school district property on McCullough Street. The topic of a pop-up dog park is a continuation from the June 20, 2023 meeting. Discussion followed. Planning for a temporary pop-up dog park is tabled until next year after the Kimley Horn analysis. Community Liaison Wiebe noted that future planning should include choices, outreach, voting, and notification to get buy in from the community.
- **Trail Maintenance Discussion:** Comment on Silent Creek Trail needing some maintenance to trim overgrowth specifically behind Timber Ridge. Interim City Administrator Chambless noted they are doing trail maintenance, bridge repairs, cleaning up storm ponds, tree replacements, etc. He will speak with Phil who is the correct point of contact for this issue. Chambless advised the commission that a summary of P&PW activity is provided at the first Council meeting of each month and they are welcome to review those agendas.

- **Splashpad Update:** Interim City Administrator Chambless updated the commission noting the project is moving forward with a plan to present to Council at the August 14, 2023, meeting. - **Community Center Update:** Interim City Administrator Chambless provided an update noting the design build contract is going to Council at the August 14, 2023, meeting. The plan is to have the design completed by December and will address pickle ball and tennis court issues. He noted there is no preliminary design at this point. He also noted the city received a \$1 million dollar grant from the county for this project. As soon as there is some design work to show, Chambless will share with the commission.
