June 2023 Board Report

Skamania County Housing Programs

Submitted by Curt Gray, Director, Skamania County Housing Programs

As an introduction to the monthly report we routinely submit, I'm including this narrative to provide additional insight. Data reported is for the month of May.

- **Rental Assistance:**

First-time requests for rental assistance are given priority.

In addition to the rental assistance for all programs that is reported for May, assistance has been provided to pay rents that were in arrears for months other than the reporting month. In the month of May, twenty-one (21) households comprising a total of fifty (50) individuals were served providing an additional 5829 bed-nights of assistance.

- **Denial of Services:**

Two (2) households requesting rent assistance in May were denied as ineligible.
