94 N. Washington Street
Sonora, CA 95370
Parking & Traffic Commission Request

Name: Ariane Cannon		Date: 04-07-23
Address: 594 Maple St., Sonora CA 95370		
Home Phone #		Work Phone #
Location of Concern: Maple Street between W. Lytton Street and Bulwer Street		
<p>Nature of Request: There is "No Parking" sign on the east side of Maple Street, but it is unclear as to scope. It could mean the one spot or the whole east side of the street. Whatever its current designation, I am requesting that the No Parking scope extend the length of the east side of Maple Street. This request is being made to address:</p> <p>(1) Safety: Each end of Maple St. is a blind corner on a hill, so cars that park there make it impossible to see oncoming traffic in either direction, especially at night; also, non-op parked vehicles impede traffic for emergency, business and residential vehicles;</p> <p>(2) Property Damage: Non-op cars, trailers, and construction equipment stored on the east side of Maple for years by a non-Maple resident impede travel for actual residents and the many vendors and local business trucks that use Maple, so that they are required to drive into the City's water culvert to avoid them, and the culvert has become visibly damaged; and</p> <p>(3) Law Enforcement: A defined scope would give law enforcement the ability to enforce the law regarding, for example, damage caused by vehicles that park too near the middle of the street, non-op vehicle and trailer storage, and unsafe parking.</p> <p>I do not think any resident on the east side of Maple St. would be negatively affected by a no parking designation, because their property accesses are on Olive St. below.</p> <p>Thank you for your consideration. Please contact me if you have any questions about this request.</p>
