

Memorandum

To: Mayor Nelson and Members of the City Council
From: Terry Randall, Public Works Director
Date: August 31, 2023
Subject: Public Works Report – August 2023

The month of August we continue to pick garbage daily , recycle and weed whip all of the city properties. We continue to mow all of the city properties.

All of the parks have been aerated and all of the playgrounds have had fresh wood chips installed. When it had rained we went out and cleaned all of the catch basins in the city.

All of the sanitary sewers in the city have been cleaned, thanks to Ken Prokott for coming back and working part time on this project.

All of the streets have been painted , arrows ,stop bars, and cross blocks. Also I had the streets restriped and things look very clean and bright.

We continue to patch streets with potholes; so far, we have put down 14 ton of asphalt. We have a few streets to go.

We cleaned up where we had a water main brake on the service rd by city wide towing , installed black dirt and seed.

On the 10th, I attended a meeting on health insurance
On the 14th, I attended the budget workshop
