Hello,

We received a letter regarding an upcoming meeting for the University Service Rd issues. We are unfortunately not able to make the meeting on the 19th, however are in agreement with the proposal to make this street a no parking zone to eliminate congestion, litter, and overall safety.

The traffic we've observed tends to be due to the residents of the Northtown Apartments parking their cars continually. It was not this way 2-3 years prior but started to gradually become an issue with cars parked along the whole side of the street and at times on both sides. As a result, cars could not get through both ways due to lack of space. There has also been auto work done on vehicles where the doors are open creating space issues and cars themselves are parked diagonal in the street where you can't get through (the residents wouldn't move the car either and you had would have to back up and take another route). Additionally, at times people have stood outside their parked vehicles playing loud music which is also a nuisance.

The trash/litter was also becoming a problem due to people throwing their garbage on the street when they get out of their cars. Last summer, there was a couch thrown in the ditch as well as old tires. The SLP city council acted on this and it hasn't been as bad, but I have noticed more trash since the vehicles parking on the street are picking up again.

Recently, it appears 2-3 of the apartment residents are parking their work vans in the street which is not a parking lot for them. Below is a picture.

University Service Drive has not been the only street the residents have been parking on, but the Service Rd is the worst offender and it's gotten out of hand. I'm not sure why they are parking on the streets and not in their designated parking lots, but it would be appreciated to eliminate congestion, litter, safety and overall appearance of our nice neighborhood.

Please let me know if you have any questions. Thank you kindly for your consideration and review.

Kind Regards,
Brom & Amy Nikrad
325 Rosedale Rd NE
