

# Frank Johns Sidewalk

## Description:

The city is working with residents along lower Frank Johns Road to improve pedestrian accessibility. This project was identified as early as 2006 and traffic has continued to increase along this corridor.

Concepts are currently being evaluated, engineering is proposed to start in 2024, and construction estimated to break ground in 2026. This project will include water system improvements, identified as a need in the 2017 water system plan update.
