

**FINDINGS OF FACT AND CONCLUSIONS OF LAW
STAR RIVER MEADOWS SUBDIVISION ANNEXATION
FILE NO. AZ-21-17**

The above-entitled Annexation and Zoning land use application came before the Star City Council for their action on February 1, 2022, at which time public testimony was taken and the public hearing was closed. The Star City Council, having requested and taken oral and written testimony, and having duly considered the matter, does hereby make the following Findings of Fact and Conclusions of Law.

Procedural History:

A. Project Summary:

The Applicant is seeking approval of an Annexation and Zoning (R-3) for the annexation of the existing Star River Meadows Subdivision into the City of Star. The annexation of the subdivision includes a total of 13 existing residential lots and associated common lots. The properties included in this annexation are located on River Ranch Lane in Star, Canyon County, Idaho and consists of approximately 4.8 acres. The subject property is generally located south of W. State Street (Hwy 44) at Bent Lane.

B. Application Submittal:

A neighborhood meeting was held on October 12, 2021, in compliance with the application submittal requirement of the Star Unified Development Code (Section 8-1 A-6 C). The Land Use application was deemed complete on October 28, 2021.

C. Notice of Public Hearing:

Notice of Public Hearing on the application for the City of Star Council was published in accordance with the requirements of Title 67, Chapter 65, Idaho Code and the Star Unified Development Code on January 7, 2022. Notice of this public hearing was mailed to property owners within three-hundred feet (300') of the subject property in accordance with the requirements of Title 67, Chapter 65, Idaho Code and Star Unified Development Code on December 16, 2021. Notice was sent to agencies having jurisdiction in the City of Star on October 28, 2021. The property was posted in accordance with the Star Unified Development Code on December 31, 2021.

D. History of Previous Actions:

The Star River Meadows was originally platted within Canyon County in February 2021. The development annexed into the Star Sewer & Water District but not the City of Star.

E. *Surrounding Zoning, Comprehensive Plan Land Use Map and Zoning Map Designations:*

	Zoning Designation	Comp Plan Designation	Land Use
Existing	County Rural Residential	Estate Residential	Existing Residential Subdivision
Proposed	Residential (R-3)	Estate Residential	Existing Residential Subdivision
North of site	County Rural Residential	Neighborhood Residential	Single Family Residential/Agricultural
South of site	Residential (R-2)	Estate Residential	Star River Ranch Subdivision
East of site	County Rural Residential	Estate Residential	Agricultural
West of site	County Rural Residential	Neighborhood Residential	Agricultural

F. *Development Features.*

ANNEXATION & ZONING:

The annexation and zoning request from the Star River Meadows Subdivision will bring the existing 4.8-acre, 13 residential lot development into the City of Star. The R-3 zoning designation proposed is consistent with the current Comprehensive Plan Map. The subdivision has already annexed into the Star Sewer and Water District and will be connecting to existing services.

The existing subdivision was developed with a 50' wide public road with a cul-de-sac and attached sidewalk. Because this was a rural development when approved by Canyon County, the subdivision does not include streetlights or fire hydrants. Municipal sewer and water service is being provided by Star Sewer and Water District. When the City annexes this property, they will be annexing the subdivision under its current configuration.

STAFF ANALYSIS & RECOMMENDATIONS

Staff is supportive of bringing this existing subdivision into the City of Star. The builders will be required to meet the current R-3 zoning district design and dimensional standards at the time of building permit.

Based upon the information provided to staff in the applications and agency comments received to date, staff finds that the proposed annexation and zoning, meets the requirements, standards and intent for development as they relate to the Unified Development Code and the Comprehensive Plan. The Council should consider the entire record and testimony presented at

their scheduled public hearing prior to rendering its decision on the matter. Should the Council vote to approve the applications, either as presented or with added conditions of approval, Council shall direct staff to draft findings of fact and conclusions of law for the Council to consider at a future date.

H. *On-Site Features:*

- ✪ Areas of Critical Environmental Concern – No known areas.
- ✪ Evidence of Erosion – No known areas.
- ✪ Fish Habitat – No known areas.
- ✪ Mature Trees – No.
- ✪ Riparian Vegetation – Unknown.
- ✪ Steep Slopes – None.
- ✪ Stream/Creek – None.
- ✪ Unique Animal Life – No unique animal life has been identified.
- ✪ Unique Plant Life – No unique plant life has been identified.
- ✪ Unstable Soils – No known issues.
- ✪ Wildlife Habitat – No wildlife habitat has been developed or will be destroyed.
- ✪ Historical Assets – No historical assets have been observed.

I. *Agencies Responding:*

The following agencies responded, and correspondence was attached to the staff report.

None

J. Staff received the following letters for the development:

None

K. *Comprehensive Plan and Unified Development Code Provisions:*

Comprehensive Plan:

8.2.3 Land Use Map Designations:

Estate Residential

Suitable primarily for single family residential use. Densities in this land use area are to range from 1 unit per acre to 3 units per acre. Densities not exceeding 1 to 2 units per acre are to be encouraged in areas of the floodplain, ridgeline developable areas, hillside developable areas, and where new residential lots are proposed adjacent to existing residential lots of one acre and larger where those existing larger lots are not likely to be

subdivided in the future. Clustering is encouraged to preserve open space. A density bonus may be considered if open space is preserved, and land of at least 40% of additional preserved open space is developable.

8.3 Goal:

Encourage the development of a diverse community that provides a mix of land uses, housing types, and a variety of employment options, social and recreational opportunities, and where possible, an assortment of amenities within walking distance of residential development.

8.4 Objectives:

- Manage urban sprawl in order to minimize costs of urban services and to protect rural areas.
- Retain and encourage rural areas where it will not result in increased costs for urban service.
- Encourage land uses that are in harmony with existing resources, scenic areas, natural wildlife areas, and surrounding land uses.

8.5.3 Policies Related Mostly to the Urban Residential Planning Areas:

A. The Neighborhood Residential Land Use is to encourage urban style development densities to limit urban sprawl.

B. Low densities within the Neighborhood Residential Land Use are to be designed within the floodplain, ridgeline developable areas, hillside developable areas and where new residential lots are proposed adjacent to existing residential lots of one acre and larger where those existing larger lots are not likely to be subdivided in the future.

8.5.9 Additional Land Use Component Policies:

- Encourage flexibility in site design and innovative land uses.
- Encourage landscaping to enhance the appearance of subdivisions, structures, and parking areas.
- Require more open space and trees in subdivisions.
- Work with Ada County Highway District (ACHD), Canyon Highway District #4 (CHD4), and Idaho Department of Transportation (ITD) for better coordination of roadway and access needs.
- Support well-planned, pedestrian-friendly developments.

- Dark sky provision should be adopted within the code to assure down style lighting in all developments and Star should consider joining the International Dark Sky Association.
- The City should utilize the 2018 Treasure Valley Tree Selection Guide when requiring trees within developments.

Unified Development Code:

8-1B-1: ANNEXATION AND ZONING; REZONE:

B. Standards:

1. The subject property shall meet the minimum dimensional standards of the proper district.
2. The city may require a development agreement in conjunction with the annexation and zoning, or rezone, pursuant to Idaho Code section 67-6511A, which may include a concept plan. In addition to other processes permitted by city and state code, exceptions or waivers of standards, other than use, may be permitted through execution of a development agreement. A development agreement and concept plan shall be required for any rezone to a mixed-use zone, high density zone or land which includes steep slope (land over 25%) or floodway.
3. The termination of a development agreement shall result in the reversal of the official zoning map amendment approval and applicable development approval for any undeveloped portion of property subject to the development agreement. The undeveloped property subject to the development agreement shall be rezoned to the district classification as designated by the development agreement. When no designation is provided, the property shall revert to its original zoning or, if the original designation no longer exists, to the closest current equivalent zoning as determined by the current Comprehensive Plan Land Use Map designation.
4. An amendment or termination of a previously recorded development agreement shall be recorded in the office of the county recorder by the clerk.
5. An approved development agreement must be executed within ninety (90) days of the meeting at which the development agreement is approved by the city council. A one-time administrative extension of maximum thirty (30) days may be granted by the zoning administrator. Additional extensions may be approved by majority vote of the city council. Failure to execute the development agreement within the required timeframe will result in the denial of all related applications.

C. Required Findings: The council shall review the application at the public hearing. In order to grant an annexation and zoning or rezone, the council shall make the following findings:

1. The map amendment complies with the applicable provisions of the comprehensive plan;

2. The map amendment complies with the regulations outlined for the proposed district;
3. The map amendment shall not be materially detrimental to the public health, safety, and welfare; and
4. The map amendment shall not result in an adverse impact upon the delivery of services by any political subdivision providing public services within the city.
5. The annexation (as applicable) is in the best interest of city.

8-3A-1: ZONING DISTRICTS AND PURPOSE ESTABLISHED:

R RESIDENTIAL DISTRICT: To provide regulations and districts for various residential neighborhoods. Gross density in a Residential (R) district shall be determined according to the numeral following the R. The numeral designates the maximum number of dwelling units per acre. In zoning designations of R-1, R-2, R-3, R-4 and R-5, housing shall be single family detached unless approved with a PUD or development agreement. Connection to municipal water and sewer facilities are required for all subdivision and lot split applications submitted after the effective date hereof in all districts exceeding one dwelling unit per acre. Wells and septic systems may be permitted for larger lots in this land use designation that are not adjacent to municipal services, as determined by the Sewer District, and if approved by the applicable Health Department. Private streets may be approved in this district for access to newly subdivided or split property. This district does allow for some non-residential uses as specified in 8-3A-3.

8-3A-3: USES WITHIN ZONING DISTRICTS

The following table lists principal permitted (P), accessory uses (A), conditional (C), or prohibited (N) uses.

ZONING DISTRICT USES	A	R-R	R
Accessory structure	A	A	A
Dwelling:			
Multi-family 1	N	N	C
Secondary 1	A	A	A
Single-family attached	N	N	C
Single-family detached	P	P	P
Two-family duplex	N	N	P

8-3A-4: ZONING DISTRICT DIMENSIONAL STANDARDS:

Zoning District	Maximum Height	Minimum Yard Setbacks			
		Note Conditions			
	Note Conditions	Front (1)	Rear	Interior Side	Street Side
R-3	35'	15' to living area/side load garage. 20' to garage face.	20	5' per Story	20'

Notes:

1. Front yard setback shall be measured from the face of the garage to the face of the sidewalk, allowing for 20' of parking on the driveway without overhang onto the sidewalk. Interior side yard setbacks for lots with 50' or less of lot width shall be allowed 5' interior side yard setbacks for one and two-story structures.

IDAHO STATUTE:

TITLE 50
MUNICIPAL CORPORATIONS
CHAPTER 2

GENERAL PROVISIONS — GOVERNMENT — TERRITORY

50-222. ANNEXATION BY CITIES. (1) Legislative intent. The legislature hereby declares and determines that it is the policy of the state of Idaho that cities of the state should be able to annex lands which are reasonably necessary to assure the orderly development of Idaho's cities in order to allow efficient and economically viable provision of tax-supported and fee-supported municipal services, to enable the orderly development of private lands which benefit from the cost-effective availability of municipal services in urbanizing areas and to

equitably allocate the costs of public services in management of development on the urban fringe.

(2) General authority. Cities have the authority to annex land into a city upon compliance with the procedures required in this section. In any annexation proceeding, all portions of highways lying wholly or partially within an area to be annexed shall be included within the area annexed unless expressly agreed between the annexing city and the governing board of the highway agency providing road maintenance at the time of annexation. Provided further, that said city council shall not have the power to declare such land, lots or blocks a part of said city if they will be connected to such city only by a shoestring or strip of land which comprises a railroad or highway right-of-way.

(3) Annexation classifications. Annexations shall be classified and processed according to the standards for each respective category set forth herein. The three (3) categories of annexation are:

(a) Category A: Annexations wherein:

(i) All private landowners have consented to annexation. Annexation where all landowners have consented may extend beyond the city area of impact provided that the land is contiguous to the city and that the comprehensive plan includes the area of annexation;

(ii) Any residential enclaved lands of less than one hundred (100) privately owned parcels, irrespective of surface area, which are surrounded on all sides by land within a city or which are bounded on all sides by lands within a city and by the boundary of the city's area of impact; or

(iii) The lands are those for which owner approval must be given pursuant to subsection (5)(b)(v) of this section.

(b) Category B: Annexations wherein:

(i) The subject lands contain less than one hundred (100) separate private ownerships and platted lots of record and where not all such landowners have consented to annexation; or

(ii) The subject lands contain more than one hundred (100) separate private ownerships and platted lots of record and where landowners owning more than fifty percent (50%) of the area of the subject private lands have consented to annexation prior to the commencement of the annexation process; or

(iii) The lands are the subject of a development moratorium or a water or sewer connection restriction imposed by state or local health or environmental agencies; provided such lands shall not be counted for purposes of determining the number of separate private ownerships and platted lots of record aggregated to determine the appropriate category.

(c) Category C: Annexations wherein the subject lands contain more than one hundred (100) separate private ownerships and platted lots of record and where landowners owning more than fifty percent (50%) of the area of the subject private lands have not consented to annexation prior to commencement of the annexation process.

(4) (a) Evidence of consent to annexation. For purposes of this section, and unless excepted in paragraph (b) of this subsection, consent to annex shall be valid only when evidenced by written instrument consenting to annexation executed by the owner or the owner's authorized agent. Written consent to annex lands must be recorded in the county recorder's office to be binding upon subsequent purchasers, heirs, or assigns of lands addressed in the consent.

Lands need not be contiguous or adjacent to the city limits at the time the landowner consents to annexation for the property to be subject to a valid consent to annex; provided however, no annexation of lands shall occur, irrespective of consent, until such land becomes contiguous or adjacent to such city.

(b) Exceptions to the requirement of written consent to annexation. The following exceptions apply to the requirement of written consent to annexation provided for in paragraph (a) of this subsection:

(i) Enclaved lands: In category A annexations, no consent is necessary for enclaved lands meeting the requirements of subsection (3)(a)(ii) of this section;

(ii) Implied consent: In category B and C annexations, valid consent to annex is implied for the area of all lands connected to a water or wastewater collection system operated by the city if the connection was requested in writing by the owner, or the owner's authorized agent, or completed before July 1, 2008.

(5) Annexation procedures. Annexation of lands into a city shall follow the procedures applicable to the category of lands as established by this section. The implementation of any annexation proposal wherein the city council determines that annexation is appropriate shall be concluded with the passage of an ordinance of annexation.

(a) Procedures for category A annexations: Lands lying contiguous or adjacent to any city in the state of Idaho may be annexed by the city if the proposed annexation meets the requirements of category A. Upon determining that a proposed annexation meets such requirements, a city may initiate the planning and zoning procedures set forth in [chapter 65, title 67, Idaho Code](#), to establish the comprehensive planning policies, where necessary, and zoning classification of the lands to be annexed.

(b) Procedures for category B annexations: A city may annex lands that would qualify under the requirements of category B annexation if the following requirements are met:

(i) The lands are contiguous or adjacent to the city and lie within the city's area of city impact;

(ii) The land is laid off into lots or blocks containing not more than five (5) acres of land each, whether the same shall have been or shall be laid off, subdivided or platted in accordance with any statute of this state or otherwise, or whenever the owner or proprietor or any person by or with his authority has sold or begun to sell off such contiguous or adjacent lands by metes and bounds in tracts not exceeding five (5) acres, or whenever the land is surrounded by the city. Splits of ownership which occurred prior to January 1, 1975, and which were the result of placement of public utilities, public roads or highways, or railroad lines through the property shall not be considered as evidence of an intent to develop such land and shall not be sufficient evidence that the land has been laid off or subdivided in lots or blocks. A single sale after January 1, 1975, of five (5) acres or less to a family member of the owner for the purpose of constructing a residence shall not constitute a sale within the meaning of this section. For purposes of this section, "family member" means a natural person or the spouse of a natural person who is related to the owner by blood, adoption or marriage within the first degree of consanguinity;

(iii) Preparation and publication of a written annexation plan, appropriate to the scale of the annexation contemplated, which includes, at a minimum, the following elements:

- (A) The manner of providing tax-supported municipal services to the lands proposed to be annexed;
 - (B) The changes in taxation and other costs, using examples, which would result if the subject lands were to be annexed;
 - (C) The means of providing fee-supported municipal services, if any, to the lands proposed to be annexed;
 - (D) A brief analysis of the potential effects of annexation upon other units of local government which currently provide tax-supported or fee-supported services to the lands proposed to be annexed; and
 - (E) The proposed future land use plan and zoning designation or designations, subject to public hearing, for the lands proposed to be annexed;
- (iv) Compliance with the notice and hearing procedures governing a zoning district boundary change as set forth in section [67-6511](#), Idaho Code, on the question of whether the property should be annexed and, if annexed, the zoning designation to be applied thereto; provided however, the initial notice of public hearing concerning the question of annexation and zoning shall be published in the official newspaper of the city and mailed by first class mail to every property owner with lands included in such annexation proposal not less than twenty-eight (28) days prior to the initial public hearing. All public hearing notices shall establish a time and procedure by which comments concerning the proposed annexation may be received in writing and heard and, additionally, public hearing notices delivered by mail shall include a one (1) page summary of the contents of the city's proposed annexation plan and shall provide information regarding where the annexation plan may be obtained without charge by any property owner whose property would be subject to the annexation proposal.
 - (v) In addition to the standards set forth elsewhere in this section, annexation of the following lands must meet the following requirements:
 - (A) Property owned by a county or any entity within the county that is used as a fairgrounds area under the provisions of [chapter 8, title 31](#), Idaho Code, or [chapter 2, title 22](#), Idaho Code, must have the consent of a majority of the board of county commissioners of the county in which the property lies;
 - (B) Property owned by a nongovernmental entity that is used to provide outdoor recreational activities to the public, and that has been designated as a planned unit development of fifty (50) acres or more and does not require or utilize any city services, must have the express written permission of the nongovernmental entity owner;
 - (C) Land, if five (5) acres or greater, actively devoted to agriculture, as defined in section [63-604\(1\)](#), Idaho Code, regardless of whether it is surrounded or bounded on all sides by lands within a city, must have the express written permission of the owner; and
 - (D) Land, if five (5) acres or greater, actively devoted to forest land, as defined in section [63-1701](#), Idaho Code, regardless of whether it is surrounded or bounded on all sides by lands within a city, must have the express written permission of the owner.
 - (vi) After considering the written and oral comments of property owners whose land would be annexed and other affected persons, the city council may proceed with the enactment of an ordinance of annexation and zoning. In the course of the consideration of any such

ordinance, the city must make express findings, to be set forth in the minutes of the city council meeting at which the annexation is approved, as follows:

(A) The land to be annexed meets the applicable requirements of this section and does not fall within the exceptions or conditional exceptions contained in this section;

(B) The annexation would be consistent with the public purposes addressed in the annexation plan prepared by the city;

(C) The annexation is reasonably necessary for the orderly development of the city;

(vii) Notwithstanding any other provision of this section, railroad right-of-way property may be annexed pursuant to this section only when property within the city adjoins or will adjoin both sides of the right-of-way.

(c) Procedures for category C annexations: A city may annex lands that would qualify under the requirements of category C annexation if the following requirements are met:

(i) Compliance with the procedures governing category B annexations; and

(ii) Evidence of consent to annexation based upon the following procedures:

(A) Following completion of all procedures required for consideration of a category B annexation, but prior to enactment of an annexation ordinance and upon an affirmative action by the city council, the city shall mail notice to all private landowners owning lands within the area to be annexed, exclusive of the owners of lands that are subject to a consent to annex which complies with subsection (4)(a) of this section defining consent. Such notice shall invite property owners to give written consent to the annexation, include a description of how that consent can be made and where it can be filed, and inform the landowners where the entire record of the subject annexation may be examined. Such mailed notice shall also include a legal description of the lands proposed for annexation and a simple map depicting the location of the subject lands.

(B) Each landowner desiring to consent to the proposed annexation must submit the consent in writing to the city clerk by a date specified in the notice, which date shall not be later than forty-five (45) days after the date of the mailing of such notice.

(C) After the date specified in the notice for receipt of written consent, the city clerk shall compile and present to the city council a report setting forth: (i) the total physical area sought to be annexed, and (ii) the total physical area of the lands, as expressed in acres or square feet, whose owners have newly consented in writing to the annexation, plus the area of all lands subject to a prior consent to annex which complies with subsection (4)(a) of this section defining consent. The clerk shall immediately report the results to the city council.

(D) Upon receiving such report, the city council shall review the results and may thereafter confirm whether consent was received from the owners of a majority of the land. The results of the report shall be reflected in the minutes of the city council. If the report as accepted by the city council confirms that owners of a majority of the land area have consented to annexation, the city council may enact an ordinance of annexation, which thereafter shall be published and become effective according to the terms of the ordinance. If the report confirms that owners of a majority of the land area have not consented to the annexation, the category C annexation shall not be authorized.

(6) The decision of a city council to annex and zone lands as a category B or category C annexation shall be subject to judicial review in accordance with the procedures provided

in [chapter 52, title 67](#), Idaho Code, and pursuant to the standards set forth in section [67-5279](#), Idaho Code. Any such appeal shall be filed by an affected person in the appropriate district court no later than twenty-eight (28) days after the date of publication of the annexation ordinance. All cases in which there may arise a question of the validity of any annexation under this section shall be advanced as a matter of immediate public interest and concern and shall be heard by the district court at the earliest practicable time.

(7) Annexation of noncontiguous municipal airfield. A city may annex land that is not contiguous to the city and is occupied by a municipally owned or operated airport or landing field. However, a city may not annex any other land adjacent to such noncontiguous facilities which is not otherwise annexable pursuant to this section.

History:

[50-222, added 2002, ch. 333, sec. 2, p. 939; am. 2008, ch. 118, sec. 1, p. 327; am. 2009, ch. 53, sec. 1, p. 145; am. 2019, ch. 22, sec. 1, p. 22; am. 2020, ch. 240, sec. 1, p. 702.]

8-1B-1C ANNEXATION/REZONE FINDINGS:

1. The map amendment complies with the applicable provisions of the Comprehensive Plan.

The Council finds that the purpose of the Star Comprehensive Plan is to promote the health, safety, and general welfare of the people of the City of Star and its Impact Area. Some of the prime objectives of the Comprehensive Plan include:

- ✓ *Protection of property rights.*
 - ✓ *Adequate public facilities and services are provided to the people at reasonable cost.*
 - ✓ *Ensure the local economy is protected.*
 - ✓ *Encourage urban and urban-type development and overcrowding of land.*
 - ✓ *Ensure development is commensurate with the physical characteristics of the land.*
- ✓ *The goal of the Comprehensive Plan for Commercial Districts is to encourage the development of a wide range of commercial activities including offices, retail, and service establishments. Rezoning to this designation should not be allowed unless adequate ingress/egress to major transportation corridors are assured. Light industrial uses may be considered at the discretion of the City Council without amending this plan. The Council finds that this annexation and rezone is in compliance with the Comprehensive Plan.*

2. The map amendment complies with the regulations outlined for the proposed district, specifically, the purposes statement.

The Council finds that that the proposal complies with the proposed district and purpose statement. The purpose of the residential districts is to provide regulations and districts for various residential neighborhoods with gross densities in compliance with the intent of the Comprehensive Plan designation. Housing shall be single family detached unless approved with a PUD or development agreement. Connection to municipal water and sewer facilities are required for all subdivision and lot split

applications in all districts exceeding one dwelling unit per acre. Private streets may be approved in this district for access to newly subdivided or split property.

3. The map amendment shall not be materially detrimental to the public health, safety, and welfare; and

The Council finds that there is no indication from the material and testimony submitted that the annexation and zoning of this property will be materially detrimental to the public health, safety or welfare.

4. The map amendment shall not result in an adverse impact upon the delivery of services by any political subdivision providing public services within the city including, but not limited to, school districts.

The Council finds that the City has not been presented with any information from agencies having jurisdiction that public services will be adversely impacted other than traffic, which will continue to be impacted as the City grows.

5. The annexation is in the best interest of the city.

The Council finds the annexation and zoning request is reasonably necessary for the continued, orderly development of the City.

Public Hearing of the Council:

- a. A public hearing on the application was heard by the City Council, at which time testimony was heard and the public hearing was closed. The City Council made their decision at that time.
- b. Oral testimony regarding the application was presented to the City Council by:
 - Nicolette Womack
- c. Written testimony in favor of or opposing the application was presented to the City Council at the hearing by: None

Deliberations and Conclusions of Law:

The Council reviewed the particular facts and circumstances of this proposed annexation and conditional use permit application in accordance with the City of Star Title 8 (Unified Development Code), deliberated on the matter, resulting in review of the record, including the staff report and Council packet, and discussions on the annexation and zoning of the property. Review and discussion included existing conditions of the subdivision including sidewalks on Bent Lane. The Council concluded that the Applicant's request meets the requirements for an annexation and zoning. Council hereby incorporates the staff report and Council packet, dated February 1, 2022 into the official decision as part of these Findings of Fact, Conclusions of Law.

Statement of Compliance:

Council finds the Applicant has met all requirements of the Unified Development Code and the intent and purpose of the Comprehensive Plan and Map requirements.

Council Decision:

The Council voted 3-0 to approve the Annexation and Zoning for Star River Meadows Subdivision on February 1, 2022.

Dated this 16th day of March, 2022.

Star, Idaho
