Permits

Garrett Parks and Play will fully cooperate with you in the obtaining of any permits and licenses, as necessary.

Offloading

Garrett Parks and Play offers offloading services for an additional charge of \$1,500.00. This is an optional service; if you plan on offloading the equipment yourself, please make sure to have at least enough help available to get the equipment off the truck(s).

Installation

If specified in the above Scope of Work, Garrett Parks and Play will install your products according to project specifications contained in this Estimate and all manufacturers' requirements. All materials needed to complete installation are included in this price. Any changes to your specifications after your Estimate has been signed may result in Change Order(s). Our installation price is based on typical site conditions. By signing this Estimate you agree and acknowledge that if issues arise with installation due to atypical site conditions, including but not limited to buried utility lines, caliche, high water tables, reinforced concrete, etc., the cost to perform this work will increase and will result in Change Order(s).

Warranty Work

Any equipment purchased as a result of a warranty claim will be installed free of charge if the age of the original equipment is less than 5 years. If it is more than 5 years old, you agree and acknowledge

that you are responsible for any costs associated with the replacement of the damaged equipment and that Garrett Parks and Play will not provide this service unless explicitly stated in your Estimate.

Demolition

If specified in your Estimate, Garrett Parks and Play will demolish your old recreational products according to project specifications contained in this Estimate. Any changes to your specifications after your Estimate has been signed may result in Change Order(s). Our demolition price is based on typical site conditions. By signing this Estimate you agree and acknowledge that if issues arise with demolition due to atypical site conditions, including but not limited to buried utility lines, caliche, high water tables, concrete, etc., the cost to perform this work will increase and may result in Change Order(s).

Site Work

If specified in your Estimate, Garrett Parks and Play will complete all site work in accordance with the plans, specifications and all applicable laws and regulations. Any changes to specifications required to complete the project after receipt of a signed Estimate may result in Change Order(s).

Playground Post-installation Safety Inspection

At your request, the equipment installed as part of this Estimate can be inspected by a third party inspector after work has been finished to ensure it has been completed according to manufacturer's recommendations and current safety standards. The cost for this service varies on the size of the project and will generate a Change Order or additional invoice if not included in this Estimate.

Standalone Playground Safety Audit

If specified in your Estimate, a third party Certified Playground Safety Inspector (CPSI) will perform a

safety audit on playground equipment to identify compliant and non-compliant conditions using probes and gauges to rate playground conditions against current safety standards and guidelines. The audit document will contain hazard priority ratings for all compliant and non-compliant conditions based on predictable results (possibility, probability, and consequence) and provide a basis for these findings. It will also establish repair, removal, and replacement priorities based on the potential for injury to ensure non-compliant conditions are clear and can be corrected in a timely manner.

Invoicing

Garrett Parks and Play uses progress invoicing to ensure our vendors are paid in a timely manner. Please provide an Accounts Payable contact below to make sure these invoices are delivered to the correct person.
