DEVELOPMENT AGREEMENT

This Development Agreement (this “Agreement”) is between the City of South Jordan, a Utah municipal corporation (“City”) and J.L. Salt Construction, Inc. dba Dream Home Builders (“Developer”). City and Developer are jointly referred to as the “Parties” and each may be referred to individually as “Party.”

RECITALS

A. Developer owns certain real property identified as Salt Lake County Assessor Parcel Numbers 27-22-201-020-0000 and 27-22-201-028-0000, located at 11147 S. Redwood Road which is more specifically described in attached **Exhibit A** (the “Property”).

B. Developer intends to develop the Property consistent with the Concept Plan attached hereto as **Exhibit B** (the “Concept Plan”). The development of the Property as proposed on the Concept Plan is generally referred to as the “Project.”

C. The City, acting pursuant to its authority under the Land Use Development and Management Act (as codified in Utah Code Ann. § 10-9a-102(2) et seq., hereafter the “Act”) and the South Jordan City Municipal Code (the “City Code”), and in furtherance of its land use policies, goals, objectives, ordinances, resolutions, and regulations, has determined that this Agreement is necessary and appropriate for the use and development of the Property within the City.

D. The Property is currently subject to the Planning and Land Use Ordinance of the City and is within the City’s A-5 (Agricultural, minimum 5 acre lot) Zone and R-2.5 (Single-family residential, 2.5 lots per acre) Zone, as depicted in the attached zoning map attached hereto as **Exhibit C**.

E. The Developer desires to develop the Property in conformity with this Agreement and desires a zone change on the Property from A-5 and R-2.5 to R-M-PD (Residential-Multiple-Planned Development Zone, hereafter sometimes referred to as the “PD” Zone”), applicable provisions attached hereto as **Exhibit D**.

F. The Parties acknowledge that the purpose of the PD Zone is “to allow for flexibility in the application of zoning regulations and development provisions of this title to advance a public interest through prescriptive requirements of a development plan and development agreement approved by the City Council.” (*See* City Code § 17.130.050.010.)

G. The Parties acknowledge that development in the PD Zone requires a development agreement specific to each area zoned as a PD Zone.

H. The Parties acknowledge that the development and improvement of the Property pursuant to this Agreement will provide certainty useful to the Developer and to City, individually and collectively, in ongoing and future dealings and relations among the Parties pertaining to the development of the Project.

I. The City has determined that the proposed development contains features which advance the policies, goals, and objectives of the City’s General Plan; preserve and maintain the open and sustainable atmosphere desired by the citizens of the City; contribute to capital improvements which substantially benefit the City; and will result in economic benefits to the City and its citizens.

J. This Agreement shall only be valid upon approval of such by the City Council and pursuant to Resolution R2023-25 a copy of which is attached as **Exhibit E**.

K. The Parties acknowledge that the terms of this Agreement shall be enforceable and the rights of the Developer relative to the Property shall vest only if the City Council, in its sole legislative discretion, approves a zoning change from the A-5 and R-2.5 Rezone to the R-M Zone as the base zone and the PD Zone as a zoning overlay for the Property, and approves R2023-25 (*see*, **Exhibit E**).

L. The Parties, having cooperated in the drafting of this Agreement, understand and intend that this Agreement is a “development agreement” within the meaning of, and is entered into pursuant to, the terms of Utah Code Ann. § 10-9a-103(12).

The purpose of the Planned Development Floating Zone (PD) is to allow for flexibility in the application of zoning regulations and development provisions of this title to advance a public interest through prescriptive requirements of a development plan and development agreement approved by the City Council. The PD may be applied to specific geographical areas ("districts") in circumstances that address a unique situation, confer a substantial benefit to the City, or incorporate design elements or a mixture of uses that represent a significant improvement in quality over what could otherwise be accomplished by standard zoning and development provisions. Such circumstances may include, but are not limited to: improvements in open space and amenities, environmental and resource preservation, tree and vegetation protection, slope accommodations, improved infrastructure efficiency, exceptional and innovative site or building design, increased public benefits, and complementary integrated land uses. The City Council shall consider the purpose of the base zone and the impacts on and from surrounding properties when approving a PD District.

(Ord. 2016-05, 5-3-2016)

17.130.050.020: ESTABLISHMENT

1. Procedure:

1. Concept: A concept plan, that includes a preliminary site layout, basic sketches of proposed buildings, and a general understanding of proposed uses, shall be submitted for City Council review. Applicants are encouraged to work with staff prior to application to achieve an understanding of the surrounding area, the purpose of the base zone, and the goals and policies of the City's general plan. The Council shall provide advisory comments and recommendation regarding the concept plan to assist in the preparation of the development plan according to subsection B of this section. No action will be taken by the Council, and comments and recommendations will not obligate, compel, or constrain future action by the Council.
2. Rezone: A PD District shall only be established upon approval by the City Council as a rezone according to the provisions of chapter 17.22, "Zoning Amendments", of this title and as may be required elsewhere in this title, except that the requirement for a conceptual plan in subsection 17.22.030D of this title shall be replaced with a development plan according to subsection B of this section. Except in those instances where the Applicant is the City of South Jordan the development plan shall be approved by development agreement in conjunction with the rezoning approval. If the Applicant is the City of South Jordan the development plan may be approved as part of the rezone without a development agreement.
3. Concurrent Site Plan Or Preliminary Subdivision (Optional): At the applicant's option and with the approval of the Planning Director, the applicant may submit a site plan application and/or preliminary subdivision application to be processed concurrently with a PD rezone. In the case of concurrent applications, Planning Commission approval of a concurrent site plan and/or preliminary subdivision shall be contingent on the City Council's approval of the PD rezone. (Ord. 2016-05, 5-3-2016; amd. Ord. 2019-01, 3-5-2019)

2. Development Plan Requirements:

1. A written statement shall be provided that explains the intent of the proposal, explains how the PD provisions will be met, and identifies the requested revisions to standard zoning and development provisions.
2. A map and other textual or graphic materials as necessary to define the geographical boundaries of the area to which the requested PD District would apply.

3. A development plan shall also include:

 2. A PD District shall not be approved in the P-C Zone or Single-Family Residential Zones (R-1.8, R-2.5, R-3, R-4, R-5).
4. Effect Of Approval:
 1. All of the provisions of this Code, including those of the base zone, shall be in full force and effect, unless such provisions are expressly waived or modified by the approved development plan and/or development agreement.
 2. An approved PD District shall be shown on the zoning map by a "-PD" designation after the designation of the base zone district.
 3. No permits for development within an approved PD District shall be issued by the City unless the development complies with the approved development plan. (Ord. 2016-05, 5-3-2016)
 4. The Planning Director may authorize minor deviations from an approved development plan to resolve conflicting provisions or when necessary for technical or engineering considerations. Such minor deviations shall not affect the vested rights of the PD District and shall not impose increased impacts on surrounding properties. (Ord. 2016-05, 5-3-2016; amd. Ord. 2019-01, 3-5-2019)
5. Vested Rights:
 1. A property right that has been vested through approval of a PD District shall remain vested for a period of three (3) years or upon substantial commencement of the project. CHAPTER 17.60 COMMERCIAL ZONES

17.60.010: PURPOSE

17.60.020: DEVELOPMENT AND DESIGN STANDARDS

17.60.030: OTHER REQUIREMENTS

17.60.010: PURPOSE

This chapter is established to provide standards and regulations, consistent with the city's general plan and the purposes and provisions of this title, for commercial areas in the city. This chapter shall apply to the following commercial zones established in chapter 17.20, "Zone Establishment", of this title: C-N, C-C, and C-F zones. Uses may only be conducted in commercial zones in accordance with the regulations of this code. Allowed use (permitted and conditional), accessory use, temporary use, and other associated use regulations are found in chapter 17.18, "Uses", of this title.

1. C-N Zone: The purpose of the C-N zone is to provide areas where small scale commercial retail and service uses may be located to accommodate the daily needs of local residents and passing motorists. Uses should be harmoniously integrated with surrounding neighborhoods and impose minimal detriment resulting from traffic, lighting, noise, or other negative effects.
2. C-C Zone: The purpose of the C-C zone is to provide areas for large scale community or regional retail and service uses. These areas will generally be located near major transportation hubs but should be designed to buffer neighboring residential areas. Coordinated circulation, architecture and landscaping and a balance of uses should be incorporated in developments.

3. C-F Zone: The purpose of the C-F zone is to provide areas along the interstate freeway for major commercial uses that are both compatible with and dependent on freeway visibility and access. Developments should be generally upscale with attention given to coordination of traffic circulation and building placement. Developments should provide a pleasing and functional environment that represents the quality of life in the city and also enhances employment opportunities and the retail tax base of the city.

(Ord. 2015-09, 12-1-2015)
