B. Business-Office District (BO). The business-office district is intended principally for providing space within the city for smaller-scale office uses, but also allows for some retail and service uses.

C. Business-Retail District (BR). The business-retail district is intended to serve as the core pedestrian-oriented shopping area within the historic downtown area, with uses serving as shopping catalysts to other businesses within the district. Ground floor retail sales and services are encouraged with offices and professional services on upper floors. The business-retail district should support the downtown historic district by encouraging the use of architectural styles which reflect the history of the city and the railroad depot. The business-retail district is divided into two subdistricts, as follows:

1. BR-1. The BR-1 subdistrict is intended for retail, shopping and dining uses in a pedestrian-oriented environment.

2. BR-2. The BR-2 subdistrict contains all properties within the BR district outside of those listed within the BR-1 subdistrict and is intended to contain retail as well as commercial and professional service uses.

D. Office Park District (OP). The office park district is intended to provide areas appropriate for commercial and office uses, such as medical, dental, and other professional services.

E. Planned Commercial/Industrial District (PCI). The planned commercial/industrial district is intended to provide areas in the city for master planned commercial/industrial uses, which might include single- or mixed-use retail, office, light industrial and open space uses. All development on parcels of two acres or larger upon which more than one principal structure is to be constructed shall be subject to the requirements of this chapter.
