ANNEXATION & REZONE:

The applicant is requesting approval of an annexation and zoning application with a zoning designation of Residential (R-3-DA) on 5.0 acres. This zoning district would allow for a maximum residential density of 3 dwelling unit per acre. The property is located in an area that will be serviceable with central sewer and water provided by Star Sewer and Water District in the near future. The property will be accessed by a public road, W. Trident Ridge Drive, located in Cresta Del Sol Subdivision, Phase 4 and the only road in the development will be public. The rezone request includes a development agreement that will address future density and development standards.

PRELIMINARY PLAT:

The Preliminary Plat submitted contains 15 single family residential lots and 4 common area lots on 5.0 acres with a proposed density of 3.0 dwelling units per acre. The lots will have access and frontage from a public street. Lots will range in size from 9,304 square feet to 11,283 square feet with the average buildable lot being 10,218 square feet. The submitted preliminary does not identify street widths or size of the proposed sidewalk. All roads must be in a 50-foot wide right of way with paved streets measuring 36 feet from back of curb to back of curb. All internal

sidewalks must be detached, concrete and a minimum of five feet wide. Primary access for the development will be on W. Trident Ridge Drive through the Cresta Del Sol development to the west. Street names must be obtained by the Ada County Street Naming Committee prior to signature of the final plat. Open space must be 15 percent of the gross parcel size with 10 percent of the gross parcel size in usable open space.

The Unified Development Code, Section 8-4E-2 requires a development of this size to have a minimum of 1 site amenity. The applicant is proposing a walking path that goes around the perimeter of the development and connects into the sidewalk of Cresta Del Sol on the west.

K. *Comprehensive Plan and Unified Development Code Provisions:*

Comprehensive Plan:

8.2.3 Land Use Map Designations:

Estate Urban Residential

Suitable primarily for single family residential use. Densities in this land use area are to range from 1 unit per acre to 3 units per acre. Densities not exceeding 1 to 2 units per acre are to be encouraged in areas of the floodplain, ridgeline developable areas, hillside developable areas, and where new residential lots are proposed adjacent to existing residential lots of one acre and larger where those existing larger lots are not likely to be subdivided in the future. Clustering is encouraged to preserve open space. A density bonus may be considered if open space is preserved, and land of at least 40% of additional preserved open space is developable.

8.3 Goal:

Encourage the development of a diverse community that provides a mix of land uses, housing types, and a variety of employment options, social and recreational opportunities, and where possible, an assortment of amenities within walking distance of residential development.

8.4 Objectives:

- Implement the Land Use Map and associated policies as the official guide for development.
- Manage urban sprawl in order to minimize costs of urban services and to protect rural areas.
- Encourage land uses that are in harmony with existing resources, scenic areas, natural wildlife areas, and surrounding land uses.

8.5.3 Policies Related Mostly to the Urban Residential Planning Areas:

- A. The Neighborhood Residential Land Use is to encourage urban style development densities to limit urban sprawl.
- B. Low densities within the Neighborhood Residential Land Use are to be designed within the floodplain, ridgeline developable areas, hillside developable areas and where new residential lots are proposed adjacent to existing residential lots of one acre and larger where those existing larger lots are not likely to be subdivided in the future.

8.5.9 Additional Land Use Component Policies:

- Encourage flexibility in site design and innovative land uses.
- Work with Ada County Highway District (ACHD), Canyon Highway District #4 (CHD4), and Idaho Department of Transportation (ITD) for better coordination of roadway and access needs.
- Support well-planned, pedestrian-friendly developments.
- Dark sky provision should be adopted within the code to assure down style lighting in all developments and Star should consider joining the International Dark Sky Association.

18.4 Implementation Policies:

- F. Development Agreements allow the city to enter into a contract with a developer upon rezoning. The Development Agreement may provide the city and the developer with certain assurances regarding the proposed development upon rezoning.

Unified Development Code:

8-1B-1: ANNEXATION AND ZONING; REZONE:

B. Standards:

1. The subject property shall meet the minimum dimensional standards of the proper district.
2. The city may require a development agreement in conjunction with the annexation and zoning, or rezone, pursuant to Idaho Code section 67-6511A, which may include a concept plan.

A development agreement and concept plan shall be required for any rezone to a mixed-use zone, high density zone or land which includes steep slope (land over 25%) or floodway.

3. The termination of a development agreement shall result in the reversal of the official zoning map amendment approval and applicable development approval for any undeveloped portion of property subject to the development agreement. The undeveloped property subject to the development agreement shall be rezoned to the district classification as designated by the development agreement. When no designation is provided, the property shall revert to its original zoning or, if the original designation no longer exists, to the closest current equivalent zoning as determined by the current Comprehensive Plan Land Use Map designation.

4. An amendment or termination of a previously recorded development agreement shall be recorded in the office of the county recorder by the clerk.

5. An approved development agreement must be executed within ninety (90) days of the meeting at which the development agreement is approved by the city council. A one-time administrative extension of maximum thirty (30) days may be granted by the zoning administrator. Additional extensions may be approved by majority vote of the city council. Failure to execute the development agreement within the required timeframe will result in the denial of all related applications.

C. Required Findings: The council shall review the application at the public hearing. In order to grant an annexation and zoning or rezone, the council shall make the following findings:

1. The map amendment complies with the applicable provisions of the comprehensive plan;
2. The map amendment complies with the regulations outlined for the proposed district;
3. The map amendment shall not be materially detrimental to the public health, safety, and welfare; and
4. The map amendment shall not result in an adverse impact upon the delivery of services by any political subdivision providing public services within the city.

8-3A-1: ZONING DISTRICTS AND PURPOSE ESTABLISHED:

R RESIDENTIAL DISTRICT: To provide regulations and districts for various residential neighborhoods. Private streets may be approved in this district for access to newly subdivided or split property. This district does allow for some non-residential uses as specified in 8-3A-3.

DA DEVELOPMENT AGREEMENT: This designation, following any zoning designation noted on the official zoning map of the city (i.e., C-2-DA), indicates that the zoning was approved by the city with a development agreement, with specific conditions of zoning.
