City of Spring Lake Park  
ATTN. SLP Police Department  
1301 81st Ave. NE  
Spring Lake Park, MN 55432

Once again I wish to express my deepest appreciation for the extraordinary service of the SLP Police Department and city maintenance staff. Friday March 5th on a trip to our local Cub store my means of transportation, a PRIDE scooter failed power at the intersection of 81st Ave. NE and Monroe St. NE. My son arrived along with SLP Police Officer Dave. I expected to push the scooter home but soon a city maintenance vehicle and driver arrived, loaded said scooter on to the truck and delivered it to my home at 7902 Able St. NE. What a tremendous and unexpected service! I feel great pride and gratitude to live in a community with such dedicated servants to its residents. Thank you again to all involved SLP personal.

Sincerely grateful,

*Erna Thornley*

### Narratives

#### ORIGINAL OFFICER NARRATIVE

While on patrol I found E. Thomley at the above location with her mobility scooter. Her scooter was having mechanical issues and would not run. I contacted Public Works and Ken responded to help. I assisted Ken in lifting the scooter into his truck and he brought the scooter home for E. Thomley. E. Thomley's son arrived and gave her a ride home. NFA
