RECEIPT OF PERSONNEL POLICIES

All employees should read the following; then sign, date and return the form to your supervisor. The form will be placed in the employee's personnel file.

Enclosed are the City of Stevenson's personnel policies. It is your responsibility to read these policies, as they will acquaint you with your employee benefits, our personnel practices and rules, and some organizational philosophy.

It is important to understand that these policies do not create an employment contract or a guarantee of employment of any specific duration between the City and its employees. Although we hope that your employment relationship with us will be long term, we recognize that at times things do not always work out as hoped, and either of us may decide to terminate the employment relationship.

At Will Notice: Unless specific rights are granted to you in employment contracts, civil service rules, or elsewhere, all employees of the City are considered at-will employees and may be terminated from City employment at any time, with or without cause and with or without notice.

As the City grows and changes, personnel policies may change. The City, therefore reserves the right to revise, supplement, clarify or rescind any policy or portion of a policy when deemed appropriate by the Mayor or City Administrator. You will be notified of any such changes.

Please also understand that no supervisor, manager or representative of the City other than the Mayor or the City Administrator has the authority to make any written or verbal statements or representations which are inconsistent with these policies.

I hereby consent to deduction from my final paycheck of any amounts advanced to me that remain unearned when my employment with the City ends, including unearned vacation leave.

If you have any questions about these policies or any other policies of the City, please feel free to ask your supervisor, the Mayor or City Administrator.

I have read and understand the statements above.

CHAPTER 1: PURPOSE AND SCOPE

1.1 INTRODUCTION

These personnel policies serve as a general guide to the City's current employment practices and procedures. As such, we hope they will help you better understand how the City operates and what is expected of you as an employee. These policies also describe what the City provides you in terms of compensation, benefits and other support.

The City places the highest value on our employees and their well-being. We want to see that you are a satisfied worker, with the support necessary to achieve the objectives of your position. Only in this manner can your contribution to the City organization be the most productive.

It is our belief that when consistent and equitable personnel policies are known and communicated to all the choices for greater job satisfaction increase. We encourage you to read these policies. If you have any questions, please ask your supervisor. As you have ideas or suggestions for improvement, please do the same.

1.2 INTENT OF POLICIES

These policies are not intended to be a contract, expressed or implied, or any type of promise or guarantee of specific treatment upon which you may rely, or as a guarantee of employment for any specific duration. Although we hope that your employment relationship with us will be long term, we recognize that things may not always work out as hoped, and either of us may decide to terminate the employment relationship. Unless specific rights are granted to you in employment contracts, civil service rules, or elsewhere, all employees for the City are considered at-will employees and may be terminated from City employment at any time, with or without cause and with or without notice. Please understand that no supervisor, manager or representative of the City other than the Mayor or City Administrator has the authority to enter into any agreement with you for employment for any specified period or to make any written or verbal commitments contrary to the foregoing.

1.3 SCOPE OF POLICIES

These personnel policies apply to all City employees. In cases where these policies conflict with any City ordinance, Civil Service rules and regulations, the provisions of a collective bargaining agreement, state or federal law, the terms of that law or agreement prevail. In all other cases, these policies apply.

City of Stevenson Personnel Policy

City of Stevenson Personnel Policy

CHAPTER 2: GENERAL POLICIES & PRACTICES

2.1 EQUAL EMPLOYMENT OPPORTUNITY POLICY

The City is an equal employment opportunity employer. The City employs, retains, promotes, terminates and otherwise treats all employees and job applicants on the basis of job-related qualifications and competence. These policies and all employment practices shall be applied without regard to any individual's sex, race, color, religion, national origin, pregnancy, age, marital status, or disability.

2.2 DISABILITY DISCRIMINATION PROHIBITED

The City will not discriminate against qualified applicants or employees with a sensory, physical or mental disability, unless the disability cannot be reasonably accommodated and prevents proper performance of an essential element of the job. The City will reasonably accommodate qualified individuals with disabilities.

2.3 LIFE THREATENING/COMMUNICABLE DISEASES

Employees with life threatening illnesses or communicable diseases are treated the same as all other employees. They are permitted to continue working as long as they are able to maintain an acceptable level of performance and medical evidence shows they are not a threat to themselves or their co-workers. The City will work to preserve the safety of all of its employees and reserves the right to reassign employees or take other job actions, including discharge, when a substantial and unusual safety risk to fellow City employees or the public exists.

2.4 ANTI-HARASSMENT POLICY

It is the City's policy to foster and maintain a work environment that is free from discrimination and intimidation. Toward this end, the City will not tolerate harassment of any kind that is made by employees toward co-workers or to members of the public. Employees are expected to show respect to each other and the public at all times, despite individual differences.

Harassment is defined as a verbal or physical conduct that demeans or shows hostility or aversion toward another employee or members of the public. Examples of prohibited conduct include slurs or demeaning comments to employees or members of the public relating to race, ethnic background, gender, religion, sexual orientation, political ideology, age, or disability.

City of Stevenson Personnel Policy

2.5 SEXUAL HARASSMENT PROHIBITED

Sexual harassment is a form of sex discrimination and is illegal. Sexual harassment is also inappropriate and offensive and will not be tolerated by the City.

Sexual harassment is behavior of a sexual nature which is unwelcome. Examples of sexual harassment include verbal behavior such as unwanted sexual comments, suggestions, jokes, or pressure for sexual favors; non-verbal behavior such as suggestive looks and leering; and physical behavior such as pats or squeezes, or repeatedly brushing against someone's body. Other conduct also may constitute sexual harassment depending upon given facts and circumstances.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct constitute sexual harassment when:

- It is part of a manager's or supervisor's decision to hire or fire;
- It is used to make other employment decisions like pay, promotion, or job assignments;
- It creates an intimidating, hostile, or offensive work environment.

Employees engaging in improper harassment are subject to discipline, including termination.

2.6 DISCRIMINATION COMPLAINT PROCEDURE

Each member of management is responsible for creating an atmosphere free of discrimination and harassment, sexual or otherwise. Further, employees are responsible for respecting the rights of their co-workers and others, including the citizens they serve. The following procedure outlines the steps to follow if you believe you have experienced harassment or discrimination on the job.

Should you believe that you have been harassed or are the victim of discrimination, you should try, if possible, to identify the offensive behavior to the harasser and request that it stop. In the event such informal direct communication is either ineffective or impossible, you should discuss your concern **immediately** with the Mayor or the City Administrator. If supervisors or managers receive a report from an employee, they must document and refer to the Mayor or City Administrator as soon as possible. No employee will suffer retaliation for reporting such concern. To the extent possible, complaints will be handled confidentially.

If an investigation shows the accused employee or member of the public did engage in improper harassment or discrimination, appropriate action will be taken, as in the case of any other serious employee misconduct. Such actions may include warnings, verbal

City of Stevenson Personnel Policy

and/or written reprimands, a letter to the employee's file or an employee transfer, demotion, suspension or termination.

2.7 EMPLOYEE RECORDS

A personnel file is maintained for each employee. An employee's personnel file(s) contains the employee's name, title and/or position held, job description, department to which the employee is assigned, changes in employment status, training received, performance evaluations, personnel actions affecting the employee, including discipline, and other pertinent information.

It is the City Administrator's responsibility to ensure complete personnel files are maintained for each employee to demonstrate legal requirements have been satisfied; to provide a basis for personnel actions; and to document the attainments of each employee.

Employees have the right to review their file. An employee may request removal of irrelevant or erroneous information in their personnel file. If the City denies the employee's request to remove the information, employees may file a written rebuttal statement to be placed in their file.

Personnel files are kept confidential to the maximum extent permitted by law. Except for routine verifications of employment, no information from an employee's personnel file will be released to the public, including the press, without a written request for specific information as regulated by the Washington State Public Disclosure Act.

2.8 EMPLOYMENT REFERENCES

Only the Mayor, the City Administrator or the supervisor will provide employment references on current or former City employees. Other employees shall refer request for references to the appropriate person. References will be limited to verification of employment and salary unless the employee has completed a written waiver and release.

City of Stevenson Personnel Policy

CHAPTER 3: RECRUITING & HIRING

3.1 RECRUITING

Recruiting practices are conducted solely on the basis of ability, merit, qualifications and competence, without regard to race, color, religion, national origin, sex, marital status, pregnancy, physical handicap, disability or age.

Each applicant shall complete and sign an application form prior to being considered for any position. Resumes may supplement, but not replace, the City's official application.

Any applicant supplying false or misleading information is subject to immediate termination, if hired. All statements submitted on the employment application shall be subject to investigation and verification prior to appointment.

3.2 HIRING

When a position becomes vacant or is newly created and prior to any posting or advertisement of the vacancy, the supervisor shall review the position, its job description and the need for such a position. The supervisor will prepare and submit a written request to fill the position to the City Administrator or the Mayor. The position will be posted in house and/or advertised only after the request is approved. All candidates for employment must file an employment application form with the City.

The City may administer pre-employment examinations to test the qualifications and ability of applicants, as determined necessary by the City, pre-employment drug tests and certain background checks as needed. Examples of such procedures include: requiring applicants/employees to show proof they are authorized to work in the United States, requiring applicants/employees who have unsupervised access to children or developmentally disabled adults to complete a disclosure statement and background check, or requiring applicants/employees who handle money to pass a background check.

Residency within the City shall not be a condition of initial appointment or continued employment; provided, however, that an employee's selection of residence shall not interfere with the daily performance of the employee's duties and responsibilities.

Applicants for positions in which the applicant is expected to operate a motor vehicle must be at least 18 years old and will be required to present a valid driver's license with any necessary endorsements. Driving records of applicants may be checked. Applicants with poor driving records, as determined by the City, may be disqualified for employment with the City in positions requiring driving.

After an offer of employment has been made and prior to commencement of employment, the City may require persons selected for employment to successfully pass a medical examination which will include testing for alcohol and controlled substances.

City of Stevenson Personnel Policy

The purpose of the examination is to determine if the individual is physically able to perform the job and to ensure the employee's physical condition will not endanger the health, safety or well-being of other employees or the public. The offer of employment may be conditioned on the results of the examination.

A candidate may be disqualified from consideration if: (1) found physically unable to perform the duties of the position (and the individual's condition cannot reasonably be accommodated in the workplace); (2) the candidate refuses to submit to a medical examination or complete medical history form; or (3) if the exam reveals use of alcohol and/or controlled substances.

3.3 TEMPORARY EMPLOYEES

Supervisors may use temporary employees to temporarily replace regular employees who are on vacation or other leave, to meet peak work load or emergency needs, or to temporarily fill a vacancy until a regular employee is hired. Temporary employees may be hired without competitive recruitment or examination, although all hiring processes must comply with state and federal laws.

Compensation/Benefits: Temporary employees are eligible for overtime pay as required by law. Temporary employees do not receive vacation, health insurance, holidays or any other benefits during their employment.

Temporary employees pay contributions to the Social Security system, as does the City on their behalf. Temporary employees will not normally be placed on the state PERS retirement system, although there are a few exceptions depending on PERS eligibility criteria.

3.4 TRIAL PERIOD

Upon hire or appointment, all employees enter a trial period that is considered an integral part of the selection and evaluation process. The trial period is designed to give the employee time to learn the job and to give the supervisor time to evaluate whether the match between the employee and the job is appropriate. An employee on their trial period may be terminated by their supervisor without cause and is notified of such action in writing.

The normal trial period is six months from the employee's date of hire, rehire or promotion. The Mayor and/or the City Administrator may authorize the supervisor to extend the trial period for up to an additional six (6) months. An extension may be granted due to circumstances such as an extended illness, a continued need to evaluate an employee's performance, or the need to meet specific trainings and certifications.

There will be a performance review at mid-point and prior to the end of the trial period to ensure that the employee is performing up to City standards.

City of Stevenson Personnel Policy

Once the trial period is successfully completed, the employee may be certified to regular employment status. Satisfactory completion of the trial period does not create an employment contract or guarantee employment with the City for a specified duration.

Use of Sick Leave/Vacation During Trial Period: Trial employees may use their accrued sick leave from the beginning of their employment but may not use vacation until they have successfully completed their trial period, at which time they will be credited for six days of vacation. Certain employees may have training and certifications to get that are required over an extended period of time. These employees will have access to their vacation at the 6-month period.

3.5 EMPLOYMENT OF RELATIVES (NEPOTISM)

The City will consider a member of a current employee's immediate family for employment if the applicant possesses all the qualifications for employment. However, an immediate family member may not be employed, if the employment would place one of the family members in a position:

- (1) Of authority or practical power to supervise, appoint, remove, influence salary or compensation decisions, or discipline the other;
- (2) To handle confidential material that creates improper or inappropriate access to that material by the other;
- (3) Of responsibility for auditing the work of the other; or
- (4) That might lead to potential appearance of favoritism, conflict among the parties, or conflict between the interest of one or both parties and the best interests of the City.

Change in Circumstances: If two employees become immediate family and, if in the City's judgment, any of the potential conflicts noted above exist or reasonably could exist, only one of the employees will be permitted to remain employed by the City, unless appropriate action can be taken to reduce or eliminate the potential conflict, as determined by the City Administrator. The decision as to which employee will remain with the City must be made by the two employees within 30 calendar days of the date they become immediate family. If no decision is made during this time, the City reserves the right to terminate either employee.

For the purposes of this section:

- (1) "Immediate family" includes the employee's spouse, domestic partner, parent, stepparent, parent-in-law, child, stepchild, child-in-law, sibling, sibling-in-law, and any other member of the employee's household.
- (2) "Employee" also includes co-workers paid by an entity other than the City and volunteers.

City of Stevenson Personnel Policy

3.6 PROMOTIONS

The City encourages promotion from within the organization whenever possible. All openings will be posted so that employees may become aware of opportunities and apply for positions in which they are interested and qualified.

Before advertising a position to the general public, the Mayor or the City Administrator may choose to circulate a promotional opportunity within the City. This will not apply for temporary employees.

The City reserves the right to seek qualified applicants outside of the organization at its discretion.

To be considered for promotion, an employee must be employed in their position for at least six (6) months and meet the qualifications for the vacant position.

New Trial Period: After promotion to a new position, a new trial period of six (6) months must be completed, unless waived or reduced by the supervisor. In the case of unsatisfactory performance in a promotional situation, the employee may be considered for transfer back to the previous position held by the employee.

City of Stevenson Personnel Policy

CHAPTER 4: HOURS & ATTENDANCE

4.1 WORKING HOURS

The City's standard work week consists of 40 hours with an unpaid lunch period. Due to the nature of the City's operation, longer hours may be necessary in some instances.

A normal working schedule for regular, full-time employees consists of forty (40) hours each work week. Different work schedules may be established by the City to meet job assignments and provide necessary City services. Each employee's department head will advise the employee regarding the employee's specific working hours.

Flexible scheduling will be considered with the approval of the appropriate department head and City Administrator. All requests will be evaluated against the need for continuity in access by and service to the citizens and the facilitation of staff teamwork.

Part-time and temporary employees will work hours as specified by their department heads.

4.2 HOURS OF WORK AND OVERTIME

All City positions are designated as either "exempt" or "non-exempt" according to the Fair Labor Standards Act ("FLSA") and Washington Minimum Wage Act regulations. You will be informed of your status by the City.

For most City employees, the established work period is forty (40) hours within a seven (7) day work week. In some instances, under the City's flexible scheduling, the department head may define a work week/work period as something other than the standard Monday through Sunday. All personnel are responsible for accurately reporting all hours worked on forms supplied by the City. Employees failing to accurately record time worked are subject to discipline.

Non-exempt employees are entitled to additional compensation, either in cash or compensatory time off, when they work more than the maximum numbers of hours during a work period. All overtime must be authorized in advance by the employee's department head. Overtime pay is calculated at one and one-half times the employee's regular rate of pay for all time worked beyond the established work period. When computing overtime, ***time taken as compensatory time off***, is not counted as hours worked.

Neither the federal FLSA nor the state Minimum Wage Act (Ch 49.46) requires payment of overtime for work on a holiday. It is the City's practice to allow on call field staff to charge a minimum of two (2) hours of overtime for any call outs when on call. When that call out is on a holiday the rate of pay will be double time and a half (2 ½) rather than overtime for all call outs on a holiday.

City of Stevenson Personnel Policy

Exempt employees are not covered by the FLSA or Washington Minimum Wage Act overtime provisions and do not receive either overtime pay or compensatory time in lieu of overtime pay except as otherwise approved by City Council.

4.3 COMPENSATORY TIME

Non-exempt employees entitled to overtime pay may request compensatory time off instead of cash payment. This is approved on a case-by-case basis by the employee's department head. The City is not required to grant comp time instead of overtime pay. If the compensatory time option is exercised, the employee is credited with one and one-half times the hours worked as overtime. Maximum accrual of compensatory time shall be limited to two hundred forty (240) hours when combined with vacation (ex: vacation + comp time = 240 max). All compensatory time will be paid out in the year it is earned.

Employees may use compensatory time after getting approval from the employee's department head. The use of comp time may be denied if such time used would disrupt City operations.

4.4 ATTENDANCE

Punctual and consistent attendance is a condition of employment. Each department head is responsible for maintaining an accurate attendance record of their employees.

Employees unable to work or unable to report to work on time should notify their supervisor as soon as possible, ordinarily before the work day begins or within thirty (30) minutes of the employee's usual starting time. If an absence continues beyond one day, the employee is responsible for reporting in each day. If the supervisor is unavailable, the employee may leave a message on the answering machine stating the reason for being late or unable to report for work.

An employee who is absent without authorization or notification is subject to disciplinary action, including possible termination.

4.5 UNUSUAL CONDITIONS

WEATHER During times of inclement weather or natural disaster, it is essential that the City continue to provide vital public services. Therefore, it is expected that employees make every reasonable effort to report to work without endangering their personal safety.

PANDEMIC During pandemic flu or other community health emergencies the City Administrator shall identify a set of procedures to be approved by Council to maintain essential city functions while protecting the health of the staff. Those procedures shall be tailored to the specific health emergency and could include but are not limited to staggered work schedules, working from home (remote computer connections), allowing

City of Stevenson Personnel Policy

employees to use accrued leave or comp time, furloughing certain employees, and other appropriate actions.

4.6 BREAKS AND MEAL PERIODS

Employees may take one (1) fifteen-minute break for every four hours worked. All breaks shall be arranged so that they do not interfere with City business or service to the public. Meal periods shall be scheduled by the employee's supervisor. The scheduling of meal periods may vary depending on department workload. Meal periods are unpaid.

4.7 CALL BACK

All employees are subject to call back in emergencies or as needed by the City to provide necessary services to the public. A refusal to respond to a call back is grounds for immediate disciplinary action, including possible termination. An employee who is not fit to respond shall not accept a call back. Employees called back to duty will be paid their appropriate rate of pay for hours worked (the overtime rate for hours worked over the applicable overtime threshold).

4.8 PAYROLL RECORDS

The official payroll records are kept by the City Administrator. Each department head shall turn in, on a monthly basis, a signed work record for each employee within their department, noting hours worked, and leave taken and overtime worked. The Mayor shall sign work records for the City Administrator.

City of Stevenson Personnel Policy

CHAPTER 5: COMPENSATION

5.1 SALARY CLASSIFICATION AND GRADES

The City Administrator, Mayor and City Council shall be responsible for the preparation and maintenance of the City's position classifications for salary purposes. Each position classification is designated a particular salary or salary range as shown on the City's salary and wage schedule, which is approved annually by the City Council. The City Administrator shall, every five years, conduct comparative studies to ensure the salaries are competitive and justified and to ensure that the City's position classifications and compensation plan are properly connected. The most current salary schedule and job classifications will be filed in Appendix A-8.

The City's salary and wage schedule (the compensation plan) consists of a series of salary ranges. Within each range there are a series of steps graduated by standard percentage increments.

5.2 EMPLOYEE PAY RATES

Employees shall be paid within the limits of the wage range to which their positions are assigned. Usually, new employees will start their employment at the minimum wage rate for their classification. However, a new employee may be employed at a higher rate than the minimum when the employee's experience, training or proven capability warrant, or when prevailing market conditions require a starting rate greater than the minimum.

Pay increases are contingent on satisfactory performance. If an employee's performance is consistently unsatisfactory, the supervisor may defer a scheduled pay increase for a stipulated period of time or until the employee's job performance is satisfactory. All employees no longer in their probationary period with satisfactory performance will receive a step increase each year on January 1st.

The Mayor may propose and the City Council may grant an across-the-board pay adjustment (COLA) from time to time, raising the salaries of all positions by a specified amount within a defined group of classifications. Such adjustments, if any, will not change an employee's pay anniversary date.

Any employee promoted to a position in a higher classification and salary range shall receive, at a minimum, the next highest available pay amount within the range of the higher classification. For Example a Utility Maintenance Worker at a step 7 promoted to Field Supervisor may go to a step 3 or higher (based on the 2023 salary schedule) depending on their qualifications.

City of Stevenson Personnel Policy

5.3 CERTIFICATION PAY

An incentive plan is established to provide a means for rewarding employees who assume additional certification beyond what is considered a normal part of their position. The plan shall further provide a means for rewarding such exemplary professional development of direct value to the City, as determined by the Mayor or City Administrator. Such reward shall be granted through a salary adjustment of 2% for each certification, up to a maximum of 6%. The adjustment shall start beginning in the pay period following the City's receipt of certification and is conditioned on the following:

- Certifications will be reviewed on an annual basis.
- It is the responsibility of the employee to maintain and renew their certification.
- Any employee receiving a less than satisfactory Performance Review will not be awarded new certification pay until a satisfactory Performance Review is given.

Examples of certifications include:

- Wastewater Treatment Plant Operator Group II
- American Institute of Certified Planner Certification
- American Public Works Association Certified Public Works Professional-Supervision
- American Public Works Association Certified Public Works Professional-Management
- Permit Technician Certification
- Certified Public Records Officer
- Certified Public Finance Officer
- Master Municipal Clerk
- International City/County Management Association Credentialed Manager
- Any other certification program approved by the Department Head and Mayor in alignment with city's goals and objectives.

An additional certification pay of 15% will be provided for a Professional Engineer. The maximum reward available to such an employee is 21%.

The percent increases established herein shall be arithmetic based on the City's adopted Compensation Plan; percentages do not compound.

5.4 OUT OF CLASS PAY

"Out-of-class pay" means the temporary adjustment of an employee to perform most of the normal ongoing duties and responsibilities associated with a higher-paying job classification. The Director or City Administrator may temporarily assign the duties of higher-paying classification to an employee in order to continue or complete essential public services and compensate the employee for that performance. The threshold for granting an out-of-class assignment is when the employee who normally performs the duties will be away for 4 consecutive weeks or more. The temporary pay adjustment will increase the employee's regular base rate of pay to the greater of: 1) the Classification

City of Stevenson Personnel Policy

salary beginning rate of pay for the higher-level position or 2) ten percent above the Employee's regular base of pay.

If such an employee is also receiving certification pay, the percent increases shall be arithmetic based on the City's adopted Compensation Plan; percentages do not compound.

5.5 ON CALL PAY

The City requires some employees to be "on-call" when needed to protect the health, safety and property of the City and its residents. Upon supervisor approval and demonstrated proficiency in wastewater and water treatment plant operations, employees within the Public Works Department will be required to be "on call" on a rotating basis. "On Call" requires that the employee will be available for all emergencies by an effective means, to be determined by each employee (telephone, cell phone, pager, radio, etc.). The employee must be able to respond to a call within 30 minutes and shall not be impaired at any time while on call. If the scheduled employee cannot fulfill their standby obligation, it is their responsibility to find an employee to take their place.

As compensation for "on call" coverage, "on call" pay will be paid to these employees on an hourly basis according to the Salary Key approved by City Council annually. It will be the responsibility of the Department Head to ensure that the stand-by days are equally shared among the responsible personnel.

5.6 PAYDAYS AND PAY PERIODS

City employees are paid monthly on the last business day of each month. If a regularly scheduled payday falls on Saturday or Sunday, pay will be distributed on Friday.

New monthly employees working less than a calendar month will be paid at a rate per hour determined by dividing the annual salary by 2080 hours for the actual day or hours worked. Permanent monthly employees after the probationary period is completed, who have used all accumulated sick leave and vacation leave will lose pay at a rate determined by dividing the annual salary by 2080 hours on the basis of eight hours for each day lost.

Part time employees shall be paid on an hourly basis. The hourly wage will be determined by dividing the annual salary by 2080 or will be set by contract in the case of contracted employees.

5.7 DEDUCTIONS

Some regular deductions from the employee's earnings are required by law; other deductions are specifically authorized by the employee. The city will withhold from the employee's paycheck those deductions required by law and any voluntary deductions authorized by the employee or by statute.

City of Stevenson Personnel Policy

5.8 TRAVEL AND TRANSPORTATION REGULATIONS

Responsibilities: The Mayor, City Administrator or Director of Public Works are primarily responsible for ensuring that any cost incurred pursuant to this chapter are directly work related, ***obtained within the state rate***, and are both critical and necessary for city business. Prudent judgment is to be exercised in approving these costs. Receipts showing proof of payment will be required for all expense except for per diem meal reimbursements.

Travelers: A traveler on official city business is expected to exercise the same care in incurring expenses and accomplishing the purposes of the travel that a prudent person would exercise if traveling on personal business. Excess costs, circuitous routes, delays or luxury accommodations unnecessary or unjustified in the performance of official city business travel are not considered acceptable as exercising prudence. Travelers are responsible for excess cost and additional expenses incurred for personal preference or convenience.

General:

Travelers are to receive prior approval by the Mayor, City Administrator or Director of Public Works before embarking on any out of city travel for city business. Local travel within the Gorge and to the metropolitan area of Portland/Vancouver requires verbal permission of the appropriate Department Head. The City has established a set of guidelines for the handling of expenses while on city business:

Mileage: City owned vehicles should be used when traveling by automobile whenever possible for City business. If, however, there is reason to use a privately-owned automobile and the employee expects to be compensated for expenses (i.e., mileage allotment), prior approval must be obtained. In this case the rate of mileage reimbursement will be based on the standard mileage rate approved by the US Internal Revenue Service. The City Administrator will update the City's Travel Guide Sheet with the most current reimbursement rate on file with this policy. Each employee who drives a private vehicle on City business must have liability insurance on said vehicle. Carpooling is encouraged. Either state mileage charts or odometer readings can be used for calculating mileage reimbursement.

If public transportation is used, reimbursement shall not exceed the dollar amount of a round trip air fare at the coach rate on a licensed common carrier, plus auto rental or taxi fare at point of destination, and any associated parking fees.

Lodging: The reimbursement for lodging and associated travel expenses (such as parking fees) incurred on official city business in all areas of the Continental USA is to be on an actual expense basis for lodging and other travel expenses, as evidenced by a receipt, up to a specified maximum. Generally, the maximum for reimbursement for lodging expenses (before tax) shall not exceed the maximum allowable as stated in Schedule A or Schedule B of the State of Washington Policies, Travel and Transportation Regulations and Procedures Issued by the Office of Financial Management (as updated). The single

City of Stevenson Personnel Policy

rate should be clearly indicated on all receipts. If the employee is accompanied by another, it will be the employee's responsibility to pay the additional charges for the second person.

It is recognized that on certain occasions it will be necessary to exceed the adopted guidelines when an alternate reasonable accommodation is not available. This will require council approval with full documentation of the situation.

Meals: Meal reimbursements for all overnight trips incurred on official city business will be set on a per meal entitlement basis for subsistence (per diem). When the travel includes a partial day, the reimbursement will be prorated based on the time of travel. For example, a training in Vancouver requiring travel from 7am-5pm would include lunch whereas travel to a location from 3pm-8pm would include dinner, etc. The reimbursement amounts in both non-high cost and high cost areas of the USA shall not exceed the maximum allowable per diem rates stated in Schedule A or Schedule B, except as authorized by Subsection 4.2.7.2.2 of State of Washington Policies, Travel and Transportation Regulations and Procedures Issued by the Office of Financial Management. Annually, the City Administrator will update the City's Travel Guide Sheet with the most current reimbursement rate on file with this policy. It is recognized that it may be necessary on certain occasions (banquets at a conference) to exceed the above guidelines. Prior permission will be needed and receipts will be required. If a meal is included in the tuition or registration during a conference, training or other form of official city business, no meal reimbursement will be made if the employee opts to eat elsewhere. Breakfast compensation does not need to be reduced if continental breakfasts are provided with the lodging rate.

On occasion employees of the City must attend a seminar or conference as a City representative in the local area that will include a meal. A request for reimbursement for these meals must include date, place, meeting attended, and the specific reason for attendance. Receipts will be required.

5.9 COMPENSATION UPON TERMINATION

When an employee's employment with the City is terminated, the employee will receive the following compensation on the next regularly scheduled payday:

- (1) Regular wages for all hours worked up to the time of termination which has not already been paid.
- (2) Any overtime or holiday pay due.
- (3) A lump sum payment of any accrued but unused vacation and compensatory time.
- (4) Unused accumulated sick time will be compensated at the rate of 25% of the total remaining balance on retirement or separation after twenty-five years.

City of Stevenson Personnel Policy

CHAPTER 6: TRAINING & PERFORMANCE EVALUATIONS

6.1 TRAINING

The City seeks, within the limits of available resources, to offer training to increase an employee's skill, knowledge and abilities directly related to City employment to obtain or maintain required licenses and certifications, and to develop staff resources. Opportunities may include, but are not limited to: on-the-job training, in-house workshops, and seminars sponsored by other agencies or organizations.

6.2 PERFORMANCE EVALUATIONS

To achieve the City's goal to train, promote and retain the best qualified employee for every job, the City conducts periodic performance evaluations for all positions. The City Administrator is responsible for developing and maintaining the City's performance evaluation program. Employees are to be evaluated by their supervisor prior to completion of their trial period and usually once every year thereafter.

City of Stevenson Personnel Policy

CHAPTER 7: BENEFITS POLICY

7.1 RETIREMENT BENEFITS

The City makes contributions on behalf of all eligible employees to the Social Security System in addition to those contributions made by the employee through FICA payroll deductions.

All regular and part-time employees are covered under the Public Employees Retirement System (PERS). Benefit levels, membership qualifications and contribution rates are set by the State of Washington.

Employees intending to retire should notify their supervisor of their intent to retire at least three months prior to the date of retirement.

The City is a member of a deferred compensation plan which allows employees to make deferred deposits up to certain dollar limits defined by the IRS.

7.2 DISABILITY BENEFITS (WORKERS COMPENSATION)

When an employee is absent for one or more days due to an on-the-job accident, they are required to file a claim for Workers' Compensation. If the employee files a claim, the City will continue to pay (by use of the employee's unused sick leave) the employee's regular salary pending receipt of Workers' Compensation benefits.

Coordination of Benefits: When the employee receives Workers Compensation benefits, they are required to repay to the City the amount covered by Workers' Compensation and previously advanced by the City. This policy is to ensure that employees will receive prompt and regular payment during periods of injury or disability so long as accrued sick leave is available, while ensuring that no employee receives more than they would have received had the injury not occurred. Upon the repayment of funds advanced, the appropriate amount of sick leave shall be restored to the employee's account.

The City may require an examination at its expense, performed by a physician of its choice to determine when the employee can return to work and if they will be capable of performing the duties of the position.

7.3 HEALTH INSURANCE BENEFITS

Regular full-time employees, their spouses (including Domestic Partners as defined by City policy) and their dependents are eligible to participate in the City's various insurance programs on the first day of the month following employment. The programs and criteria for eligibility will be explained upon hire. The City contributes toward the cost of premiums in the amounts authorized by the City Council. The remainder of the premiums, if any, shall be paid by the employee through payroll deduction. For the purposes of medical insurance, the term dependent child includes children below the age

City of Stevenson Personnel Policy

of 23; for children 23 to 26 the employee may choose to pay for coverage through the City's medical program. The City reserves the right to make changes in the carriers and provisions of these programs when deemed necessary or advisable, with prior notice to affected employees.

Part time employees may participate in the City's various insurance programs. Part time employees will contribute toward the cost of premiums based on a pro rata system established by the City Council for each position.

Employees may opt for pay in lieu of their medical benefits provided they have medical coverage through other means (spouse, domestic partner, Veteran's benefits, etc).

Temporary employees will normally not be eligible for insurance coverage.

Both retired and disabled employees shall have access to health insurance after leaving employment with the City. Eligible participants wanting to continue participation in the health plan will be responsible to pay the full cost of the medical coverage.

The City offers a Health Reimbursement Arrangement (HRA) benefit. The terms of the HRA are governed by the HRA VEBA policy as adopted by council.

7.4 CONTINUATION OF INSURANCE COVERAGE

Workers Compensation Leave: An employee receiving Workers Compensation benefits continues to accrue vacation leave and sick leave for up to six (6) months. The City also continues to pay for the employer's portion of health insurance premiums, provided that the employee continues to pay their share of premiums, if any. After six (6) months, the employee's benefits shall cease unless the Mayor or City Administrator makes an exception in individual situations pursuant to Section 1.4 criteria of these policies. The employee may continue health care benefits by self-paying insurance premiums for the remainder of the time they receive Workers Compensation benefits.

COBRA Rights: Upon an employee's termination from City employment or upon an unpaid leave of absence, at the employer's option and expense, the employee may be eligible to continue City health insurance benefits to the extent provided under the federal COBRA regulations. An administrative handling fee over and above the cost of the insurance premium may be charged to the employee or their dependents who elect to exercise their COBRA continuation rights.

Termination, Retirement, Leave of Absence: For eligible employees who terminate, retire or are on an approved leave of absence, the City will pay the premium for the month the employee is leaving if the employee works less than 80 hours in the month. If the employee works more than 80 hours in the month of termination, the City will pay the premium for the month following their departure.

City of Stevenson Personnel Policy

7.5 UNEMPLOYMENT COMPENSATION

City employees may qualify for State Unemployment Compensation after termination from City employment depending on the reason for termination and if certain qualifications are met.

7.6 FIRE/EMERGENCY CALLS

Regular full-time city employees that also serve as Volunteer Firefighters may need to respond to emergency calls during working hours. It is the policy of the city to pay the employee for the entire day worked as if the emergency call had not occurred. If an employee needs to work additional hours to complete their job outside of their regular schedule due to an emergency call, the city will not pay overtime unless the total hours worked exclusive of the emergency would trigger overtime pay. For example, if an employee responded to a call that lasted one hour and worked three hours over their scheduled shift, they would be compensated for two hours of overtime.

Temporary city employees may respond to the emergency call but will not be compensated for the time away from their position.

7.7 BOOT ALLOWANCE

Regular full-time, non-probationary city employees working in the Public Works department will receive a bi-annual \$400 boot reimbursement allowance. An employee may receive reimbursement of up to \$400 every other year, or \$200 annually, for safety boots required to perform their job duties. The city will comply with all IRS regulations regarding taxable fringe benefits and reimbursements.

7.8 EMPLOYEE RECOGNITION

Employee recognition means any award, token of appreciation, prize, meal, entertainment or event that is intended specifically to promote good will, foster a sense of pride in affiliation with the City, promote safety, productivity, reliability, efficiency, dedication, commitment to the community and/or cost savings for the City among City employees. The expenditure of funds for recognition of longevity of employment and/or retirement is limited to no more than \$200 total per employee, plus \$5 for every year of service. This limit does not include sales tax, shipping and handling, and engraving charges.

The expenditure of funds for meals related to an employee recognition event may not exceed the per diem rate for the City of Stevenson as established by the Washington State Office of Financial Management. A list of attendees must be submitted with the itemized meal costs.

City of Stevenson Personnel Policy

7.9 Hepatitis B Vaccination (Optional)

Employees whose duties require them to work at the wastewater treatment plant may choose to be vaccinated against Hepatitis B. The City will bear the cost of such vaccination.

City of Stevenson Personnel Policy

CHAPTER 8: LEAVES

8.1 VACATION LEAVE

Each regular full-time employee is entitled to vacation leave as follows:

<u>Years of Employment</u>	<u>Vacation Hours Earned</u>
0- 5 years	8 hours/month
6 years +	add 8 hours per year but not to exceed 240 hours per year.

All new employees must satisfactorily complete their 6-month trial period to be entitled to the accrual and use of vacation leave. (After satisfactorily completing the probation period, the 48 hours will be accrued.) Regular part-time employees will receive vacation on a pro-rata basis. Temporary employees are not eligible for any vacation benefits. Employees do not accrue vacation benefits during a leave without pay.

Employee Vacation Accruals are calculated yearly as of Jan 1st and are based on the complete number of years employed (i.e. Jan 1 – December 31).

Each department is responsible for scheduling its employees' vacations without undue disruption of department operations. All requests for vacation must be approved by the department head and leave requests should be submitted at least two weeks prior to taking vacation leave. In the event of a conflict, the department head's decision will be guided by "first in" and seniority.

240 is the maximum number of vacation hours which may be accumulated. In cases where City operations have made it impractical for an employee to use vacation time, the department head with the approval of the Mayor may authorize additional carryover and/or a buyout. Minimally the employee must use or have a plan to use 80 hours of vacation within a full year of employment and the employee must have a minimum of eighty (80) hours remaining in the leave bank. Cash out will be at the rate of pay in effect on the date of the cash out payment. Vacation leave compensation may be part of the negotiations for employment for exempt employees. Employees will be paid for unused vacation time upon termination of employment.

8.2 SICK LEAVE

All full-time regular employees accrue sick leave benefits at the rate of 8 hours for each calendar month of continuous employment. Regular part-time employees may accrue sick leave benefits on a pro-rata basis according to hours worked, with a minimum rate of 1 hour for every 40 hours worked. Sick leave compensation may be part of the negotiations for employment for exempt employees. Temporary employees will accrue

City of Stevenson Personnel Policy

sick leave benefits at the rate of 1 hour for every 40 hours worked. Employees do not accrue sick leave benefits during a leave without pay. Such leave shall be accumulated up to a maximum of 1,440 hours.

Allowable uses of Sick Leave: Sick leave covers those situations in which an employee is absent from work due to:

1. Employee's own health condition (illness, injury, physical or mental disability, including disability due to pregnancy or childbirth);
2. The need to care for the employee's dependent children under the age of 18 who are ill.
3. To care for a spouse, child, parent, parent-in-law, or grandparent with a health condition requiring treatment or supervision, or for emergency purposes.
4. Medical or dental appointments for the employee or dependent child, provided that the employee must make a reasonable effort to schedule such appointments at times which have the least interference with the work day.
5. Exposure to a contagious disease where on the job presence of the employee would jeopardize the health of others;
6. Use of a prescription drug which impairs job performance or safety;
7. Additional leave beyond bereavement leave for a death in the immediate family, to be authorized by the Mayor.
8. When the employees' workplace or their child's school or place of care has been closed by a public official for any health-related reason.
9. For absences that qualify for leave under the state's Domestic Violence Leave Act.

A doctor's certificate may be required when an employee is absent for a period in excess of 3 days. The City may also request the opinion of a second doctor at the City's expense to determine whether the employee suffers from a chronic physical or mental condition which impairs the employee's ability to perform the job. Employees who are habitually absent due to illness or disability may be terminated if their disability cannot be reasonably accommodated and/or when the employee's absenteeism prevents the orderly and efficient provision of services to the citizens of the City.

Employees who use all their accumulated sick leave and require more time off work due to illness or injury may, with their department head's approval, request a leave without pay. (See Leave Without Pay Policy.)

Employees will be paid for unused sick leave as stipulated in section 5.7 Compensation upon termination.

8.3 LEAVE WITHOUT PAY

The Mayor or City Administrator may grant leaves of absence without pay for absence from work not covered by any other type of leave or if other leave balances are exhausted. Examples of situations for which leave without pay may be granted include

City of Stevenson Personnel Policy

time off work for personal reason, such as a prolonged illness, parenting, caring for an ill relative, or pursuing an education.

8.4 JURY AND WITNESS LEAVE

It is the civic obligation of each employee to serve on a jury if the employee is called. While on jury duty or while appearing as a legally required witness, an employee will receive full pay from the city but the city shall deduct or the employee shall sign over the amount equal to jury fees actually received by the employee.

8.5 ADMINISTRATIVE LEAVE

On a case-by-case basis, the City may place an employee on administrative leave with or without pay for an indefinite period of time. Administrative leave may be used in the best interests of the City (as determined by the Mayor) during the pendency of an investigation or other administrative proceeding.

8.6 MILITARY LEAVE

The City provides all employees leave while performing military service in accordance with federal and state law. Regular full-time and part-time employees receive paid military leave of up to 15 working days per year for military service. In general, if military service extends beyond 15 working days, the additional leave will be unpaid. Exempt salaried employees who serve longer than two weeks should contact the City Administrator to discuss whether further paid leave will be provided. All employees who are not eligible for paid military leave are provided unpaid leave for a period of their military service. Military service includes active military duty and Reserve or National Guard training. You are required to provide your supervisor with copies of your military orders as soon as possible after they are received. Reinstatement upon return from military service will be determined in accordance the applicable federal and state law. Health insurance will be paid for the first 30 days of active duty and Cobra-like benefit will be available to continue insurance coverage beyond the 30-day period.

During a period of military conflict as defined by SB 6447 an employee who is the spouse of a member of the armed forces of the United States, national guard, or reserves who has been notified of an impending call or order to active duty is entitled to a total of fifteen days of unpaid leave per deployment as described in SB 6447.

8.7 FAMILY LEAVE

The City complies with the federal Family and medical Leave Act of 1993 (the FMLA) and all applicable state laws related to family and medical leave. This means that, in cases where the law grants you more leave than our leave policies provide, we will give you the leave required by law.

City of Stevenson Personnel Policy

Family Leave Eligibility: The FMLA provides up to 12 weeks of unpaid, job-protected leave every 12 months to eligible male and female employees for certain family and medical reasons. To be eligible you must have worked for us for at least one year, and for 1,250 hours over the previous 12 months.

Reasons for Taking Leave: Unpaid FMLA leave is granted for any of the following reasons:

- To care for your child after birth or placement for adoption or foster care.
- To care for your spouse, son, daughter or parent who has a serious health condition.
- For a serious health condition that makes you unable to perform the essential functions of your job.
- To care for a spouse, child, parent, or next of kin injured in the line of duty as a member of the Armed Forces and who is undergoing medical treatment, recuperation, or therapy for serious injury or illness incurred in the line of active duty for up to a total of 26 weeks (12 weeks as outlined above plus an additional 14 weeks) of protected leave within a 12-month period.
- To address a “qualifying exigency” arising out of the employee’s spouse, child, or parent in the Armed Forces serving on active duty.

Leave to care for a child after birth or placement for adoption or foster care must be concluded within 12 months of the birth or placement.

Under some circumstances, FMLA leave may be taken intermittently – which means taking leave in blocks of time, or by reducing your normal weekly or daily work schedule. FMLA leave may be taken intermittently if medically necessary because of a serious health condition. FMLA leave may be taken by victims of domestic violence, sexual assault or stalking to take “reasonable” or intermittent leave from work to obtain legal or law enforcement assistance, medical treatment or counseling. If FMLA leave is for birth or placement for adoption or foster care, use of intermittent leave is subject to our approval.

Substitution of Paid Leave: At your request or ours, certain kinds of paid leave may be substituted for unpaid FMLA leave. Accrued vacation may be substituted for any type of FMLA leave. Accrued sick leave may be substituted only in the circumstances where our policies or state law allow you to use that paid leave. This means, in general, that sick leave may be used only for leave taken because of your own health condition or a spouse, child, parent, parent-in-law, or grandparent with a health condition requiring treatment or supervision, or for emergency purposes.

If you have any sick leave available that may be used for the kind of FMLA leave you are taking, it is our policy that you must use that paid sick leave as part of your FMLA leave. Use of vacation time for FMLA leave, however, is at your option.

City of Stevenson Personnel Policy

If you use paid leave for a purpose for which FMLA leave would be available, it is our policy to designate your paid leave as counting against your FMLA leave allowance. You are required to notify us if you use paid leave for a reason covered by the FMLA so that we may properly account for the leave.

Advance Notice and Medical Certifications: We require that you provide us with advance leave notice, with medical certification, of the need for a leave related to a health condition, and with medical certification of your fitness to return to duty after medical leave. Taking leave, or reinstatement after leave, may be denied if these requirements are not met.

You must give us at least 30 days' advance notice of your request for leave if the reason for the leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment. If 30 days' notice is not practicable, you must give us notice as soon as practicable, usually within one or two business days of when the need for leave becomes known to you. If you do not give us 30 days' advance notice, and if the need for the leave and the approximate date of the leave were clearly foreseeable by you, we may deny your request for leave until at least 30 days after the date you give us notice.

We require that you provide a medical certification to support a request for leave because of a serious health condition (your own or your child's, spouse's or parent's) whenever the leave is expected to extend beyond five consecutive working days or will involve intermittent or part-time leave. We may require second or third opinions, at our option, at our expense.

We require that you provide a medical certification of your fitness for duty to return to work after a medical leave that extends beyond 10 consecutive working days, that involves a mental disability or substance abuse, or where the medical condition and your job are such that we believe you may present a serious risk of injury to yourself or others if you are not fit to return to work.

Periodic Reporting: If you take leave for more than two weeks, we require that you report to us at least every two weeks on your status and intent to return to work.

Health Insurance: If you are covered by our group health plan (medical, dental or vision), we will continue to provide paid health insurance during FMLA leave on the same basis as during regular employment. But if you don't return to work after the leave, you will be required to pay us back for our portion of the insurance premiums unless your failure to return was beyond your control.

Other Insurance: If you are covered by other insurance plans through us, such as life or disability insurance, those coverages will continue during paid leave on the same basis as during regular employment. If you take unpaid FMLA leave, you will be responsible during the leave for the premiums you normally pay plus the premiums we normally pay for you. If you don't pay these premiums, we may choose to pay them for you, to keep

City of Stevenson Personnel Policy

your coverage from lapsing, but you will be responsible for repaying us whether or not you return to work.

Couples Employed by Us: If both you and your spouse work for us and you request leave for the birth, adoption or foster care placement of a child, to care for a new child, or to care for a sick parent, the total annual FMLA leave available to you as a couple for those purposes is 12 weeks.

Determining Leave Availability: FMLA leave is available for up to 12 weeks during a 12-month period. For purposes of calculating leave availability, the “12-month” period is a rolling 12-month period measured backwards from the date you use any FMLA leave.

Leave Related to Pregnancy: If you take leave for the disability phase of pregnancy or childbirth while you are physically unable to work, this time is counted against your annual 12-week FMLA leave allowance. For example, if you take six weeks of FMLA leave for childbirth to recover from childbirth, you are entitled to only six weeks of FMLA leave after that to care for your new child.

You are entitled to unpaid leave for the full period of your physical disability resulting from pregnancy and childbirth, even if you are disabled for more than 12 weeks, and even if you don’t qualify for leave under the federal law.

8.8 BEREAVEMENT LEAVE

We provide regular, full-time and part-time employees with paid leave for up to three (3) days in the event of the death of an immediate family member. An immediate family member is defined as parent, child, grandparent, grandchild, sibling, spouse or significant other.

8.9 SHARED LEAVE PROGRAM

The Mayor or Administrator may authorize employees to donate their accrued vacation or sick leave to another City employee who is suffering from or who has an immediate family member suffering from an extraordinary or severe illness, injury, or physical or mental condition which has caused or is likely to cause the employee to take leave without pay or to terminate their employment. The following conditions apply:

- To be eligible to donate vacation or sick leave, the employee who donates leave must have at least ten days of accrued leave. In no event shall a leave transfer result in the donor employee reducing their vacation or sick leave balance to less than ten days. Transfer of leave will be in increments of one day of leave. All donations of leave are strictly voluntary.
- The employee receiving donated leave shall have exhausted all their accumulated vacation and sick leave.

City of Stevenson Personnel Policy

- While an employee is using shared leave, they will continue to receive the same treatment, in respect to salary and benefits, as the employee would otherwise receive if using vacation or sick leave.

City of Stevenson Personnel Policy

CHAPTER 9: EMPLOYEE RESPONSIBILITIES & CONDUCT

9.1 GENERAL CODE OF CONDUCT

It shall be the responsibility of all employees to represent the City to the public in a manner which shall be courteous, efficient, and helpful.

The City is a relatively small organization. To function as efficiently as possible, we may ask you to perform seemingly “menial” duties outside your regular assignments. It is no reflection on your worth to the City but a necessary arrangement for most small organizations.

To make the most efficient use of personnel, the City also reserves the right to change your work conditions and the duties originally assigned. If these arrangements become necessary, we expect your best cooperation.

9.2 OUTSIDE EMPLOYMENT AND CONFLICTS OF INTEREST

The City of Stevenson allows its employees to engage in outside work subject to certain restrictions. Employees are required to disclose outside work, other jobs, contractual commitments or self-employment to their department head and obtain prior approval to perform outside work or hold another job.

Employees shall not, directly or indirectly, engage in any outside employment or financial interest which may conflict, in the City’s opinion, with the best interests of the City or interfere with the employee’s ability to perform their assigned City job. Outside work will not be considered an excuse for poor job performance, absenteeism, tardiness, leaving early, refusal to travel, or refusal to work overtime or different hours.

9.3 CODE OF CONDUCT

From time to time employees will be asked to participate in the selection, award or administration of a contract supported by federal and/or state grant funds. The employee shall NOT participate in the selection, award or administration of the contract if there is a conflict of interest, real or apparent, such as:

- The employee, elected official, or agent;
- Any member of the employee’s immediate family;
- The employee’s partner; or
- An organization that employs, or is about to employ any of the above, has a financial or other interest in the firm selected for award.

Furthermore, the employee shall not solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or subcontractors.

City of Stevenson Personnel Policy

9.4 REPORTING IMPROPER GOVERNMENTAL ACTION

In compliance with the Local Government Employee Whistleblower Protection Act, RCW 42.41.050, this policy is created to encourage employees to disclose any improper governmental action taken by City Officials or employees without fear of retaliation. This policy also safeguards legitimate employer interests by encouraging complaints to be made first to the City, with a process provided for speedy dispute resolution. (See Appendix #A-5, A-6)

9.5 POLITICAL ACTIVITIES

City employees may participate in political or partisan activities of their choosing provided that City resources and property are not utilized, and the activity does not adversely affect the responsibilities of the employees in their positions. Employees may not campaign on City time or in a City uniform or while representing the City in any way. Employees may not allow others to use City facilities or funds for political activities. No person may solicit on City property for contributions to be used for political subdivisions.

Any City employee who meets with or may be observed by the public or otherwise represents the City to the public, while performing their regular duties, may not wear or display any button, badge or sticker relevant to any candidate or ballot issue during working hours. Employees shall not solicit, on City property or City time, for a contribution for a partisan political cause. Except as noted in this policy, City employees are otherwise free to fully exercise their constitutional First Amendment rights.

For persons employed by the City in positions which are financed primarily by federal grant-in-aid funds, political activity will be regulated by the rules and regulations of the United States Civil Service Commission.

9.6 NO SMOKING POLICY

For health and safety considerations, the City prohibits smoking by employees in all City facilities, including City owned buildings, vehicles, and offices or other facilities rented or leased by the City, including individual employee offices.

9.7 PERSONAL POSSESSIONS AND ELECTRONIC COMMUNICATIONS

The City furnishes desks, closets, and/or lockers for security of employee coats, purses, and other personal possessions. We do not, however, assume responsibility for any theft or damage to the personal belongings of employees, and we reserve the right to search employee desks, lockers, and personal belongings brought onto City premises, if necessary.

City of Stevenson Personnel Policy

The City also furnishes computers for use in conducting City business. Because the computers are for City business, the City reserves the right to review the contents of any files or documents on the computer including contents of any electronic mail. City Department heads may and will intermittently monitor internet usage. Receipt of a public records request for public employees' internet usage places all internet usage subject of public disclosure without prior consent or notice. City computers are not for personal use. See appendix A-4 for policy, procedures and agreements regarding Cell Phones and A-9 for policy, procedures and agreement regarding Internet.

9.8 USE OF CITY VEHICLES AND EQUIPMENT

Use of City phones for personal phone calls should be kept to a minimum. Other City equipment, including vehicles, should be used by employees for City business only. An employees' misuse of City services, telephones, vehicles, equipment or supplies can result in disciplinary action including termination.

It is important to clarify the use of City vehicles to better interpret City policy and maintain community confidence in the wise use of city resources. City vehicles may not be used for personal use including personal errands such as banking, shopping and etc. City-owned vehicles/equipment are restricted to City business and are for employee use only. Children or individuals not engaged in a direct City business activity are not permitted. Any driver of a City vehicle will not consume alcohol or illegal drugs while conducting City business.

City vehicles may be used to attend business functions, for out of town travel, and to travel between the job site and lunch or break sites when working in the field. There is a group of employees who are required to drive motorized vehicles in the performance of their jobs and who have been assigned first responder responsibilities. These activities require emergency duties. For those City staff that are assigned stand-by duty, City vehicle use may be authorized for commuting between the place of residence and place of work both for regular work hours and after work hour periods.

9.9 USE OF CITY CREDIT CARDS (Ref. Resolution No. 132)

Gas Credit Cards – An employee whose job responsibilities would be facilitated by the use of a credit card will be assigned a gas credit card to be used in the day-to-day operations of the employee's department. Cash Advances, purchases of food or other non-automotive related items are not authorized.

Other Credit Cards – Other credit cards may be used by City employees for advanced payment of expenses associated with authorized travel such as registration and tuition fees, lodging expenses and transportation expenses. The credit cards may also be used for official government purchases and acquisitions, including supplies, small tools and equipment. Credit cards shall not be used for cash advances. The employee is expected to submit a fully itemized expense voucher for the charges. The employee will be responsible for repayment for disallowed charges.

City of Stevenson Personnel Policy

9.10 CONTACT WITH THE NEWS MEDIA

The City Administrator shall designate the person to be responsible for official contacts with the news media during working hours, including answering of questions from the media. The City Administrator may designate specific employees to give out procedural, factual or historical information on particular subjects.

9.11 DRIVER'S LICENSE REQUIREMENTS

As part of the requirements for certain specific City positions, an employee may be required to hold a valid driver's license with the appropriate endorsements. If an employee's license is revoked, suspended or lost, or is in any other way not current, valid, and in the employee's possession, the employee shall promptly notify their supervisor and will be immediately suspended from driving duties. The employee may not resume driving until proof of a valid, current license is provided to the employee's supervisor. Depending on the duration and the employee's duties, the license suspension, revocation or other inability to drive, an employee may be subject to disciplinary action, including termination. The City may review the driving record of any employee whose job requires them to drive City vehicles at least annually. The driving record will be evaluated according to the matrix in appendix A-14 and a determination Borderline or Poor may lead to a loss of driving duties and consequences as outlined above. It is the responsibility of the employee to inform their supervisor if a physical condition or medical treatment might impair their driving ability.

9.12 SOLICITATIONS

Most forms of selling and solicitations are inappropriate in the workplace. They can be an intrusion on employees and citizens and may present a risk to employee safety or to the security of City or employee property. The following limitations apply:

1. Persons not employed by us may not solicit, survey, petition, or distribute literature on our premises at any time. This includes persons soliciting for charities, salespersons, questionnaire surveyors, labor union organizers, or any other solicitor or distributor.
2. Employees may not solicit for any purpose during work time. Reasonable forms of solicitation are permitted during non-work time, such as before or after work or during meal or break periods. Soliciting employees who are on non-work time may not solicit other employees who are on work time. Employees may not distribute literature for any purpose during work time or in work areas. The employee lunchroom is considered a non-work area under this policy.

City of Stevenson Personnel Policy

9.13 SAFETY

The City Administrator recognizes the need for the development of safe working conditions and practices for every employee and desires to promote on-the-job safety by encouraging the proper design and use of buildings, equipment, tools, and other design and use of buildings, equipment, tools, and other devices. Responsibility for development, promotion and coordination of the safety program throughout the various City departments shall be a primary function of the supervisors of each department.

Administration of the adopted safety program is the responsibility of supervisors. Supervisors and employees should be constantly on the alert to observe and report unsafe working practices or existing hazardous working conditions with the aim of immediate correction. Each supervisor shall insure that the employees under their supervision are well acquainted with existing safety rules and shall make certain that the rules are uniformly enforced. Each employee will be personally responsible for keeping informed and being constantly aware of all the latest State Industrial Safety guidelines and Safety Policies as they are presented and/or approved by the City. Safety education of all employees shall be promoted by supervisors adhering to all safety rules. Any employee who habitually or purposely ignores or fails to comply with established safety rules, as outlined by the State Industrial agency or the City, will be subject to suspension, without pay, or dismissal as deemed necessary by the supervisor.

9.14 DRUG-FREE WORKPLACE

The City will strive to educate and increase employee awareness of the dangers of drug abuse in the workplace, the City's commitment to maintaining a drug-free workplace, the penalties that may be imposed upon employees for drug violations in the workplace, and the City's commitment of support for employees undergoing treatment and rehabilitation for chemical dependencies.

The City recognizes maintenance of a drug-free workplace as essential to the safety and welfare of its employees and the public. This policy establishes programs and practices that promote and support a drug-free working environment and brings the City into compliance with the Drug-Free Workplace Act of 1988.

- The manufacture, distribution, dispensation, possession and use of unlawful drugs or alcohol on City premises or during work hours by City employees are strictly prohibited.
- The use of prescription and over-the-counter drugs which compromise safety in the workplace or the quality of the employee's work product is prohibited. It is the employee's responsibility to check with their physician as to whether or not a prescription or over-the-counter drug will impair performance and to notify their supervisor of the physician's opinion.
- As a condition of employment, all employees must notify their supervisor of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such a conviction.

City of Stevenson Personnel Policy

Violation of this policy can result in immediate disciplinary action, up to and including termination. The employee may be required to participate satisfactorily in an alcohol or drug abuse assistance or rehabilitation program.

The City will utilize available City resources, including drug education programs to educate employees about the dangers of drug abuse.

All complaints and reported violations for these policy provisions will be strictly confidential, except as required by public disclosure laws or court order.

9.15 DRUG & ALCOHOL TESTING POLICY & PROCEDURES

The City of Stevenson provides vital public services to our community. In an effort to ensure that services are delivered safely and efficiently, we are intent on providing and maintaining a drug and alcohol-free working environment. It is the City of Stevenson's policy to:

SCOPE

This policy outlines the City's position relative to alcohol and drug control in the workplace and applies to all employees at all levels of the City of Stevenson. The City will not tolerate use of this policy to harass or intimidate employees.

- The following policy has been adopted not only to protect the health and safety of all employees, but to encourage any employee with a drug or alcohol dependence problem to help him/herself by voluntarily seeking professional assistance. The City is committed to helping employees deal with any drug or alcohol abuse problem they may have.
- The City recognizes that each employee has a desire to maintain a degree of privacy and that this desire should be respected. The City believes that the provision of this policy, in conjunction with its general commitment to helping individuals with a drug or alcohol dependency problem, creates a balance between the interest of the City and the rights and needs of its employees.
- The City will assist any employee, who voluntarily seeks help for a drug or alcohol abuse problem, in initial intervention and referral. Employees who voluntarily seek assistance for an alcohol or drug related problem before it becomes a subject of formal discipline will not be subject to disciplinary action. Rehabilitation, however, is the responsibility of the employee.
- Employees shall be subject to random testing for the purpose of discovering possible drug or alcohol abuse and as mandated by state or federal law.

PROHIBITED BEHAVIOR

All employees are prohibited from behavior which is outlined in the City of Stevenson's Drug Free Workplace Policies and Procedures. Federal regulation (Title 49, CFR subtitle B, Chapter III, part 382 subpart B) prescribes prohibited behavior for employees subject to those regulations. Prohibited behavior includes:

City of Stevenson Personnel Policy

- Alcohol concentration: Reporting for duty or remaining on duty while having a blood alcohol concentration of 0.04 or greater
- Alcohol Possession: Possession of alcohol while on duty or operating a commercial motor vehicle.
- On Duty Use of Alcohol: Use of alcohol while on duty. (This includes alcohol that may be in medications.)
- Pre-duty Use of Alcohol: Performance by an on-call employee of safety sensitive functions within four hours after using alcohol. If called out, pre-duty use of alcohol must be discussed with supervisor. If the on-call employee claims the ability to perform their safety-sensitive function, they must take an alcohol test with a result of less than 0.02 prior to performance. All employees are prohibited from consuming alcohol within four (4) hours prior to the performance of safety-sensitive job functions.
- Use Following Accident: Use of alcohol within eight hours following an accident or before undergoing a post-accident alcohol test, whichever occurs first.
- Use of Controlled Substances (Drugs): Reporting for duty or remaining on duty after having used any controlled substance, except when the use is pursuant to the instructions of a physician who has advised that the substance does not adversely affect the employee's ability to safely perform their duties.
- Use of Illegal Drugs: Use of illegal drugs is prohibited at all times. All employees are prohibited from reporting for duty or remaining on duty any time there is a quantifiable presence of a prohibited drug in the body at or above the minimum thresholds defined in 49 CFR Par 40. Prohibited drugs include:
 - Marijuana
 - Cocaine
 - Phencyclidine (PCP)
 - Opioids
 - Amphetamines
- Refusal to Submit to a Required Test: Refusing to submit to a post-accident, random, reasonable suspicion, or follow-up alcohol or controlled substances test as directed pursuant to this policy.
- Positive Drug Test: Reporting for duty, or remaining on duty, after having tested positive for a controlled substance.

City supervisors and managers shall not permit employees to remain on duty when they engage in any of the above prohibited behavior.

PRESCRIPTION DRUG USE

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to the immediate supervisor. Medical advice should be sought, as appropriate, while taking such medication and before performing safety-sensitive duties.

City of Stevenson Personnel Policy

Regardless of State Laws on recreational and medical marijuana use, marijuana (THC) is a schedule I prohibited substance as defined by the United States Drug Enforcement Agency and is a banned substance under this policy. A positive marijuana test is a violation of this policy. A violation of this policy shall result in disciplinary action that may include termination.

PROCEDURES

- All employees who are required to have a valid Commercial Driver's License (CDL) must be tested for the presence of controlled substances and alcohol as a condition of employment in accordance with these regulations and randomly on an ongoing basis.
- All employees may be subject to testing prior to employment in permanent full-time positions, for reasonable suspicion, and prior to return after failing a test or upon the completion of substance abuse treatment.
- All City employees who have a permanent, full-time status may be subject to testing following an on-duty incident or accident if there is reasonable suspicion of impairment.
- City employees may be requested to undergo a drug screen test if the City has reasonable suspicion that an employee is under the influence of alcohol or a controlled substance. "Reasonable suspicion" shall mean that articulable facts or information exists which appears reliable and discloses facts or circumstances which, when taken together, would convince an ordinary, reasonable person that the suspected person is under the influence of a controlled substance. Test results gathered under this policy will not be used in a criminal investigation or prosecution.
- Following an accident in a City owned vehicle the employee(s) involved must immediately submit to an alcohol or drug screen test if such test is required by the supervisor. The test must be taken within 8 hours following the accident or incident, if the employee's performance either contributed to the accident, or cannot be discounted as a contributing factor. The term "accident" is defined as an incident involving City owned vehicles which resulted in damages amounting to at least \$1,000.00.
- No alcohol or drug test shall be conducted without the consent of the employee, but refusal by the employee to submit to a drug screen test will be deemed an admission of violation of this policy, thus subjecting the employee to the risk of discipline, including termination.
- Any employee who tests positive for drugs or alcohol (BAC at or above 0.04) or refuses to test (as defined by 49 CFR Part 40) will be immediately removed from safety-sensitive duty and referred to a Substance Abuse Professional (SAP) in accordance with 49 CFR Part 40, Part 382 and RCW 46.25, et.al. **A violation of this policy will result in disciplinary action, up to and including termination of employment, at the company's discretion.**
- Following a BAC of 0.02 or greater, but less than 0.04, the employee will be immediately removed from safety-sensitive duties until the start of the employee's

City of Stevenson Personnel Policy

next regularly scheduled duty period, but not less than 24 hours following administration of the test.

- The City may request that a specific employee submit to a search of their person or possessions if the City has probable cause that the employee has any drugs and/or alcohol concealed in a particular place on City property.
- A medical Review Officer (MRO) shall be utilized to review and interpret positive test results. The MRO must examine alternate medical explanations for any confirmed positive test result. This action may include conducting a medical interview with the addicted employee, review of the employee's medical history and review of any other relevant biomedical factors. The MRO must review all medical records made available by the tested employee when a confirmed positive test could have resulted from legally prescribed medication.
- The City recognizes that a flexible approach will be necessary in handling violations of this policy. As a result, the measures taken in response to a particular violation will depend on a number of factors including the nature of the violation, the risks to health and safety created by the violation, the employee's willingness to take steps toward rehabilitation and the employee's length of service and employment record. **All employees should be aware that any violation, by any employee, may result in termination of employment.**
- Employees who violate this policy may be subject to progressive discipline. Normally, a first offense will result in requirement that the employee successfully complete a course of rehabilitation if such course is suggested by a counselor. An employee may be suspended during such rehabilitation depending on the facts of each case. Upon completion of a course of rehabilitation following a first offense, the employee will sign an agreement (form attached), agreeing to submit to random testing at the City's expense and on City time during the six calendar months following the employees return to work. During this period, failure to submit to the appropriate drug screen test will result in immediate termination. However, if there are mitigating circumstances and the employee has 2 yrs. of service with the City and a work record which is otherwise good, a second rehabilitation may be attempted. A third violation will result in immediate termination. See Appendix A-1 for agreement.
- Related records will be maintained by the employer as prescribed in the City's Records Retention Guidelines and file.

CIRCUMSTANCES FOR TESTING

Pre-Employment Testing

A negative pre-employment drug test result is required before an employee can first perform safety-sensitive functions (as defined by 49 CFR Part 40). If a pre-employment test is cancelled, the individual will be required to undergo another test and successfully pass with a verified negative result before performing safety-sensitive functions.

If a covered employee has not performed a safety-sensitive function for 30 or more consecutive calendar days and has not been in the random testing pool during that time,

City of Stevenson Personnel Policy

the employee must take and pass a pre-employment test before they can return to a safety-sensitive function.

A covered employee or applicant who has previously failed or refused a DOT pre-employment drug and/or alcohol test must provide proof of having successfully completed a referral, evaluation, and treatment plan meeting DOT requirements. **If the employee has a Washington State issued Driver's License, they must provide proof of reinstatement of that CDL endorsement.**

FMCSA Drug Testing Exceptions

A driver is not required to undergo a pre-employment test if:

- (1) The driver has participated in a DOT testing program within the previous 30 days; and
- (2) While participating in that program, either:
 - (i) Was drug tested within the past six months (from the date of application with the City), or
 - (ii) Participated in the random drug testing program for the previous 12 months (from the date of application with the City); and
- (3) The City can ensure that no prior employer of the driver of whom the City has knowledge has records of a violation of this part or the controlled substances use rule of another DOT agency within the previous six months.

Reasonable Suspicion Testing

All employees shall be subject to a drug and/or alcohol test when the City has reasonable suspicion to believe that the employee has used a prohibited drug and/or engaged in alcohol misuse. A reasonable suspicion referral for testing will be made by a trained supervisor or other trained company official on the basis of specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee (See Appendix A-11).

Employees may be subject to reasonable suspicion drug testing any time while on duty. Employees may be subject to reasonable suspicion alcohol testing while the employee is performing safety-sensitive functions, just before the employee is to perform safety-sensitive functions, or just after the employee has ceased performing such functions.

Post-Accident Testing

DOT FMCSA Procedures

Covered employees shall be subject to FMCSA post-accident drug and alcohol testing under the following circumstances (Also, see Appendix A-12):

Fatal Accidents

As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, and involving the loss of a

City of Stevenson Personnel Policy

human life, drug and alcohol tests will be conducted on each surviving covered employee who was performing safety-sensitive functions with respect to the vehicle.

Non-fatal Accidents

As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, and not involving the loss of a human life, an alcohol test will be conducted on each driver who receives a citation within eight (8) hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if:

- (1) The accident results in injuries requiring immediate medical treatment away from the scene; or
- (2) One or more motor vehicles incur disabling damage and must be transported away from the scene by a tow truck or other motor vehicle.

As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, and not involving the loss of a human life, a drug test will be conducted on each driver who receives a citation within thirty-two (32) hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if:

- (1) The accident results in injuries requiring immediate medical treatment away from the scene; or
- (2) One or more motor vehicles incur disabling damage and must be transported away from the scene by a tow truck or other motor vehicle.

A covered employee subject to post-accident testing must remain readily available, or it is considered a refusal to test. Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident or to prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

Random Testing

Random drug and alcohol tests are unannounced and unpredictable, and the dates for administering random tests are spread reasonably throughout the calendar year. Random testing will be conducted at all times of the day when safety-sensitive functions are performed.

Testing rates will meet or exceed the minimum annual percentage rate set each year by DOT FMCSA. The current year testing rates can be viewed online at <http://www.transportation.gov/odapc/random-testing-rates>. If a given driver is subject to random testing under the rules of more than one DOT agency, the driver will be subject to random drug and alcohol testing at the annual percentage rate established by the DOT agency regulating more than 50% of the driver's function.

City of Stevenson Personnel Policy

The selection of employees for random drug and alcohol testing will be made by a scientifically valid method, such as a random number table or a computer-based random number generator. Under the selection process used, each covered employee will have an equal chance of being tested each time selections are made.

A covered employee may only be randomly tested for alcohol misuse while the employee is performing safety-sensitive functions, just before the employee is to perform safety-sensitive functions, or just after the employee has ceased performing such functions. A covered employee may be randomly tested for prohibited drug use anytime while on duty.

Each covered employee who is notified of selection for random drug or random alcohol testing must immediately proceed to the designated testing site.

Return to Duty Testing

Any employee who is allowed to return to safety-sensitive duty after failing or refusing to submit to a drug and/or alcohol test must first be evaluated by a substance abuse professional (SAP), complete a SAP-required program of education and/or treatment, and provide a negative return-to-duty drug and/or alcohol test result. All tests will be conducted in accordance with 49 CFR Part 40, Subpart O.

Follow-up Testing

Employees returning to safety-sensitive duty following leave for substance abuse rehabilitation will be required to undergo unannounced follow-up alcohol and/or drug testing for a period of one (1) to five (5) years, as directed by the SAP. The duration of testing will be extended to account for any subsequent leaves of absence, as necessary. The type (drug and/or alcohol), number, and frequency of such follow-up testing shall be directed by the SAP. All testing will be conducted in accordance with 49 CFR Part 40, Subpart O.

Testing Procedures

All DOT FMCSA drug and alcohol testing will be conducted in accordance with 49 CFR Part 40, as amended.

Dilute Urine Specimen

If there is a negative dilute test result, the City will conduct one additional retest. The result of the second test will be the test of record.

Dilute negative results with a creatinine level greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL will require an immediate recollection (as indicated on the MRO result letter). The re-collection will be conducted under direct observation as required under 49 CFR Part 40.

Split Specimen Test

City of Stevenson Personnel Policy

In the event of a verified positive test result, or a verified adulterated or substituted result, the employee (and only the employee) can request to the MRO that the split specimen be tested at a second laboratory. The City guarantees that the split specimen test will be conducted in a timely fashion.

Test Refusals

As a covered employee, you have refused to test if you:

- (1) Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the City.
- (2) Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
- (3) Fail to attempt to provide a breath or urine specimen. An employee who does not provide a urine or breath specimen because they have left the testing site before the testing process commenced for a pre-employment test has not refused to test.
- (4) In the case of a directly-observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
- (5) Fail to provide a sufficient quantity of urine or breath without a valid medical explanation.
- (6) Fail or decline to take a second test as directed by the collector or the City for drug testing.
- (7) Fail to undergo a medical evaluation as required by the MRO or the City's Designated Employer Representative (DER).
- (8) Fail to cooperate with any part of the testing process.
- (9) Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly-observed test.
- (10) Possess or wear a prosthetic or other device used to tamper with the collection process.
- (11) Admit to the adulteration or substitution of a specimen to the collector or MRO.
- (12) Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
- (13) Fail to remain readily available following an accident.

As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

As a covered employee, if you refuse to take a drug and/or alcohol test, you incur the same consequences as testing positive and will be immediately removed from performing safety-sensitive functions, and referred to a SAP. **A violation of this policy shall result in disciplinary action that may include termination.**

City of Stevenson Personnel Policy

The Clearinghouse is a centralized database that employers will use to report drug and alcohol program violations and to check that current or prospective employees are not prohibited from performing safety-sensitive functions, such as operating a commercial motor vehicle (CMV), due to an unresolved drug and alcohol program violation—that is, a violation for which the driver has not completed the return-to-duty (RTD) process. This query must be conducted as part of a pre-employment driver investigation, and at least annually for current employees. The driver's commercial driver's license (CDL) number and issuing State will be used when reporting a drug and alcohol program violation in the Clearinghouse.

The Clearinghouse will contain records of violations of drug and alcohol prohibitions in 49 CFR Part 382, Subpart B, including positive drug or alcohol test results and test refusals. When a driver completes the return-to-duty (RTD) process and follow-up testing plan, this information will also be recorded in the Clearinghouse.

Drivers are not required to register for the Clearinghouse. However, a driver will need to be registered to provide electronic consent in the Clearinghouse if a prospective or current employer needs to conduct a full query of the driver's record. A driver must also be registered to electronically view the information in the driver's own Clearinghouse record.

Any covered employee refusing to provide consent (See Appendix A-13) for the company to conduct a limited query of the Clearinghouse will be prohibited from performing safety-sensitive functions, including driving a commercial motor vehicle (CMV), as required by FMCSA drug and alcohol program regulations.

TRAINING

- The City will ensure that all employees will receive material explaining the City's policy on alcohol and drug use and misuse.
- All supervisors must receive training on alcohol misuse and drug abuse within the first year of employment with the City. Training must address skills needed to determine "reasonable suspicion".

CONFIDENTIALITY

Confidentiality is to be maintained throughout the drug/alcohol testing process. All positive test results shall be first forwarded to a Medical Review officer (MRO) for review. The MRO shall review the individual medical history and afford the employee an opportunity to offer any clarifying information that would explain the positive test. The City will maintain results in the strictest of confidence in a medical file separate from the official personnel file. In cases where disciplinary action results from a positive test, such information shall be shared only with those in a supervisory capacity involved in that action. The City of Stevenson will carry out this policy in a manner which respects the dignity and confidentiality of those involved.

VOLUNTARY SELF-REFERRAL

City of Stevenson Personnel Policy

Any employee who has a drug and/or alcohol abuse problem and has not been selected for reasonable suspicion, random or post-accident testing or has not refused a drug or alcohol test may voluntarily refer themselves to the City Administrator, who will refer the individual to a substance abuse counselor for evaluation and treatment. **A self-referral is not a violation of this policy and will not, in itself, be grounds for termination.**

The substance abuse counselor will evaluate the employee and make a specific recommendation regarding the appropriate treatment. Employees are encouraged to voluntarily seek professional substance abuse assistance before any substance use or dependence affects job performance.

Any safety-sensitive employee who admits to a drug and/or alcohol problem will immediately be removed from the employee's safety-sensitive function until successful completion of a prescribed rehabilitation program. Prior to participating in a safety-sensitive function, the employee must also undergo a DOT return-to-duty drug test with a verified negative result and/or a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02.

CHAPTER 10: DISCIPLINE & TERMINATIONS

10.1 ACTIONS SUBJECT TO DISCIPLINARY ACTION

Our success in providing excellent service to our citizens and maintaining good relationships with the community depends on our employees. 9. Failure to properly secure the City facilities or property.
10. Loitering after completing day's work which results in the disruption of the City's business or the work effort of other employees.
11. Vending, soliciting, or collecting contributions for any purpose whatsoever during working time on the premises without the permission of the supervisor.

13. Unauthorized recording of another employee's time record. Both employees can be subject to disciplinary action.
14. Habitual lateness for work.
15. Absence without prior notification to immediate supervisor, excessive absenteeism, or insufficient reasons for absenteeism.
16. Loitering, goofing off, failing to assist others in a work situation.

28. Failure to obtain necessary certifications.
29. Dishonesty or theft, including deliberate destruction, damage, or removal of the city's or other's property from the premises, or any job site.
30. Possession, use, sale, or being under the influence of alcohol and controlled substances while on the city business (including standby duty). The only exception to this rule shall be for an employee using or possessing a controlled substance prescribed by a doctor if such employee has given their supervisor prior notice of such use and/or efficient work performance.
31. Possession of explosives or weapons on the premises or at any job site.
32. Conviction of a gross misdemeanor or felony.

10.2 POSSIBLE DISCIPLINARY ACTIONS

In the event that discipline is necessary, the following types of disciplinary actions may be used, depending on the particular situation:

1. Oral Warning.
2. Written Reprimand.
3. Suspension
4. Demotion.
5. Termination.

Progressive discipline is the preferred alternative when appropriate. This system gives the employee an opportunity to correct problems. The choice of what discipline to apply in any particular case is solely the City's. Employees who are exempt from overtime laws will not be suspended without pay for disciplinary purposes for periods less than a full workweek, unless the infraction involves violation of safety rules of major significance. Serious misconduct may result in immediate discharge of any employee.

Employees shall comply with all existing rules that are not in conflict with the express terms of this policy, provided that reasonable notice has been given of the existence of the rule. Any unresolved complaint as to the reasonableness of any new or existing rule, or any complaint involving discrimination in the application of new or existing rules shall be resolved through the complaint procedure. The City will make a good faith effort to enforce rules uniformly. (Supervisors reference [Appendix A-2](#) for guidelines.)

10.3 PRE-TERMINATION HEARING

In the case of termination or demotion of an employee (other than trial employees), the city will conduct a pre-termination or pre-demotion hearing. The pre-termination or pre-demotion hearing serves as a check against mistaken decisions and as an opportunity for an employee to furnish additional facts before a termination or demotion decision is

City of Stevenson Personnel Policy

finalized. Thorough investigation is critical to comply with all constitutional safeguards and rules of just cause.

In the event a supervisor desires to terminate an employee, the employee shall be provided with a written notice of the recommendation for termination. The notice shall include an explanation for the charges on which the recommendation is based, and the time, place and date for a pre-termination hearing. If the employee fails or refuses to appear, the termination may proceed.

Pre-termination hearings will be presided over by the Mayor or a designated representative. The hearings are intended to be informal. The employee may show cause why they should not be terminated. The employee may bring one person to the hearing as a representative.

Usually within two (2) working days after the pre-termination hearing, the Mayor will issue a decision on whether there are reasonable grounds to believe the charges against the employee are true and support termination. A longer review period may be required in more complex situations.

10.4 LAYOFF

The Mayor may lay off employees for lack of work, budgetary restrictions, reorganization or other changes that have taken place.

Temporary employees or employees who have not completed their trial period will be laid off before regular employees are affected. In determining who is to be laid off, consideration will usually be given to individual performance and the qualifications required for remaining jobs. Seniority will be considered when performance and qualifications are equal, as determined by the City. Employees who are laid off may be eligible to be re-employed, if a vacancy occurs in a position for which they are qualified.

10.5 RESIGNATION OR RETIREMENT

An employee should provide at least 2 weeks written notice of resignation or retirement. This time limit may be waived by the employee's supervisor or the Mayor. A Separation Agreement will be signed upon departure from City employment ([Appendix A-3](#)).

City of Stevenson Personnel Policy

CHAPTER 11: COMPLAINT PROCEDURES

11.1 COMPLAINT PROCEDURES

The City recognizes that sometimes situations arise in which employees feel that they have not been treated fairly or in accordance with City policies. The complaint could be a dispute or misunderstanding between the employee and the employee's direct supervisor concerning the application or interpretation of specific provisions of this policy. For this reason, the City provides its employees with procedures for resolving complaints. Use of this procedure will not reflect unfavorably on the employee or the employee's immediate supervisor.

Step 1: Employees should first try to resolve any problem or complaint with their supervisor.

Step 2: If the employee is not satisfied with the response from the supervisor, the employee may submit the problem, in writing, to the Mayor or City Administrator. The written complaint must contain, at a minimum:

1. A description of the problem, identifying the facts and identity of involved parties;
2. A specific policy or procedure which the employee believes has been violated or misapplied;
3. The date of the circumstances leading to the complaint or the date when the employee first became aware of those circumstances;
4. The remedy sought by the employee to resolve the complaint.
5. The date the written complaint was submitted.

The written complaint must be filed within 10 working days of the occurrence leading to the complaint, or 10 working days after the employee becomes aware of the circumstances.

As a part of the inquiry or investigation, the Mayor or City Administrator may meet with the parties, either individually or together to compile the facts necessary to reach a decision. The Mayor or City Administrator will usually respond in writing to the aggrieved employee within ten working days of the meeting. The Mayor's or City Administrator's response and decision shall be final and binding.

Under no circumstances shall an employee have the right to utilize both this process and any other complaint or appeal procedure that may be available to an employee.

SUPERVISOR GUIDES

To ensure consistency, supervisors should be familiar with the City's workplace expectations before issuing any discipline. If there are any questions, consult with the City Administrator and/or Mayor. Suspensions, demotions and terminations can only be determined by the City Administrator and/or Mayor.

Oral Warnings

- Talk to the employee in private.
- Oral warnings are appropriate for relatively minor infractions where the employee will have an opportunity to correct the condition.
- Supervisor should file a written, dated notation that an oral warning was given with a reference to subject matter.

Written Reprimand

- Supervisor should issue a written reprimand when an employee has disregarded an oral warning or if the infraction severity warrants a written reprimand.
- The supervisor should describe in writing the nature of the infraction in detail and the supervisor should sign and date the reprimand.
- Prior to meeting with the employee, the supervisor should discuss the warning notice with his/her supervisor.
- The supervisor should then meet with the employee to be certain the employee understands the nature of the reprimand. The employee should receive a copy.
- The written reprimand should be filed with the employee's personnel file.

Suspension

- This form of discipline is administered as a result of a severe infraction or for excessive violations after a written reprimand. Suspension should not be considered without first discussing the issues with the Administrator and /or Mayor.
- The supervisor shall set forth in writing all facts for the reason for the Notice of Suspension and the duration of the suspension. A copy will be filed with the employee's personnel file and given to the employee.
- The supervisor should demonstrate that a thorough investigation is completed with both sides of the facts being objectively investigated.
- The supervisor shall meet with the employee and give the employee an opportunity to respond. If major issues are raised, the City may investigate further before confirming intent.

Demotion

- This form of discipline is rare – used in instances when an employee has been promoted to a position to which they are unable to perform the responsibility or in instances when a City is reducing its force and laying staff off.
- See terminations.

Terminations

- Prior to a supervisor taking any actions on discharge of an employee, the supervisor must discuss his/her recommendation for discharge with the Administrator and/or Mayor.
- A thorough investigation is critical. All facts should be reviewed objectively. Review the personnel file to determine if there is a pattern of behavior. Get witness statements.
- Review the issues for justification of the discharge. Follow rules of just cause. Were all procedural protections applied?
- If paid suspension is needed to complete an investigation, use it.
- Document.
- Provide the employee a hearing where the employee will have an opportunity to explain before final action.
- Follow Loudermill guidelines.

Appendix # A-4:

CELL PHONE POLICY

PURPOSE

The purpose of this policy is to provide cell phone use guidelines. This policy enables the City of Stevenson to meet its fiduciary responsibility to the taxpayers. It is recognized that the day-to-day operations of the workforce require voice and data communications and there is often a need to communicate when access to a regular telephone or computer is unavailable. Cell phones are a valuable resource for certain personnel in order to conduct City business in an effective and timely manner.

DEFINITIONS

Employee—A person employed by the City, does not include an independent contractor.

City Business—Official City business is business that relates directly to a person's work function and benefits the City.

Cell Phone—Cellular telephones including smart phones: any device that is used, by any measure, to send or receive wireless voice or data transmissions including text messaging.

POLICY

This policy shall apply to all City employees.

1. The City recognizes that cell phones are an important and necessary tool for certain employees to perform their job duties. For this purpose, the City will provide a cell phone.
2. The City Administrator will determine which employees require a cell phone by considering the individual job duties and related wireless communications needs. The Purchasing Officer will procure the most cost-effective cell phone and plan. State contracts, pooling of minutes, and free phone offers are examples of the methods that will be used to establish the most cost-effective alternative for cell phones and plans.
3. The use of a cell phone, whether owned by the employee or the City, creates data that is stored on the devices, including, without limitation, e-mails, text messages, communication logs (such as records of the numbers called and received). When the cell phone is used for City business that record is, in nearly every case, a public record, subject to possible disclosure under the Public Records Act. It is the employee's responsibility to ensure that all cell phone data related to City business is retained consistent with this policy and all City rules, regulations, policies and procedures.
4. All communications created or received using a City cell phone and all data stored on the devices is the property of the City. Employees have no personal or property right

City of Stevenson Personnel Policy

in these communications and data and no expectation of privacy with regard to their use of City communication devices. Furthermore, the City reserves the right to access and monitor any and all communications created or received using a City-owned cell phone, any record of such communications and all data stored on City cell phones, including, without limitation, e-mails, text messages, communication logs (such as records of the numbers called and received) to ensure that all use of a City cell phone is consistent with this policy and all City rules, regulations, policies and procedures.

PROCEDURE

1. Determination of Cell Phone Eligibility

- a. Eligibility is based on the need for frequent use of a cell phone, such as an employee who needs to be frequently available for emergency contact, and whose duties require him/her to be quickly contacted, anywhere, anytime as determined by the City Administrator.
- b. Employees leaving City employment must turn in City-owned cell phones as part of their termination process. Employees transferring or promoting within the City must re-establish their eligibility in their new position.

2. Determination of Phone or Plan

- a. The City Administrator is responsible for projecting business use, and for communicating this estimate to the Purchasing Officer. The Purchasing Officer is responsible for purchasing City-owned cell phones and establishing plans with providers that best meet the City's business needs at the lowest cost.

3. Use of Cell Phone

- a. Except for incidental personal use, City-owned cell phones shall be used for business purposes only. Incidental personal use is defined as use that is infrequent and insubstantial. Incidental personal use phone calls shall be made at times that do not adversely affect the performance of official duties and are brief in duration and frequency. Whenever possible, incidental personal calls shall be made during breaks. Use of a City-owned cell phone for non-City business, or more than incidental personal use, will result in the entire cost of the phone and plan to be added to the employee's taxable wages as a taxable fringe benefit.
- b. Employees are prohibited from Speaking or listening or sending, reading, or writing text message to a cell phone while driving except as authorized by applicable laws

City of Stevenson Personnel Policy

c. Employees who are charged with traffic violations resulting from the use of their cell phone while driving will be solely responsible for all associated liabilities.

Inadvertent disclosure or dissemination of the communication could waive the attorney-client privilege.

5.4.2 Requests for Copies of Voice Mail Information

Request for voice mail messages or records will be treated like any other "public record" in the possession of the City. Voice mail contents may be subject to subpoena in legal matters. The department and/or user cannot destroy or erase "public records" except as allowed in RCW Chapter 40.14. Deleting voice mail messages from the telephone system does not guarantee it has been erased. Employees should use good judgment when creating voice mail messages and always assume that it is discoverable. The City reserves the right to retrieve and/or review voice mail messages to monitor or prevent misuse of the system, to measure employee responsiveness, or during the investigations of improper or illegal activities.

5.4.3 Retention of Voice Mail Messages

Each user is responsible to maintain "public records" as required by law. Any messages that may be needed shall be copied or moved to another storage location. Voice mail messages that contain information that could be considered "public records" under RCW Chapter 42.17, shall be saved to a computer disk and retained as a word processing document.

5.4.4 Inappropriate Voice Mail Message Content

City voice mail users will refrain from leaving messages which violate federal or State laws and/or City Personnel Policies and/or resolutions. These shall include but not be limited to those that constitute; discrimination, sexual, racial, religious harassment, slander and/or defamation towards any individual, corporation, agency or organization and disparagement of any trade or product. City employees shall refrain from leaving any message containing obscene, pornographic or profane information of any kind including jokes. Generally, the same policies of appropriate behavior apply in voice mail usage, as apply in the workplace.

5.5 Solicitations

Employees shall refrain from any type of postings, whether on a Web site, to a news group, via Email, or Voice Mail which constitutes a solicitation of any type (i.e. religious, political, personal gain, or in support of illegal activities.)

5.6 Advertising

Employees shall refrain from any type of postings, whether on a Web site, to a news group, via Email or Voice Mail, which may enter the realm of commercial advertising. When government supplies legislative or other public interest information on the Internet, there is little danger of advertising liability arising from the posting.

5.7 Campaigning

Employees must make certain that information provided about elected officials does not cross the line into campaign advertising. LAN, WAN, Internet and telephone system access are established with taxpayer money and there is a risk of violation of laws when elected officials become the centerpiece of information.

5.8 Personal Security

City of Stevenson Personnel Policy

Employees should keep personal log-ons and passwords confidential and change passwords on a regular basis as needed. Failure to adhere to this policy jeopardizes network security and puts users at risk of potential misuse of the system by other individuals. Network users may be held responsible for all actions taken using their personal network access permissions.

5.9 Limitations on Entry into the City Computer Network

5.9.1 Access to Internet and/or Email Services

Access to Internet and/or Email Services will be coordinated through the City Administrator. This includes the use of independent dial-up Internet Service Providers (ISP's) and dial-up Email services.

5.9.2 Access to Information on the City's Computer Network

Access to information contained on the City's computer network shall be based on a need to know and a determination from the appropriate department head.

5.9.3 Access to Information on Personal Computer Hard Drives

Information stored on the hard drive of a computer may contain discloseable information, it may contain exempt information, it may contain NON-GOVERNMENTAL information, and it may also contain personal information of the person who is assigned the computer for his or her use (similar to the contents of a desk drawer). Therefore, access to or operation of City computers by persons who are not employees, quasi-employees, authorized volunteers or contractors of the City should not be permitted due to the inability to segregate the information.

5.9.4 Data Sharing By and Between Employees

In general City employees may have access into such network-stored data in various departments and servers as are relevant to their jobs. If granted, such access should be coupled with an admonition that the material obtained might be exempt from public inspection and caution should be exercised in order to not violate the rights of privacy of private citizens or create a liability for the disclosure of exempt information and a violation of privacy.

5.9.5 Access Levels

Levels of access by executive and management employees should be determined by employment status and the need to know.

All users must submit a completed Internet Usage Agreement to their department head who will assign access levels.

5.10 World Wide Web

5.10.1 Internet Access

Permission for employees to access the World Wide Web (WWW) resources will be dependent on approval from elected officials or department heads.

5.10.1.1 Internet Access Audit Logs

The Department Head may revoke permission to access specific sites. Access times may be restricted due to bandwidth congestion and/or misuse of system resources.

5.10.2 News Groups

When posting to news groups, City employees will use a disclaimer, such as - "these opinions are mine and not necessarily those of the City". Users shall abide by all other policies of appropriate behavior and usage discussed in this policy.

5.11 Copyrights, Trademarks, Patents and Authorship

5.11.1 Conservative and Cautious Approach to Copyrights, etc.

City of Stevenson Personnel Policy

City employees should take a conservative and cautious approach when dealing with materials that may be copyrighted. In general, if an employee is not sure if materials are copyrighted, they should not be used without permission in writing from the author.

The City will comply with Federal software licensing and copyright law.

Copies are to be made with the copyright holder's permission.

Unauthorized copying of software will be cause for disciplinary action. The City will not defend employees for willful misuse of copyrighted software.

Employee owned software must be accompanied by a valid license as evidence of ownership.

5.11.2 Trademarks, Patents and Authorship

Trademark violations can occur when governments publish materials online, and knowingly or unknowingly attach to a publication, or omit from the publication, a registered trademark. Employees publishing materials online will respect trademarks and obtain the appropriate authorizations before publishing the materials.

5.12 Public Meetings Regulations Open

RCW 42.30 addresses regulations concerning public and private meetings. Email or voice mail initiated by a Council person and directed to any other Council person, relating to the conduct of City government, is subject to the Open Public Meetings Act. The City should therefore be cautious in the use of Email and voice mail communication in order to not violate these regulations.

5.13 Public Disclosure of Electronic Data and Voice Mail, RCW 42.17

5.13.1 Email (electronic communication from one computer to another or to others) and Voice Mail

Each person and department using Email or voice mail should be familiar with the Public Disclosure Act and the definition of "public records."

When information is initiated by a City employee it is NOT SUBJECT TO DISCLOSURE if

- (i) it is of a private nature (non-governmental); or
- (ii) it is within the exemptions from public inspection.

Otherwise, it is subject to public inspection at reasonable times, but not by computer operation by other than City employees or contractors. Preferably, disclosure should be provided by printed document; if by diskette or visual examination of screen, care must be exercised to delete exempt data from disclosure.

5.13.2 Other Data

The same rules of disclosure apply to Email and voice mail as to written or printed information. The public's right to inspect and copy remains the same. Because of financial restraints and to protect public records from destruction, requesters of public records should not have access to electronic information. Instead, a City representative should print out a hard copy of the requested information. The public should not be permitted to operate City computers for three reasons:

- 1) Data could be inadvertently erased or destroyed;
- 2) Certain excepted or exempt documents, including personal or confidential material, could inadvertently be disclosed; and

City of Stevenson Personnel Policy

- 3) Limited resources do not allow us to provide the equipment necessary to permit citizens' access to this information.

Section 6 - Procedures:

6.1 Enforcement of This Policy (Right to Administer or Revoke Use).

Failure of City employees to adhere to this policy may result in restriction or revocation of access and/or disciplinary action. The City Administrator, Mayor or their designee may access data under an employee's control without the consent of the individual employee when necessary for normal business functions or when the Administrator becomes aware of possible inappropriate Internet use.

The Administrator will investigate the site(s) and/or system(s) and call upon the user to determine how the site is business related. If the Administrator concludes that the site is inappropriate the offense will be logged in the individual's file and a memo forwarded to the employee detailing the offense and potential consequences.

6.1.1 Access Limitation or Revocation

With concurrence of the Mayor, City Administrator or Department Head, employees who are found to have violated this Policy may be subject to the following:

- 1) Internet and Email access may be revoked.
- 2) Access times may be restricted.
- 3) Disciplinary action.

6.1.2 Disciplinary Action

Substantial or repeated abuse of the provisions outlined in this policy may be deemed sufficient justification for immediate discharge.

Section 7 - Responsibilities:

7.1 Compliance with City Policies

All Department Supervisors, Department Heads and Elected Officials are responsible for ensuring compliance with federal laws and regulations, RCW'S, WAC'S, City Ordinances, resolutions and policies. Employees (excluding Elected Officials) may be disciplined in accordance to the City Personnel Policy and/or applicable union contract for failure to follow this Policy.

Driver Evaluation Matrix

The purpose of the Driver Evaluation Matrix is to determine eligibility for an employee when driving is a function of the job.

ONCE ADR IS RECEIVED:

1. Review the driver's Abstract of Driving Record (ADR) using the Driver Evaluation Matrix shown below.
2. Determine whether driving record is clear, acceptable, borderline or poor.

THINGS TO KEEP IN MIND:

1. Past driving records are highly predictive of future performance as a safe, dependable driver and statistically, there is a high correlation between recent driving history and future accident frequency. A driver, who had four moving violations, more than three years ago, may be a better risk than a driver who has two violations within the last 12 months. However, do not base any hiring, promotion, or transfer decisions solely on this one factor. Persons with borderline ADRs can be advised of their status and coached to improve.
2. Consider the applicability of the individual's past violations to the job the applicant or employee will perform.
3. Review the details of the violations listed on the ADR with the applicant/employee to determine if any extenuating circumstances exist regarding the violation.
4. Accidents listed on ADRs are coded with a two-digit number (e.g. 01-CAR, 02-CAR) that indicates the number of vehicles involved in the particular accident. This number is NOT an indication the driver was or was not at fault.
5. Most convictions and violations are kept on an ADR for five years from the date of conviction or adjudication. Departmental actions, such as, suspensions, revocations, or disqualifications are kept on an ADR for ten years from final release date. Certain violations appear on an ADR in perpetuity, such as alcohol-related convictions, vehicular assault and vehicular homicide convictions and deferred prosecutions.

Under Washington State law, employers are not allowed to consider violations that occurred more than ten years ago, unless the position involves law enforcement, school districts, or the direct responsibility for children, mentally ill, developmentally delayed, or vulnerable adults. Federal law imposes no similar date restriction but requires employers to take into account the age of the violation, the nature of the violation, and the relationship of the violation to the job.

City of Stevenson Personnel Policy

Authorized drivers should only be allowed to operate a vehicle on behalf of the City if their driving record demonstrates they will be a safe driver. Those possessing an invalid or suspended license are not eligible to operate a vehicle, for the City under any circumstances.

Moving Violations	# of Accidents (at-fault)			
	0	1	2	3+
0	CLEAR	A	A	B
1	A	A	B	P
2	A	B	P	P
3+	B	P	P	P
Major	P	P	P	P

A = Acceptable: Those with none or fewer than three points.

B = Borderline: Management should give consideration prior to placing or maintaining this individual in a driving position and may want to provide additional training or other requirements.

P = Poor: Management should give serious consideration to not placing or maintaining this individual in a driving position.

Major Violations include:

- DUI – Driving under the influence of drugs or alcohol
- Negligent homicide in the use of a motor vehicle
- Using a motor vehicle for the commission of a felony
- Operating a vehicle without a valid unsuspended license
- Aggravated assault with a motor vehicle
- Grand theft of a motor vehicle
- Reckless driving or speed contest/racing
- Hit and run (bodily injury and/or property damage)

Moving Violations include violations other than Major Violations. These consist of speeding and other moving traffic infractions. See WAC 308-104-160. Traffic photo enforcement and parking tickets do not appear on driving records as Moving Violations. If multiple citations are issued on the same day, they will be counted as a single violation.
