Briefly explain why you would like to serve on the Vision Sonora Committee: \_\_\_\_\_

I would like to have the opportunity to complete the projects that we have begun and the ones that are in the pipeline.

The Vision Sonora Project was created by the community and the vision was to have community groups work  
to create shovel ready projects so that when money became available we had a better chance to get the  
money and do the projects. I have personally worked really hard to see this come to fruition. There is still work to be done.

*I hereby confirm that I have sufficient time to devote to this responsibility and plan to attend the required meetings if I am appointed to this position. I understand that if I am appointed to the Vision Sonora Committee, a Statement of Economic Interests Form 700 is required by State Law or Council Policy and shall file this form within thirty (30) calendar days of assuming office. I hereby consent that this document is considered a public record and will be available to the public for review.*
