

Six-Year Transportation Improvement Plan (TIP)

Background:

- Six-Year Transportation Improvement Plan (TIP): Represents the City's transportation work plan.
- The TIP must be updated yearly (RCW 35.77.010).
- It does not need to showcase prioritization.
- The TIP is not revenue constrained (Projects do not need revenue to be identified in order to be included).
- To receive State and Federal grants for transportation projects they must be included within the TIP.
- The City's TIP is/can be referenced by both Puget Sound Regional Council's (PSRC) Regional TIP and by Washington State Department of Transportation's State TIP (STIP).

Proposed Changes

- Remove Completed Projects
 - I90 Interchange Replacement
 - SR 18 Widening
- Modify based on updated information
 - Snoqualmie Parkway and SE 99 St intersection
 - SR 18 Widening
- Re-rank based on above impacts holding priority

Public Noticing Requirements

- Public Noticing Requirements: For Council to adopt a 2027-2032 Transportation Improvement Plan(TIP) a Public Hearing must be held.
- Public Hearings require a notice of 2 weeks (12 days) to meet state requirements.
- Staff request permission to issue the public notice for a Public Hearing at City Council on June 22, 2026.
