22	ea	15 Gallon Tree Gator Watering Bag (Flat Ring Style)	\$45.00	\$990.00
			TOTAL	\$9,730.00

NOTES:

- * Anything not specifically listed above is excluded from bid.
- * Bid includes Union Scale Wages.
- * Prices include initial watering of plant materials at the time of planting. Ongoing watering of plants after installation is the responsibility of owner. Tree Gator Watering Bags are the property of SLP after bill has been paid and they can use them as they see fit.
- * It is recommended that these plants be planted prior to June 15th in order to give them the best chance at establishment. If the city of SLP determines that they are unable to be planted prior to June 15th then it is recommended that the planting be delayed until the fall planting window of August 15th through October 1st.
- * Bid based on attached proposed location plant provided by MWL. Actual planting locations will be field determined and will be coordinated with City of Spring Lake Park.
- * Prices include a one year, one time replacement warranty from the date of installation. Warranty does not cover damage by insects, rodents, disease, salt damage or over watering. Account must be paid in full for warranty to be honored.
- * Bid does not include any restoration or repair of seeded areas or blanket that may be disturbed during plant installation. MWL will take as much care as possible to limit disturbance during installation.
- * Bid assumes that on site soil will be suitable for tree planting and backfilling of trees. No soil import has been included in quote.
- * **Bid excludes:** irrigation, soils, hardscapes (retaining walls, pavers, etc.), maintenance, bonds or permits unless specified above
- * Midwest Landscapes will receive the site clean, weed free, free of construction debris and at required subgrade elevation ready to receive sod or mulch layer
