**Subject:** Bill's Machine Shop Dock purchase for the Star Riverhouse Ponds

The Idaho Fish and Game has competitively bid out and contracted with Bill's Machine Shop in Emmett Idaho to provide docks, pilings and other accessories relating to docks in our public fishing waters. The cost of these docks did not exceed \$10,000.00 per unit.

Our most recent purchase was for five (5) sets of docks for the Dick Knox Pond in Emmett, Idaho.

The dock system proposed by the City of Star at the Star Riverhouse West Ponds would be a valuable asset to the community.

Sincerely,

A handwritten signature in blue ink that reads "Curt Creson".
