Cases For discussion:

21-34- On January 9, 2021, Charles Christopher Sweeting, 41, of Sacramento, was visiting the area and staying at a local hotel. A verbal domestic between Sweeting and his girlfriend escalated into a physical battery, causing injury. Sweeting was subsequently arrested and booked for felony domestic battery. During the investigation and after interviewing several subjects, it was determined that Sweeting was possibly in possession of a handgun. Continuing with the investigation, the Officer established probable cause to search the area the firearm was believed to be. The firearm was located and seized in accordance with domestic violence laws.

20-104- On January 29, 2021, an adult male resident visited friends at a local hotel. During the visit, two additional males arrived. One of the arriving males knew of our local resident as there was a previous altercation with the arriving male's brother. Without warning, the arriving male robbed the local resident of all of his belongings under threats for force. The two arriving males then left the area. Officers conducted an area check with negative results. During the subsequent investigation, the Officer established the primary aggressor's identity in the robbery. All attempts to locate and/or arrest the subject produced negative results, but a complaint was sent to the District Attorney for an arrest warrant request.
