

4-19-22

Planning Commission  
members,

Unfortunately I am  
unable to attend the  
April 25<sup>th</sup> meeting, but I  
would like to voice my  
concerns about the  
proposed car wash on  
Middletown Road. I  
am against this plan.

Do we really need  
another car wash?

There are already at least  
seven in our area.

I am concerned about

the amount of traffic a car wash will bring. The number of cars that will be lined up on our narrow road waiting for a wash. I am also concerned about the noise level of the car wash as well as the noise from the waiting cars (engines running and loud radios). Finally, what will happen to our property value? Who will want to buy a home next to a car wash? I ask you please not to approve this proposal.

Thank you,

Kathy Pascoe  
8182 Middletown Rd
