SPECIAL STIPULATIONS

1. Provide an as-built survey of the invert elevations of the 42-inch RCP pipe to verify location and elevation with the approved plans.

EROSION AND SEDIMENT CONTROL STIPULATIONS

1. Erosion control measures shall be in place prior to grading activities and maintained through project completion. These features can include sediment logs, erosion blankets, sod, riprap, silt fence and temporary or permanent vegetation.
2. The District Inspector may require additional erosion control features, dependent upon site condition.
3. Refer to the MPCA "Protecting Water Quality in Urban Areas" manual at <http://www.pca.state.mn.us/water/pubs/sw-bmpmanual.html> for BMPs.
4. Please contact the District Inspector at 763-398-3070 if you have questions or to discuss site stabilization practices.

GENERAL PROVISIONS

1. The project shall be in accordance with the plans most recently submitted and approved by the District as part of the record of this project.
2. This permit is not assignable by the Permittee, except with the written consent of the RCWD.
3. The Permittee shall grant access to the site at all reasonable times during and after construction to authorized representatives of the RCWD for inspection of the work authorized hereunder.
4. In all cases where the Permittee, by performing the work authorized by this permit, shall involve the taking, using, or damaging of any property rights or interests of any other person or persons, or of any publicly owned lands or improvements thereon or interests therein, the Permittee, before proceeding, shall obtain the written consent of all persons, agencies, or authorities concerned, and shall acquire all property, rights and interests needed for the work.
5. This permit is permissive only. No liability shall be imposed on the RCWD or any of its officers, agents, or employees, officially or personally, on account of the granting hereof or on account of any damage to any person or property resulting from any act or omission of the Permittee or any of its agents, employees, or contractors. This permit shall not be construed as estopping or limiting any legal claims or right of action of any person against the Permittee, its agents, employees or contractors, for any damage or injury resulting from any such act or omission, or as estopping or limiting any legal claim or right of action of the RCWD against the Permittee, its agents, employees, or contractors for violation of or failure to comply with the permit or applicable provisions of law. If during the work conditions are encountered indicating that soil or groundwater contaminants may be present, work must cease until the RCWD has been informed. The RCWD may require additional information and may require that the stormwater management plan be amended in order to properly manage site stormwater in the presence of contaminants.
6. Any stormwater management facilities approved as part of this permit shall be properly maintained in perpetuity to assure that they continue to function as originally designed.
7. After vegetation is in place and erosion control features have been removed, notify the District Inspector at 763-398-3070. Once the Inspector verifies that site conditions comply with all permit requirements, your cash surety will be returned to the remitter.
8. **FAILURE TO COMPLY WITH THE PROVISIONS OF THIS PERMIT IS A VIOLATION OF THE LAW AND MAY RESULT IN FORFEITURE OF PERMITTEE'S SURETY AND/OR THE PERMITTEE BEING CHARGED WITH A MISDEMEANOR.**
