Subject: Future work session

Hello,

I am reaching out because I would like to add to our NEXT work session a topic about “Adopting roads in SLP”, this would be much like adopting a highway but no road signs put up. We would be looking at a map and decided which roads should even be available for adoption and then recognizing those who do adopt a road in some way.

I realize this is a very loose idea, I have provided a few link to cities that have done something like this and the way they utilize it.

<https://www.minneapolismn.gov/government/programs-initiatives/clean-city/adopt-a-street/>

<https://www.dot.state.mn.us/adopt/>

<https://cityofeagan.com/adopt-a-street>

<https://www.burnsvillemn.gov/242/Adopt-A-Street>

Let me know what you think.
