Re: 2022 Second Half Suburban Rate Authority Assessment

Dear Mr. Buchholtz:

Enclosed is the second half assessment for 2022 membership in the SRA. Please note that if the City has already paid its full 2022 assessment, we are still enclosing the notice confirming the \$0.00 owing for 2022. The SRA member option to cover its full annual assessment with the first half assessment invoice is always available to members to reduce the administration of paying in two semi-annual installments.

This has been a very busy year for the Suburban Rate Authority. If interested in detail on the matters being addressed by the SRA, I refer you to the meeting packets provided for each of the quarterly meetings held in January, April, July, and October. The SRA has intervened in both the Xcel Gas and Xcel Electric rate petitions for increases in rates. The Xcel Gas case may be resolved prior to the SRA's final quarterly meeting of 2022 in October. The Xcel Electric case is for a three-year rate increase and likely will not be completed until late winter or spring of 2023.

We thank you for your City's continued membership in and valuable contribution to the SRA, a collective voice for municipal interests in gas, electric and telecommunication matters.

Very truly yours,

James M. Strommen
 General Counsel
